

ORGANIZATION

(95-1762)

Committee on Trade and Development
Second Session
5 July 1995

CREDIT AND RECOGNITION FOR AUTONOMOUS LIBERALIZATION MEASURES

Note by the Secretariat

Corrigendum

Page 5, paragraph 12, first sentence should read: "In the discussions held in the GATT Committee on Trade and Development during 1991, developing countries indicated that receiving credit and recognition for liberalization measures would help them in resisting domestic pressure not to liberalize trade, and would be an incentive for the continuation of such policies."
