

WOMEN'S CAUCUS

SUNDAY, AUGUST 8, 2010, 2:00 P.M. – 4:00 P.M.

**SAN FRANCISCO MARRIOTT MARQUIS,
BALLROOM SALONS 3/4, LOWER B2 LEVEL**

The Women's Caucus is open to all women and men in the legal profession interested in advancing the rights and opportunities of women in the legal profession.

We have a packed agenda, which includes an exciting special program, *Navigating the ABA*.

Navigating the ABA

The ABA's entities and procedures can appear byzantine and impenetrable – to old and new members alike. A group of women representing sections, the House of Delegates, and other leadership posts will share their experiences and observations on how to get where you want to go in the ABA – and how to have some fun and meet some terrific people along the way. This program is designed to be informal and interactive, so bring your thoughts and your questions.

The caucus is the perfect opportunity to:

- Meet other ABA members and network with colleagues;
- Examine issues being addressed by the ABA that are of interest to and affect women;
- Discuss issues of concern to women lawyers;
- Find paths to leadership and mentors in the ABA;
- Announce ABA candidacies, and meet with declared ABA candidates; and
- Learn more about Commission on Women activities and programs, and increase your involvement with the Commission.

Please join us at the August Women's Caucus, and share your ideas and information about these and other issues. Invite your friends and colleagues to participate. Your continued interest and support are crucial factors in our continuing pursuit for equality in the legal profession.

These include such topics as: diversity fatigue, creating an inclusive workplace culture, implicit bias, and diversity as a journey—not a destination. The panel will also lead a discussion on how leadership commitment to diversity and inclusion can affect these issues and lead to sustainable results. During the second part of the program, ABA and bar leaders are invited to share their ideas on how they plan to implement the report's recommendations.
