Foreword by Elizabeth Rindskopf Parker, Dean, McGeorge School of Law, University of the Pacific........................................................................................................................................ix

Chapter 1. The Need for a Practical Guide for Legal Counsel on Responding to National Security Letters .................................................................1

  Why is guidance for legal counsel on national security letters needed? .........................1

  How did the law on national security letters change to produce these challenges for legal counsel? .........................................................................................................................3

  What tasks now confront companies and their legal counsel with respect to national security letters? ..................................................................................................................5

  How is the Guide organized? ............................................................................................7

Chapter 2. Understanding National Security Letters ..........................................................9

  What is a national security letter? ....................................................................................9

  How does a national security letter differ from other requests for information issued by the federal government (e.g., administrative subpoenas or grand jury subpoenas)? ..................................................................................................................11

  Why are national security letters controversial? ..........................................................12

  What issues of constitutional law do national security letters raise? ............................13

  Are there different kinds of national security letters, or only one type? ......................14

  What federal agencies are authorized to issue national security letters? .....................16

  What kind of information does the federal government seek in national security letters? ...............................................................................................................................16

  What does a national security letter look like? ................................................................18
Chapter 3. Receiving and Reviewing National Security Letters .............................................25

What is the likelihood that a company will receive a national security letter? ..........25

How does the federal government make a national security letter request known to a company? ..........................................................................................................................28

What should the authorized company representatives do when they first talk or meet with federal agents concerning a national security letter? .................................29

What are the company’s rights when it receives a national security letter? ..............31

What does the company do with the national security letter upon receipt? ..........32

What are the company’s obligations when it receives a national security letter? ....33

How do obligations under national security letters differ from duties triggered by receipt of other forms of federal law enforcement requests for information (e.g., administrative or grand jury subpoenas)? .................................................................36

What if a company receives a letter from a federal agency that contains a request for information, but the letter does not cite national security letter statutes for its legal basis? ..........................................................................................................................37

Chapter 4. Responding to National Security Letters..........................................................39

Does federal law mandate compliance with requests for information received through national security letters? .................................................................39

What happens if a recipient of a national security letter fails to comply with the request for information? .........................................................39

Why might a company decide not to comply with a request for information in a national security letter? .................................................................40

Legal grounds for a decision not to comply.................................................................40

Reliance on inapplicable authorizing statute .........................................................40

Reliance on wrong statute.........................................................................................40

Other legal defects, including defects related to constitutional law ...............41

Importance of legal analysis of the national security letter .........................41

Constitutional challenge to national security letter.........................................42
Unreasonable, oppressive, or otherwise unlawful requests for information.....................................................................................................42

No legal access to or control over the requested information...............43

Technical reasons for a decision not to comply.................................44

Good faith efforts to resolve issues with the federal agency ..............45

Petitioning a federal district court about a national security letter .......45

The importance of establishing the compliance decision process in advance.....45

What are a recipient’s legal obligations to the federal government when responding to a national security letter? .................................................................45

Complying with the non-disclosure requirements ..................................46

Data identification, collection, and organizational issues....................50

Minimizing the prospects of over-disclosure of information in responding to national security letters ........................................................................................53

Understanding the implications of the company’s published privacy policies ....54

What are a recipient’s legal rights after it has responded to a national security letter? .................................................................55

What other actions should a company take with respect to responding to national security letters? .................................................................57

Public relations..........................................................................................57

Auditing issues............................................................................................57

What are the basic principles that guide federal government efforts to access information held or located in a foreign country? .................................................................59

How do these general principles apply to the use of national security letters? ....63

Jurisdiction and authority to seek information located outside the United States .................................................................................................63
Appendix B. Summaries of Key Federal Cases Involving National Security Letters ...
