Employment Practices Liability (EPL) insurance is a growing phenomenon in the insurance industry. The Practitioner’s Guide to Defense of EPL Claims is provided by the Tort Trial and Insurance Practice Section of the American Bar Association and covers, in part, the fundamentals of an EPL policy, investigating EPL-covered claims, and litigation of EPL claims.

This book is a unique and invaluable tool for the employment law practitioner and others interested in EPL insurance. The contributing authors are all experts in their fields, and the compilation, expansive in scope, is reader-friendly and a valuable resource.
