Many programs and opportunities have been developed to introduce law students to various careers. "Why Antitrust?" is one such program designed as an outreach to law students. Students have the chance to meet and listen to experienced antitrust practitioners discuss the realities of practicing antitrust law. They can also learn about potential career opportunities in government, private practice and in-house corporate positions.

Don't miss this fantastic opportunity! The focus of this session will be on externship opportunities for students interested in antitrust and consumer protection.
