

CONTENTS

Foreword *vii*
Preface *ix*

Chapter I

Definition of Market Power **1**
A. Economic Concept of Market Power **1**
B. Market Power in Antitrust Law **5**
C. Differentiating Between Market Power and Monopoly Power in Antitrust Law **9**

Chapter II

The Role of Market Power in Statutory Antitrust Offenses **13**
A. Market Power Under Section 1 of the Sherman Act **13**
 1. The Role of Market Power in Per Se Cases **14**
 2. The Role of Market Power in Rule of Reason Cases **16**
B. Market Power Under Section 2 of the Sherman Act **19**
 1. Direct Evidence of Monopoly Power **20**
 2. Circumstantial Evidence of Monopoly Power **21**
C. Market Power Under the Robinson-Patman Act **25**
D. Market Power Under Section 7 of the Clayton Act **27**
 1. Market Shares and Market Structural Characteristics **28**
 a. Entry **31**
 b. Buyer Power **31**
 c. Consideration of Failing Firms and Failing Divisions **32**
 2. Efficiencies **33**

Chapter III

The Economics of Market Power **35**
A. Core Concepts: Supply, Demand, Marginal Cost, and Price Elasticity **35**
B. The Perfect Competition Model: The Absence of Market Power **38**
C. The Pure Monopoly Model: Extreme Market Power **40**
D. The Market Power of a Dominant Firm **44**
E. Market Power: A Business Perspective **46**
F. Models of Oligopoly **48**
G. Buyers' Side Market Power **52**
H. Market Power in Idiosyncratic Markets **54**

1. Low Marginal Cost Industries	54
2. Declining Marginal Cost Industries	55
3. Durable Goods Industries	56
4. Intellectual Property.....	57
I. Market Power Anomalies.....	58
J. Conclusion: Market Power Misunderstandings.....	59

Chapter IV

Market Definition	61
A. Introduction	61
B. Product Market Definition.....	62
1. Cross-Elasticity of Demand.....	64
2. Cross-Elasticity of Supply	66
3. Price Differences.....	69
4. Price Discrimination	71
5. Price Trends	72
6. The “Cellophane Fallacy”	73
C. Geographic Market Definition	74
1. The Elzinga-Hogarty Test.....	76
2. Other Factors Considered by Courts.....	80
3. Frequently Observed Outcomes.....	82
D. <i>Merger Guidelines</i> Approach.....	83
1. Product Market	85
2. Geographic Market	89
3. “Critical Loss” Analysis	89
4. The Upward Pricing Pressure (UPP) Test	91

Chapter V

Measuring Market Power: Shares and Other Techniques	93
A. Fundamentals of Market Share and Concentration Data	
Calculation	94
1. Market Share Calculation	95
a. Choice of Metric.....	95
b. Data Sources.....	100
c. Choice of the Appropriate Time Period	101
d. Independent v. Controlled Competitors	102
2. Market Concentration Calculation.....	103
B. Interpretation of Market Share and Concentration Statistics.....	104
1. Market Share as a Predictor of Market Power	105
2. Concentration Level as a Predictor of Noncompetitive Markets	110

Table of Contents

- 3. Market Share Trends, Unstable Concentration Levels, and Changes in Market Conditions..... 112
- 4. Customer and Competitor Attributes and Strategies..... 114
- 5. Market Characteristics 116
 - a. Dynamic Markets 117
 - b. Innovation Markets 117
 - c. Bidding Markets..... 118
 - d. Two-Sided Markets 120
- C. Alternative Measures of Market Power..... 121
 - 1. Profits and Market Power 122
 - 2. New Empirical Analyses of Market Power 125
 - a. Natural Experiments Involving a Rotation or Shift in the Demand Curve..... 126
 - b. Natural Experiments Involving Shifts in Costs 127
 - c. Competitive Reaction to Exogenous Shocks (And New Entrants)..... 129
 - d. Econometric Estimation of Marginal Costs 130
 - e. Econometric Estimation of Oligopolies’ “Strategic Interaction” Parameters 131
 - f. Residual Demand Estimation 131
 - 3. Demand Estimation for Differentiated Products..... 133
- D. Conclusion..... 133

Chapter VI

Market Power Analysis: Extensions and Complexities 135

- A. Differentiated Product Markets 135
 - 1. Market Definition 136
 - b. Branded Products 139
 - c. Retail Channels 140
 - 2. Market Power..... 144
- B. Cluster Markets 148
- C. Innovation Markets 151
- D. Network Industries 154
 - 1. Scale Economies vs. Congestion 156
 - 2. Network Differentiation..... 156
 - 3. Entry of Competitive Networks 157
- E. Conclusion..... 161

Chapter VII

Barriers to Entry..... 163

- A. Introduction 163

- B.** The Debate over Defining Entry Barriers 165
 - 1.** Early Economic Literature..... 165
 - 2.** Refining Entry Analysis..... 166
- C.** Sources of Entry Barriers 170
 - 1.** Legal and Regulatory Barriers 170
 - 2.** Fixed Costs, Sunk Costs, and Economies of Scale 172
 - 3.** Product Differentiation 173
 - 4.** Access to Specialized or Low Cost Resources 176
 - 5.** Network Externalities 176
 - 6.** Behavioral Enhancements..... 177
 - a.** Long-Term Contracts 178
 - b.** Rapid Product Introduction 179
- D.** Evaluation of Entry in the *Merger Guidelines* 180
- E.** Conclusion..... 183
