

JIOP LOCATION INFORMATION

Be as specific as possible when listing location information on your application. Rank your locations in order of preference. Use the attached map for assistance in the Illinois Circuit Courts. Only list locations where you are able to intern for the summer. You will be sent to judges in any location you select. If you list a location it will be assumed that you will accept any offer made for that location. Students receiving a judicial offer have 24 hours to accept or decline that offer. If a student declines an offer, they will be removed from the program unless there are extenuating circumstances. Please remember that certain locations are more competitive than others.
