Foreword xiii
   American Telemedicine Association xiii

Introduction xvii

Chapter 1
Descriptions of Telehealth and Telemedicine 1
   The Origins of Telehealth and Telemedicine 1
   Defining Telehealth, Telemedicine, and mHealth 5
      What Is Telehealth? 5
      What Is Telemedicine? 8
      What Is Mobile Health (mHealth)? 10
      What Are the Statutory Definitions of Telemedicine under the Medicare and Medicaid Programs? 11
      Medicare 12
      Medicaid 13
   Telemedicine May “Cure” Market Failures 14
      Overview of Market Failures 14
   Overview of Telemedicine Remedies to Market Failures 16
      Telemedicine Services Are Cost-Effective 16
      Telemedicine Services Provide Quality Outcomes 18
      Telemedicine Services Increase Patient Satisfaction 19
   Overview of Telemedicine Service Models in the Market 20
      Provider-to-Provider Model 21
      Provider-to-Patient Model 22
      mHealth Model 24
Chapter 2
Current State of Telemedicine in the United States

Why Telemedicine, Why Now? 27
- Access 29
- Cost and Care Management 29
- Employers 33
- Health Insurance Companies (Payers) 34
- Patient Engagement 36
- Patient Satisfaction 37
- Market Size and Growth 38

Drivers of Growth 39
- Use of Mobile Devices 39
- Shortage of Health Care Professionals 40
- Changes to the Legal and Regulatory Landscape 42

Barriers to Growth 44
- Lack of Widespread Telemedicine Adoption 45
- Low Reimbursement or Lack of Reimbursement 46
- Differences in State Laws 47
- Lack of Physician Support 47
- Limited Internal Resources 48
- Lack of Trust 49
- Lack of Data Exchange Despite Growth in Use of EHRs 50
- Limited Physician Authority to Prescribe Medication 50
- Limited Understanding of Medical Malpractice Risks 51
- Lack of Data Privacy and Security 52

Risks to mHealth Telemedicine Market Growth 53
- mHealth Data Privacy 54
- mHealth Data Security 56
- Data Broker Activity 63
### Chapter 3
State Laws and Regulations Affecting Telemedicine

Contents

Does the Standard of Care Dictate a Specific Telemedicine Technology? 83
Can Industry Guidelines Provide a Playbook for Meeting the Standard of Care When Using Telemedicine? 84
Informed Consent 85
Remote Prescribing Restrictions 86
What Type of Patient Exam Is Necessary to Prescribe Medication via Telemedicine? 87
Can a Prescription Be Based on a Questionnaire Alone? 88
Are Certain Classes of Drugs Unavailable to Telemedicine Providers? 88
AMA and FSMB Leadership Using Model Policies 89
An Overview of the AMA’s Recommendations for Telemedicine 89
An Overview of the FSMB’s Model Policy for Telemedicine 91
Traditional Health Care Regulations and Telemedicine 93
Privacy and Security Requirements 94
Corporate Practice of Medicine 94
Fraud and Abuse 96
Supervision 97

Chapter 4
Reimbursement, Credentialing, and Privileging 99
Reimbursement—Medicare Coverage for Telemedicine 102
Location of the Patient (Rural and Certain Facilities) 102
Type of Telemedicine Model (Real-Time versus Store-and-Forward Model) 104
Type of Provider Performing the Service 105
Type of Service Provided 105
Unique Options for Telemedicine within Medicare Programs 106
Possible Path Ahead for Medicare 107
Remote Chronic Care Coordination Programs ........................................... 107
Telehealth Parity Act of 2014 ................................................................. 108
False Claims Act Risk for Telemedicine ............................................... 108
Medicaid Program Coverage for Telemedicine .................................. 109
Private Payer Coverage ..................................................................... 113
Credentialing and Privileging Options for Telemedicine—
Streamlining a Duplicative Administrative Process .................. 115
The By-Proxy Option for Credentialing of Telemedicine Providers........ 116
Entities That Can Be Considered Distant Sites ................................. 117
Entities That Can Be Considered Originating Sites ......................... 117
The By-Proxy Agreement Required to Participate in the Optional Arrangement .......................... 118
Requirements for the By-Proxy Agreement When the Distant Site Is a Medicare-Certified Hospital 118
Requirements for the By-Proxy Agreement When the Distant Site Is a Nonhospital Entity ... 118
Practical Considerations for By-Proxy Credentialing ......................... 120

Chapter 5
Future of Telemedicine .................................................................. 121
Emerging Issues ............................................................................. 121
What Will the Role of Government Be in Response to Medical Devices and Mobile Applications That “Practice Medicine”? ............................................................... 121
What Changes Will There Be to the Product Liability Landscape as a Result of Expanded Telemedicine Adoption? .......................................................... 123
How Will the U.S. Government Address the Inherent Limitations to Legal, Policy, and Regulatory Jurisdictional Reach in a Global Economy? .............. 124
Federal Legal and Regulatory Landscape ....................................... 125
The Federal Regulatory Landscape Will Remain Fragmented, but Interagency Coordination Efforts Are Likely to Increase, by Necessity .......................... 125
Congress Will Continue to Introduce Legislation to Advance Telemedicine Adoption and Use 126
Private and Public Insurers Will Adopt Policies That Foster Greater Reliance upon Telemedicine, Including Medicare Policy Reforms 129
State Policy and Legal Landscape 131
States Will Continue to Enact Parity Laws and Reform Physician Licensure Requirements to Advance Telemedicine Adoption 131
States Will Continue to Expand Reimbursement for Telemedicine Services under the Medicaid Program 132
The Future of the Telemedicine Market 134
Patient-Centered Telemedicine Models Will Dominate the Market 134
mHealth Model 134
Provider-to-Patient Model 135
Telemedicine Services Will Increasingly Be Used to Address Public Health Issues 135
Provider Telemedicine Adoption Rates Should Continue to Increase 138

Appendix A
List of Telemedicine-Specific References 143

Appendix B
Sample Informed Consent Form from the American Telemedicine Association* 145
Informed Consent for Telemedicine Services 145
Introduction 145
Expected Benefits 146
Possible Risks 146
Patient Consent to the Use of Telemedicine 147
APPENDIX C
2015 State Telemedicine Legislation Tracking
(as of 1/20/2015)*
