Preface ................................................................. xvii
About the Author ................................................... xxv

Chapter 1
Overview of Distance Learning ............................... 1
1.1 The Nature of Distance Education Today ................ 1
   [1] What Is Distance Education? .......................... 1
   [2] Levels of Courses ....................................... 2
   [3] Technologies ............................................. 4
      [a] Evolution ............................................... 4
      [b] New Characteristics ................................. 5
   [4] Library Resources ........................................ 6
   [5] Copyright Policies ...................................... 6
      [a] In General ............................................... 11
      [b] Current Trends ......................................... 12
   [8] Who Is Providing Distance Education? ................ 13
      [a] Providers in General ................................. 13
      [b] Postsecondary Statistics ............................ 14
      [c] Nonprofit versus For-Profit Education .............. 15
      [d] Partnerships ........................................... 17
1.2 The Future of Distance Education ....................... 18
1.3 The Clash of Law and Technology ....................... 20

Chapter 2
Basics of Copyright Law ........................................... 25
2.1 United States Copyright Law ............................... 25
   [1] Purpose of Copyright Law ............................. 25
   [2] Subject Matter and Scope of Protection ................. 28
      [a] Eligibility for Protection ........................... 28
      [b] Published and Unpublished Works .................. 31
CONTENTS

[c] Works Not Eligible for Protection ......................... 34
[d] Categories of Protectable Works ......................... 36
[3] Copyright Ownership ........................................ 42
   [a] Transfer of Ownership .................................... 44
   [b] Licensing .................................................. 45
   [c] Preemption of State Law Claims ....................... 46
   [b] Works Already under Statutory Protection
      before January 1, 1978 ................................ 50
[5] Notice, Deposit, and Registration .......................... 52
   [a] The Right to Reproduce the Work .................... 56
   [b] The Right to Prepare Derivative Works ............... 57
   [c] The Right to Distribute Copies ....................... 57
   [d] The Right to Perform the Work Publicly .......... 59
   [e] The Right to Display the Work Publicly .......... 61
[7] Limitations on Exclusive Rights ................................ 62
   [a] Fair Use ................................................ 62
   [b] Library Exemptions .................................. 68
   [c] First Sale Doctrine ..................................... 70
   [d] Educational Use Exemptions ............................ 73
   [e] Other Limitations ..................................... 75
[8] Copyright Infringement ....................................... 78
   [a] General ................................................ 78
   [b] Infringing Importation .................................. 83
   [c] Contributory and Vicarious Liability ................ 84
   [d] Civil Remedies ......................................... 88
   [e] Criminal Offenses ..................................... 90
   [f] Defenses ............................................... 91
[9] Sovereign Immunity ........................................... 93
   [a] General ................................................ 93
   [b] Background of the Litigation ........................... 93
   [c] The Supreme Court's Analysis ....................... 95
   [d] Impact .................................................. 97

2.2 International Implications of Copyright Law ............ 100
[1] International Framework ................................... 100
[2] International Treaties and Agreements .................... 102
   [a] The World Intellectual Property Organization ....... 102
Chapter 3
Fair Use Guidelines. ................................................. 111
3.1 Fair Use in the Commercial Sector. .......................... 113
   [1] Introduction ................................................. 113
       [a] The Purpose and Character of the Use .............. 113
       [b] Nature of the Copyrighted Work ..................... 115
       [c] Amount and Substantiality of the Portion Used .... 117
       [d] Effect on the Market for the Original Work ...... 117
       [e] Summary Judgment Standard ............................ 118
       [a] Unpublished Works ..................................... 119
       [b] Published Books ....................................... 120
       [c] Newspapers and Magazines. ............................ 120
       [d] Film ................................................... 121
       [e] Internet ............................................... 121
       [f] Music .................................................. 121
       [g] Photographs ............................................ 122
3.2 The Doctrine of Fair Use and Education. ...................... 125
   [1] The Purpose and Character of the Use .................... 132
   [3] The Amount and Substantiality of the Portion Used .... 133
3.3 Fair Use Guidelines for Educators ............................ 137
   [1] Classroom Photocopying .................................. 138
       [a] Exceptions for Preservation and Replacement .... 143
Contents

[a] Exceptions for Patron Research ......................... 144
[b] Further Limitations on Reproductions for Patrons ... 145
d] Exceptions for Newscasts. ............................... 146
e] Exceptions for Orphan Works in Last Twenty Years
    of Their Term. ........................................... 146
[f] Liability .................................................. 147
[g] Fair Use and Contracts. ................................. 148
[h] Section 108 Study Group ................................. 148
[4] Electronic Reserves at Educational Institutions ..................... 154
[5] Interlibrary Loans ........................................... 156
[a] Copying Sheet Music ................................. 159
[b] Creating Derivative Works ........................... 159
c] Recording Music ........................................... 160
d] Performing Music ........................................... 160
e] Downloading Music ........................................... 161
[8] CONFU Fair Use Guidelines for Distance Learning ............. 177
[9] Performance and Display of Works while Teaching ............. 180
[a] Face-to-Face Teaching ..................................... 180
[b] Distance Learning ........................................... 180
[11] ACRL Guidelines for Distance Learning Library Services ........ 185
[12] Interrelationship of the Fair Use Guidelines .................. 186

Appendix 3-A
Agreement on Guidelines for Classroom Photocopying .......... 189

Appendix 3-B
Photocopying by Libraries for Patrons and Preservation ........... 193
  1. General Conditions ........................................ 193
  2. Copying for Preservation Purposes ......................... 194
  3. Copying for Patrons ........................................ 194
  4. Multiple Copies and Systematic Reproduction ................ 195
  5. Educational Uses ........................................... 196

Appendix 3-C
Fair Use Guidelines for Electronic Reserve Systems .............. 197
  A. Introduction .............................................. 197
B. Scope of Material ......................................................... 199
C. Notices and Attributions ........................................... 199
D. Access and Use ......................................................... 200
E. Storage and Reuse ....................................................... 200

APPENDIX 3-D
CONTU Guidelines on Photocopying under Interlibrary Loan Arrangements ........................................... 203

APPENDIX 3-E
Guidelines for Educational Uses of Music .............................. 209
A. Permissible Uses ......................................................... 209
B. Prohibitions .............................................................. 210

APPENDIX 3-F
Guidelines for Off-Air Recording of Broadcast Programming for Educational Purposes ...................................... 211

APPENDIX 3-G
Educational Fair Use Guidelines: Distance Learning ............... 213
1. Introduction ................................................................ 213
   1.1 Preamble .............................................................. 213
   1.2 Background .......................................................... 214
   1.3 Distance Learning in General ..................................... 216
2. Applicability and Eligibility ........................................ 216
   2.1 Applicability of the Guidelines ..................................... 216
   2.2 Eligibility ............................................................... 217
      2.2.1 Eligible Educational Institution ......................... 217
      2.2.2 Eligible Students ............................................ 217
3. Works Performed for Instruction ..................................... 217
   3.1 Relation to Instruction ............................................. 217
4. Transmission and Reception .......................................... 218
   4.1 Transmission (Delivery) .......................................... 218
   4.2 Reception ............................................................. 218
5. Limitations ................................................................. 218
   5.1 One Time Use ......................................................... 218
   5.2 Reproduction and Access to Copies ........................... 218
      5.2.1 Receiving Institution ...................................... 218
      5.2.2 Transmitting Institution ................................... 219
6. Multimedia ................................................................. 219
   6.1 Commercially Produced Multimedia .......................... 219
7. Examples of When Permission Is Required .......................... 219
   7.1 Commercial Uses .................................................. 219
   7.2 Dissemination of Recorded Courses ............................... 219
   7.3 Uncontrolled Access to Classes .................................. 219
   7.4 Use Beyond the 15-Day Limitation ............................... 219
Endorsing Organizations ...................................................... 220

APPENDIX 3-H
Fair Use Guidelines for Educational Multimedia ...................... 221
1. Introduction ............................................................... 222
   1.1 Preamble ............................................................. 222
   1.2 Background .......................................................... 223
   1.3 Applicability of These Guidelines ............................... 223
2. Preparation of Educational Multimedia Projects Using Portions
   of Copyrighted Works .................................................... 224
   2.1 By students ........................................................... 224
   2.2 By Educators for Curriculum-Based Instruction ............... 224
3. Permitted Uses of Educational Multimedia Programs Created
   Under These Guidelines ................................................... 224
   3.1 Student Use .......................................................... 224
   3.2 Educator Use for Curriculum-Based Instruction ............... 225
      3.2.1 for face-to-face instruction ................................ 225
      3.2.2 assigned to students for directed self-study ............ 225
      3.2.3 for remote instruction to students ......................... 225
   3.3 Educator Use for Peer Conferences ............................... 225
   3.4 Educator Use for Professional Portfolio ......................... 225
4. Limitations—Time, Portion, Copying and Distribution ............. 226
   4.1 Time Limitations ...................................................... 226
   4.2 Portion Limitations .................................................. 226
      4.2.1 Motion Media .................................................... 226
      4.2.2 Text Material .................................................... 226
      4.2.3 Music, Lyrics, and Music Video ............................. 227
      4.2.4 Illustrations and Photographs .............................. 227
      4.2.5 Numerical Data Sets ........................................... 227
   4.3 Copying and Distribution Limitations ............................ 227
5. Examples of When Permission Is Required ............................ 228
   5.1 Using Multimedia Projects for Non-Educational
      or Commercial Purposes .............................................. 228
   5.2 Duplication of Multimedia Projects Beyond Limitations
      Listed in These Guidelines ......................................... 228
   5.3 Distribution of Multimedia Projects Beyond Limitations
      Listed in These Guidelines ......................................... 228
6. Important Reminders .................................................... 228
   6.1 Caution in Downloading Material from the Internet .... 228
   6.2 Attribution and Acknowledgment ............................. 229
   6.3 Notice of Use Restrictions ...................................... 229
   6.4 Future Uses Beyond Fair Use ................................. 229
   6.5 Integrity of Copyrighted Works: Alterations ............. 230
   6.6 Reproduction or Decompilation of Copyrighted
       Computer Programs ............................................. 230
   6.7 Licenses and Contracts ....................................... 230
Appendix A .............................................................. 230
Appendix B .............................................................. 232

Chapter 4
Locating and Negotiating with Creators ............................ 235
4.1 Investigating the Copyright Status of a Work ............... 236
   [1] Methods of Approaching a Copyright Investigation .... 236
   [2] Searching Copyright Office Catalogs and Records .... 236
       [a] Catalog of Copyright Entries ......................... 236
       [b] Individual Searches of Copyright Records ......... 237
   [3] Searching by the Copyright Office ....................... 238
       [a] In General ............................................... 238
       [b] Information Needed .................................... 238
   [4] Private Information Services ............................... 239
   [5] Search Limitations .......................................... 240
       [a] Searches Not Always Conclusive .................... 240
       [b] Protection in Foreign Countries ...................... 240
   [6] Impact of Copyright Act Amendments ..................... 241
       [a] Copyright Registration ................................ 241
       [b] Copyright Notice ...................................... 241
       [c] Works Already in the Public Domain ............... 242
4.2 Obtaining Permission and “Orphan” Works .................... 242
   [1] Contacting the Owner ....................................... 242
   [2] Issues with Orphan Works .................................. 243
       [a] Obstacles to Identifying and Locating Copyright Owners ........................................ 245
       [b] Legal Background ...................................... 246
       [c] Recent Proposals ....................................... 253
4.3 Licensing of Copyrighted Works ................................ 254
   [1] Elements of Traditional Licensing ....................... 254
       [a] Use of Preexisting Copyrighted Works ............. 255
| [b] Participants in the Licensing Process | 255 |
| [c] Types of Licenses | 256 |
| [2] Licensing for Digital Distance Education | 257 |
| [a] Amount and Types of Material Licensed | 257 |
| [b] Alternatives to Licensing | 259 |
| [3] Licensing Procedures | 260 |
| [a] Educational Institutions | 260 |
| [b] Copyright Owners | 261 |
| [4] Problems in Licensing | 261 |
| [a] Technological Protections and Online Licensing Systems | 263 |
| [b] Collective Management | 263 |
| [c] Evolving Approaches to Digital Licensing | 264 |
| 4.4 Negotiating Effective License Agreements | 264 |
| [1] Fundamental Requirements | 264 |
| [2] Key Definitions | 266 |
| [a] Authorized Users | 266 |
| [b] Fee | 266 |
| [c] Licensed Materials | 266 |
| [d] Secure Network | 266 |
| [3] Usage Rights | 267 |
| [a] Licensee Rights | 267 |
| [b] Authorized User Rights | 267 |
| [c] Fair Use Exemption | 268 |
| [4] Prohibited Uses | 270 |
| [a] Explicit Prohibitions | 270 |
| [b] Issues Regarding “Policing” Students | 270 |
| [5] Representations and Warranties | 272 |
| [a] Representations and Warranties of the Licensor | 272 |
| [b] Representations and Warranties of the Licensee | 276 |
| [7] Termination Events | 278 |
| [8] Assignments and Sublicensing | 279 |
| [a] Acceptance | 280 |
| [b] Amendment and Waiver | 280 |
| [c] Integration | 281 |
| [d] Severability | 282 |
| [e] Force Majeure | 283 |
| [f] Governing Law and Forum | 284 |
### Contents

- [g] Notice ................................................. 285
- [10] Licensing, the U.C.C., and UCITA .......................... 286
  - [a] History and Construction of the Uniform Commercial Code .................. 286
  - [b] Intellectual Property Licenses .................................. 288
  - [c] UCITA ................................................. 290
- 4.5 Database Legislation ........................................... 295

**APPENDIX 4-A**

Request for Permission for Classroom Use .......................... 305

**APPENDIX 4-B**

Request for Permission to Publish ................................. 309

### Chapter 5

**Distance Learning and the Internet** ............................... 313

5.1 Copying and Linking on the World Wide Web ..................... 313
  - [1] Principles of Law and the WWW .................................. 313
  - [2] Using Materials from the Internet .......................... 315
  - [3] The Use and Misuse of Links on the Internet ......... 317
    - [a] Copyright Infringement Claims ..................... 317
    - [b] Trademark Infringement Claims .................. 322
    - [c] Breach of Contract Claims ......................... 325

5.2 Issues Concerning Joint Works .................................. 331
  - [1] Contribution to the “New” Work .......................... 332
  - [2] Intent to Contribute to a Derivative Work ............ 333
  - [3] Qualification as a Derivative Work ................... 334

5.3 Ownership of the Electronic Course .............................. 336
  - [1] Copyright Ownership and the Work for Hire Doctrine .... 337
  - [2] Work for Hire and the “Teacher Exception” ............ 342
  - [4] Written Agreements Affecting Copyright Ownership .... 346

5.4 The Digital Millennium Copyright Act .......................... 350
  - [1] WIPO Treaty Implementation .................................. 352
    - [a] Technical Amendments .................................. 352
    - [b] Technological Protection Systems .................. 353
    - [c] Integrity of Copyright Management Information .... 361
    - [d] Remedies ........................................... 362
  - [2] Online Copyright Infringement Liability Limitation .... 363
CONTENTS

[a] Section 512(h) Subpoenas ................................. 364
[b] Eligibility for ISP Limitations Generally ................. 369
[c] Limitation for Transitory Communications ............... 370
[d] Limitation for System Caching ............................. 371
[e] Limitation for Information Residing on Systems or 
    Networks at the Direction of Users ....................... 371
[f] Limitation for Information Location Tools ................ 372
[g] Notice and Takedown Requirements ........................ 372
[h] Special Rules Regarding Liability of Nonprofit 
    Educational Institutions ................................. 376

[3] Conclusion ................................................... 378

5.5 The Children's Internet Protection Act .................. 378

[1] The Evolution of CIPA ....................................... 379
[a] Children and the Internet .................................. 379
[b] Related Congressional Efforts to Protect Children 
    from Inappropriate Online Content ...................... 381
[c] CIPA Today .................................................. 384
[d] NTIA's Evaluation of Technology Protection 
    Measures and Internet Safety Policies .................. 384

APPENDIX 5-A
Sample Computer Acceptable Use Policy ................. 389

Chapter 6
The TEACH Act ........................................ 391

6.1 Federal Legislation Promoting Distance Learning .......... 392
[1] Postsecondary Student Financial Aid ..................... 392
[a] General .................................................. 392
[b] Federal Assistance Rules ................................. 393
[2] Star Schools Program Assistance Act .................... 397
[a] General .................................................. 401
[b] Technical Standards ..................................... 402
[c] Functional Performance Criteria .......................... 404
[d] Information, Documentation, and Support ............... 404

6.2 The General Application of Copyright Law 
    to Distance Education .................................... 405
[2] Lawful Uses ............................................ 408
### Contents

- [a] The Instructional Exemptions................................. 408
- [b] Fair Use..................................................... 416
- [c] Other Exemptions Applicable to Distance Learning... 417
- [d] Compulsory Licenses........................................ 421

#### 6.3 Prior Initiatives Addressing Copyright and Digital Distance Education
- [1] Fair Use Guidelines ........................................ 421
- [2] Congressional Consideration .............................. 426
  - [a] Early Legislative Efforts .................................. 426
  - [b] The Congressional Mandate ................................ 426
  - [c] The Copyright Office Process ............................. 427
  - [d] The Copyright Office Report ............................. 428

#### 6.4 Enactment of the TEACH Act
- [1] Legislative Background .................................... 429
- [2] Understanding the TEACH Act ............................ 430
  - [a] Works Subject to the Exemption ......................... 430
  - [b] Eligible Transmitting Entities ........................... 431
  - [c] Qualifying Performances and Displays; Mediated Instructional Activities ............................. 432
  - [d] Limitations on Receipt of Transmissions .......... 433
  - [e] Additional Safeguards to Counteract New Risks .... 434
  - [f] Interaction with the DMCA ............................. 437
  - [g] Transient and Temporary Copies ....................... 438
  - [h] Ephemeral Recordings .................................... 439
  - [i] Digitizing Copies of Works ............................. 440
  - [j] Relationship to Fair Use .................................. 443
  - [k] Contractual Obligations ................................ 444
  - [l] The USPTO Report ........................................ 445
  - [m] Conclusion .................................................. 446

#### 6.5 Technological Protection Systems
- [1] Introduction .................................................. 449
- [2] Core Technologies ........................................... 450
  - [a] Encryption ................................................. 450
  - [b] Digital Watermarking .................................... 451
  - [c] Authentication ............................................. 451
  - [a] Trusted Computing ....................................... 452
  - [b] Rights Models and Expression Languages ............ 453
  - [c] DRM Architecture ........................................ 453
  - [d] Types of DRM Systems .................................... 454
Appendix 6-A
S. 487.............................................................. 455

Appendix 6-B
Flowchart Comparing and Contrasting Section 110(1), Old
Section 110(2), the CONFU Distance Learning Guidelines
and the TEACH Act ................................................. 461
