Introduction

The Commercial Transportation Litigation Committee of the Tort Trial & Insurance Practice Section of the American Bar Association is pleased to provide you with this summary of the laws on damages for all states and the District of Columbia. The purpose of the summary is to provide an easy reference for industry members, insurance representatives, adjusters, and attorneys on the types, measures, and general standards on damages.

Each chapter will provide you with a summary of the requirements for each state. At times, where relevant and space limitations allowed, the authors also address other issues pertinent to this topic. The summaries are just that—summaries only—and they are not intended to provide an exhaustive analysis of the issue.

The authors are attorneys who practice in their respective jurisdictions. Each author is designated at the bottom of each summary, and you are encouraged to contact the author directly for additional information. We hope this summary is helpful to you in your work or practice. As always, for specific legal advice on a specific matter, please contact your attorney. No effort is made to provide such advice.

For further information about the Commercial Transportation Litigation Committee, visit our website at http://apps.americanbar.org/dch/committee.cfm?com=IL205400" \t "_blank. Thank you.
