The Ethics and Compliance Committee and the YLD-Antitrust Law Committee are pleased to present “Antitrust Compliance Programs From Start To Finish.” This program will be presented as a teleconference.

With antitrust enforcement on the rise, an uptick of criminal investigations and indictments, and ever-increasing client demands in the civil non-merger and merger context, the need for effective antitrust compliance policies has never been more evident. This program, designed for young lawyers, will: (1) walk through the basics of drafting and implementing a corporate antitrust compliance policy; (2) discuss best practices for antitrust compliance policies and training; and (3) provide practical tips on what to do if anticompetitive activity surfaces as a result of the new compliance program/training.

We hope you will join us on **October 25, 2011**. Registration information is below.
