Contents

Chapter 1  How Qualified is Qualified? .......................... 3
   Spot the Issue......................................................... 3
   Analyze the Issue............................................... 4
   Address the Issue.............................................. 7

Chapter 2  When Experts Rely on Experts. ................. 11
   Spot the Issue......................................................... 11
   Analyze the Issue............................................... 12
   Address the Issue.............................................. 15

Chapter 3  Consulting versus Testifying Experts:
   Is There a Problem?.............................................. 19
   Spot the Issue......................................................... 19
   Analyze the Issue............................................... 20
   Address the Issue.............................................. 23

Chapter 4  Retained Experts and
   Their Testimony: Hired Guns or Credible? ............... 25
   Spot the Issue......................................................... 25
   Analyze the Issue............................................... 27
   Address the Issue.............................................. 29

Chapter 5  Retaining and Working with Your Expert...... 31
   Spot the Issue......................................................... 31
   Analyze the Issue............................................... 32
   Address the Issue.............................................. 37
Chapter 6  Peer into Counseling’s Black Box.        43
    Spot the Issue.                        43
    Analyze the Issue.                   44
    Address the Issue.                  49

Chapter 7  Psychological Evaluations: More than Just Testing.  53
    Spot the Issue.                        53
    Analyze the Issue.                   54
    Address the Issue.                  57

Chapter 8  Make Sense of Psychological Tests.    61
    Spot the Issue.                        61
    Analyze the Issue.                   62
    Address the Issue.                  66

Chapter 9  Psychological Tests and Catching Lies.  69
    Spot the Issue.                        69
    Analyze the Issue.                   70
    Address the Issue.                  73

Chapter 10  Make Sense of Computer-Based Test Reports. 75
    Spot the Issue.                        75
    Analyze the Issue.                   76
    Address the Issue.                  79

Chapter 11  Collateral Information: Uses and Abuses .  81
    Spot the Issue.                        81
    Analyze the Issue.                   82
    Address the Issue.                  86
Chapter 12  Tie Experts to Professional Practice Guidelines ................................. 89
   Spot the Issue ................................................. 89
   Analyze the Issue ......................................... 90
   Address the Issue .......................................... 95

Chapter 13  Let the Records Show ................................................................. 99
   Spot the Issue ................................................. 99
   Analyze the Issue ......................................... 100
   Address the Issue .......................................... 103

Chapter 14  Use Daubert’s Reliability Toolbox ................................. 107
   Spot the Issue ................................................. 107
   Analyze the Issue ......................................... 108
   Address the Issue .......................................... 112

Chapter 15  Daubert’s Reliability Toolbox:
General Acceptance and Peer Review/Publication ......... 115
   Spot the Issue ................................................. 115
   Analyze the Issue ......................................... 116
   Address the Issue .......................................... 119

Chapter 16  Daubert’s Reliability Toolbox:
Testability and Error Rates ........................................... 123
   Spot the Issue ................................................. 123
   Analyze the Issue ......................................... 124
   Address the Issue .......................................... 127

Chapter 17  Mental Health Testimony =
Conclusions + Opinions ............................................. 133
   Spot the Issue ................................................. 133
   Analyze the Issue ......................................... 134
   Address the Issue .......................................... 137
