

About the Author

Adam S. Minsky is one of the nation's leading experts on student debt and is a pioneer in his field. He established the first law firm in Massachusetts devoted entirely to assisting student loan borrowers, and he remains one of the only attorneys in the country with a practice focused exclusively in this field of law. Attorney Minsky has published numerous books and articles on student debt, and he regularly speaks at colleges, nonprofit organizations, and professional associations about developments in student loan law and higher education financing. Major media outlets frequently seek his expert opinions on national news and policy stories. Attorney Minsky was named a Massachusetts Super Lawyer "Rising Star" for 2015.

Attorney Minsky founded his student loan law practice because he took out student loans to help finance his own education, but when he encountered a serious problem with one of his student loan servicers, he couldn't find anyone to help him. He started his firm to help other borrowers who feel alone and overwhelmed by a student debt issue, and he has helped hundreds of clients work through major problems with their student loans.

Attorney Minsky received his undergraduate degree, with honors, from Boston University and his law degree from Northeastern University School of Law. He continues to call the Boston area home.
