Chapter 1
Changes to the Patent Laws 1
Richard Brandon and Sean D. Solberg

I. Filing Patent Applications Naming University Assignees as the “Applicant” 2
   A. Summary 2
   B. Declarations and Assignee-Applicants before the AIA 2
   C. AIA: Inventor Declarations Are Still Required 3
   D. Other Procedural Differences Relating to Declarations under the AIA 5
   E. Summary of AIA Declaration Changes 6
   F. Broadened Ability under AIA for Assignee Filing as “Applicant” 6
   G. Advantages of Filing as an Assignee-Applicant 7
   H. Traps for the Unwary University 8

II. USPTO Fee Savings for Universities Filing under Micro Entity Status Created by AIA 9
   A. Summary 9
   B. Small Entity Status 10
   C. Qualifying for Micro Entity Status 10
   D. Fee Savings over the Course of Prosecution Can Be Significant 11
Micro Entity Status Requires Continual Review of Whether Small Entity Status Remains 12
F. Traps for the Unwary University 12

III. Effects of AIA on Joint Development Involving Universities and Third Parties 13
A. Summary 14
B. CREATE before AIA 14
C. AIA Eliminated the Offending Provisions but Introduced Another Issue 15
D. Disadvantages of AIA’s CREATE-Like Exemption 17
E. Traps for the Unwary University 18

IV. Derivation 20
A. Summary 20
B. Pre-AIA Interference Proceeding 20
C. Derivation Proceeding under the AIA 21
D. Comparison of Derivation and Interference Proceedings 23
E. Advice for Universities 24

V. New Grace Period 25
A. Summary 25
B. Pre-AIA Grace Period 26
C. New Limited Grace Period 26
D. Protection against Intervening Third-Party Disclosures 28
E. Implications for Universities 30
F. Advice for Universities 31

VI. Conclusion 32

Chapter 2
Managing Patent Prosecution 33
John Ritter and Sean D. Solberg
I. Worldwide Strategy: Generally 34
A. Survey Results 36
B. Advice for Universities 38
II. Worldwide Strategy: Patent Prosecution Highway 38
A. Survey Results 39
B. Summary 39
C. Original PPH 40
D. PPH 2.0 40
E. PCT-PPH 43
F. Global PPH and IP5 PPH 47
## Chapter 3

**Post-grant Proceedings under AIA**

Jason T. Nickla and Emily Harris

III. Myriad and Prometheus Rulings Applied: PerkinElmer, Inc. v. Intema, Ltd. 90
IV. USPTO Guidelines 94
V. Conclusion 96

Chapter 5
Patenting Software 101
Eric W. Guttag
I. Early Cases 102
II. The Important “Takeaways” from the Supreme Court Decision in Bilski 104
III. Federal Circuit Views in the Post-Bilski to Pre–CLS Bank International En Banc Period 107
IV. What Do the Opinions in the CLS Bank International En Banc Decision Mean, and Do the Ultramercial Remand Decision and the Accenture Global Services Decision Provide Any Clarification? 112
V. What Rules of Thumb Can Now Be Gleaned for Patenting Software? 118

Chapter 6
Stanford v. Roche, the CREATE Act, and the AIA 123
Gregory C. Brown
I. University Assertion of Ownership 125
II. AIA Execution of Assignments 138
III. CREATE Act, Joint Inventorship, and Assignments 139
IV. Conclusion 142

Chapter 7
Maximizing Value of Joint Inventions through Management Agreements, Patent Pooling, and Bundling Strategies 145
Stephanie Adamany
I. Management of Joint Inventions 146
   A. U.S. Patent Law Governing Patent Ownership and Joint Inventions 146
   B. Planning for and Managing Joint Inventions 147
II. Optimizing Management of Inventions through Patent Pooling and Bundling 149
A. A Brief History of Patent Pools and Anticompetitive Considerations
   149
B. Recent History of Patent Pools and the U.S. Department of Justice
   151
C. Licensing to Third-Party Licensing Organizations
   152
D. Other Options for Combining Patents to Increase Commercialization through Licensing
   154

III. Conclusion
    155

Chapter 8
University Patent Enforcement
Jacob H. Rooksby

I. Background on Patent Litigation
   157
II. Common Issues for Universities Involving Patent Infringement Disputes
    A. Avoiding Invoking Declaratory Judgment Jurisdiction
       161
    B. Standing to Sue and the “All Substantial Rights” Inquiry
       163
    C. The Role of Faculty Inventors
       166
    D. Agreements with Licensees Regarding Litigation
       167
    E. The Opportunities and Costs for Universities Pursuing Patent Enforcement as a Technology Transfer Strategy
       168

III. Planning for the Future: What University Technology Managers and Their Counsel Can Do
    171
IV. Conclusion
    173

Chapter 9
Essential Aspects for Licensing of Federally Supported Subject Inventions
Paul Elihu Stern and Elizabeth D. Rodriguez

I. Scope
   177
   A. License Grant
      178
   B. Exclusive or Nonexclusive
      178
   C. Affiliates
      179
   D. Field and Territory
      179
   E. Additional Licensed Rights
      180
   F. Sublicense Rights
      181
   G. Diligence Obligations
      182
   H. License Fees
      184
   I. Retained Rights
      187
   J. Improvements
      187
II. Indemnification, Insurance, and Disclaimers 189
   A. Patent Prosecution and Enforcement 191
   B. Template Agreements 195
III. Conclusion 196

Chapter 10
Biotech Licensing 197
Robert MacWright
I. Components of Licensed Technologies 198
   A. Licensed Know-How 199
   B. Biological Materials 200
   C. Derived Products 201
   D. Licensed Services 201
II. Sublicenses 204
   A. Supporting Rights 204
   B. “Sublicense” Defined 206
   C. Premium on Equity 208
   D. Noncash Revenues 208
   E. Sublicensing Revenue 209
   F. Sliding Scale for Sharing Sublicensing Revenues 209
III. Termination of License 211
   A. Access to Regulatory Filings and Supporting Rights 212
   B. Effect of Termination on Sublicenses 213
   C. Performance Milestone Anxiety 214
   D. Managing Patent Validity Challenges by Performing Licensees 215
IV. Anticipating Common Misadventures 217
   A. Royalty “Stacking” 217
   B. Undeveloped Indications 217
   C. Patent Term Extension 219
V. Conclusion 220

Chapter 11
The Other Intellectual Property 221
Charles C. Valauskas
I. Rationale for Emphasis on Patents 221
II. Trade Secrets/Know-how 222
III. Copyright 225
IV. Trademark 227
Chapter 12
Approaches to Managing Patent Filing Costs

Anne Craig and Wesley D. Blakeslee

I. Models for Fee Arrangements for Patent Filings
   A. Assessing Current Law Firm Service Profile
   B. Some Questions to Ask
      1. Scientific Expertise
      2. Patent Experience Level of Team
      3. Customer Service
      4. Commitment to Managing Costs
      5. Administrative Ease
   C. Getting Your Own House in Order
   D. Setting the Stage for Performance Standards
   E. Engaging Only Excellent Firms
   F. Alternative Fee Arrangements
   G. The Classic Billable Hour
   H. Discounted Fee Structures
   I. Fixed-Fee and Flat-Rate Billing
   J. Using Small Law Firms
   K. Becoming the Dominant Client of a Firm
   L. Summary

II. Building an Internal Patent Counsel Office
   A. Things to Consider
   B. Creating an Internal Patent Counsel Group to Reduce Overall Patent Costs
   C. Determining Cases to Be Handled by the Internal Patent Counsel Group
   D. Billing for the Work of Internal Counsel
   E. How Much to Charge
   F. Calculating Direct Savings

III. Conclusion
Chapter 13
The University as a Venture Investor
Christopher F. Wright and Louis P. Berneman

I. Equity License Transactions
   A. Ramifications of Entity Choice
   B. Warrants
   C. Antidilution
   D. Participation (Preemptive) Rights
   E. Redemption Rights
   F. Assignment Rights
   G. Tag-Along and Drag-Along Rights
   H. Registration Rights
   I. Information Rights and Right to Transfer Equity
   J. Expectation Management and Conflict of Interest
   K. Private Equity Documentation
   L. Unrelated Business Income Tax
   M. Insider Trading

II. Direct Cash Investing Approaches and Challenges
III. Partnering Investment Approaches and Challenges
IV. Conclusion

Index
