

The New Mandatory Insurance Reporting Requirements: What You Need to Know

WEDNESDAY, May 20, 2009 • 1:00 P.M. - 2:30 P.M. EDT

A 90-MINUTE TELECONFERENCE

Program Description:

This is a can't miss seminar if your practice involves the handling of workers' compensation, liability (including self-insurance) and no-fault cases. The new Mandatory Insurance Reporting (MIR) guidelines as set forth in Section 111 of the Medicare, Medicaid and SCHIP Extension Act (MMSEA) of 2007 become effective July 1, 2009, for all primary payers except for group health plans for which the effective date was January 1, 2009. The penalty for non-compliance is steep: \$1000 per day, per claim. In anticipation of the rapidly approaching effective date, The Center for Medicare and Medicaid Services (CMS) has made repeated substantive changes to many key aspects of its proposed MIR guidelines. This teleconference is designed to provide a "section by section" survey of CMS' most current MIR releases.

Presentation Overview:

- 1) A general description and overview of the new MIR requirements
- 2) A general description of the changes and modifications made by CMS
- 3) A summary of CMS' various requirements regarding file submission and reporting, including RRE registration, IT/Technical Requirements and Determining Medicare Entitlement Status
- 4) An outline of CMS' guidelines regarding who is the Responsible Reporting Entity (RRE), General Rules for Use of Agents, What Triggers Reporting, Inactive & "Closed" Files and Claims Pre-dating 12/05/80
- 5) Discussion of key aspects of CMS' NGHP User Guide and related MIR directives
