The General Practice, Solo & Small Firm Division's Committee Audio Programs (Brown Bag Sessions) are short, informal educational events on timely GPSolo topics organized by committees and held entirely by teleconference as an ABA member benefit at no additional cost. They normally last one hour and are held during lunch hours. Due to the informal nature of the programs, and the fact that accompanying written materials may not always be prepared and distributed, the Division does not offer continuing legal education credits for these programs.

Recordings of this program and others will be posted on the GPSolo Division's website after each session. Please visit [http://www.americanbar.org/groups/gpsolo/events\\_cle/brown\\_bag\\_sessions.html](http://www.americanbar.org/groups/gpsolo/events_cle/brown_bag_sessions.html)
