
ABOUT THE CHAPTER AUTHORS

Chapter 1

Wendy Kennedy Venoit, D. Robert Beaumont, Arthur D. Brannan, Andrew D. Ness, and Douglas S. Oles.

Chapter 2

Roberto Hernández-García is a partner at COMAD, S.C., a law firm based in Mexico City with relevant expertise in the areas of government procurement, construction, and dispute resolution (<http://www.comad-lawyers.com>). He has been involved in infrastructure projects in the energy, gas, oil, water, sewage and underground sectors as a counselor since 1995, including projects such as a \$350 million transmission line in Central America, a \$1 billion sewage system, and a \$1.5 billion underground system in Mexico City. He is the former Founding Chair of the Government Procurement Committee of the Mexican Bar Association. He was the former Chair of the Government Procurement Subcommittee of the International Bar Association (IBA), and in 2009 he was appointed as Co-Chair of the International Projects Committee of the IBA. Since 2005 he has acted as representative of the IBA before the UNCITRAL for the revision of the Model Procurement Law. He is an active member of the Division 8 of the Construction Forum of the American Bar Association, where he has participated in its Steering Committee. He is also the chair of the anticorruption commission of the International Chamber of Commerce in Mexico where he also participates in the arbitration and dispute boards working groups. He is a permanent columnist on construction and procurement matters for the most relevant construction magazine in Mexico (part of the Time Group). He has been included in the independent and not paid publications *Who's Who of Construction Lawyers* and *Who's Who of Procurement Lawyers* as a world-recognized expert in these fields. Mr. Hernández-García is a registered Social Witness of the Ministry of Public Function, a federal Mexican authority, in order to witness the legality and transparency of public procurement procedures. He has been lecturer at the King's College in London, England; the Universidad de Ciencias Aplicadas and the Universidad de Lima in Perú; and the Canadian Commercial Corporation, the IBA, the ABA, and the ICC at national and international events. He is a professor of Procurement Law and Energy Law at the Universidad Panamericana in Mexico City and Guadalajara. He is the consulting editor of the book *Public Procurement: A Guide to Best Practice*, published by Globe Law and Business in London.

Chapter 3

John S. Vento has been with Trenam Kemker since 1981 and has been a shareholder since 1985. He is a board certified construction lawyer and his practice areas include construction litigation, government contracting and procurement law, corporate litigation, international litigation, mediation, and arbitration. Prior to joining the firm, John was a judge advocate on active duty with the U.S. Air Force, including an assignment as assistant law professor at the U.S. Air Force Academy. John most recently served as adjunct professor of law at the Air Force's Judge Advocate General's School, which published the handbook he authored on Contingency Contracting and Fiscal Law and where he taught Government Contracting and Fiscal Law. In January 2005, John retired in the rank of Colonel and was awarded the prestigious Legion of Merit Award upon retirement.

John earned a B.A. *cum laude* from the University of Pittsburgh; a J.D. *cum laude* from the Duquesne University School of Law; and an LL.M. in International Law from the University of Michigan, where he was a Michigan Scholar for highest academic achievement. While on academic leave of absence from the USAFA faculty, he was a National Endowment for the Humanities Fellow at Yale Law School.

During his career, John has received numerous awards and professional distinctions. He also has held leadership positions in state and national legal associations. For three years, he chaired the American Bar Association's Construction Litigation Committee. He currently serves as a Division Chair of the American Bar Association's Forum on the Construction Industry, and is a member of the Forum's Special Membership and Division Chairs' Committees. John is recognized in *The Best Lawyers in America*, *Florida's Superlawyers*, and the *Tampa Bay Business Journal's Who's Who in Law*.

Carina Y. Ohara is Senior Counsel for the Oil, Gas, & Chemicals Global Business Unit of Bechtel Corporation, where her responsibilities include drafting and negotiating contracts and providing project support for OG&C's project around the globe. She is currently on temporary assignment in Calgary, Alberta, Canada, as Manager of Legal and Risk Management Department of Bantrel, one of the largest EPC companies in Canada and an affiliate of Bechtel. Carina has also served in Bechtel's Corporate Litigation and Employment Law Group in San Francisco, where she was responsible for managing commercial and construction litigation, arbitration, and other formal dispute processes across all of Bechtel's global business units.

Ms. Ohara is an active member of the American Bar Association's Forum on the Construction Industry and is a past member of the Forum's Governing Committee. She is the co-editor of *Fundamentals of Construction Law*, published in 2001, and *Forms and Substance: Specialized Agreements for the Construction Project*, published in 2006, both by the American Bar Association. Ms. Ohara is a graduate of the University of San Francisco School of Law, where she was

member of the *Law Review*. She is admitted to practice before the state and federal courts of California, Washington, and Hawaii, as well as the Ninth Circuit Court of Appeals.

Chapter 4

Wayne H. Elowe is a partner in the Corporate department of Kilpatrick Stockton LLP and is the Co-Chairman of Kilpatrick Stockton's Asia Business Services Team. He concentrates his practice on international business transactions, including mergers and acquisitions, joint ventures, strategic alliances, distribution, licensing and technology transactions, outsourcings, and other complex commercial transactions. He has advised publicly traded and privately held multinational corporations, private equity funds, and private investors in connection with their transactions and other projects in over 30 countries across Europe, Asia, and Latin America. He has over 15 years of experience advising clients in connection with the expansion and development of their businesses into China. He regularly advises U.S. corporations and investors expanding their businesses abroad in connection with structuring their market entry and foreign operations and in structuring and negotiating their commercial relationships with local partners. Mr. Elowe's experience includes working with clients in the consumer products, chemicals, pharmaceuticals and healthcare, industrial manufacturing, telecommunications, information technology, and architectural design/construction industries. He is a frequent speaker on topics involving international business transactions, complex commercial relationships, and conducting business in China.

George Anthony ("Tony") Smith, a senior partner in the Construction practice group at Weinberg, Wheeler, Hudgins, Gunn & Dial, has always concentrated his practice in the construction industry, representing a wide variety of clients including owners, EPC contractors, general contractors, architects/engineers, subcontractors, sureties, and insurers. His practice in recent years has focused on assisting clients involved in power plants, LNG, water and wastewater, transportation, and other major infrastructure projects. Tony is also head of the firm's International Dispute Resolution practice group and has 35 years of experience serving around the globe as a trial attorney, advocate, or arbitrator on more than 50 large, complex, multi-party, construction-related disputes. Tony has also published and presented papers on many topics of interest and concern to both the construction and international arbitration communities.

Stephen D. Butler has more than 35 years of experience in U.S. and international claims, litigation, and dispute resolution practice in both the public and private sectors, with an emphasis on engineering and construction matters. Formerly the General Counsel for Parsons Brinckerhoff, Inc. (PB), Steve now provides consulting services to PB on major projects and complex dis-

putes. Prior to joining PB, Steve was Manager of Litigation and Special Counsel for Bechtel Corporation, where he also served as the Bechtel representative to the Central Artery/Tunnel Project, and participated in the design of the dispute resolution procedures there as well as on the Eurotunnel, Hong Kong Airport, and other mega-projects. Steve also served with the Center for Public Resources, a nonprofit ADR organization in New York; DART, the Disputes Avoidance and Resolution Task Force; the Stanford University Center on Conflict and Negotiation; and the CPR Construction Industry ADR Task Force. He is a Fellow in the American College of Construction Lawyers, the College of Commercial Arbitrators, and is a Director of the American Arbitration Association and also an active arbitrator and mediator on several of its panels.

Chapter 5

Peter C. Halls is a partner at the law firm of Faegre & Benson, LLP. Mr. Halls has handled a wide range of construction issues in projects throughout the United States and internationally, including negotiating and drafting contract documents, identifying potential claims, negotiating claims, conducting mediations, handling arbitrations, and trials. Mr. Halls is a Fellow in the American College of Construction Lawyers and has been Chair of the Minnesota State Bar Association Construction Law Section, Chair of the International Construction Division of the American Bar Association Forum Committee on the Construction Industry, President of the Minnesota Construction Association, President of the Minnesota Chapter of the Construction Management Association of America, and head of the Construction Law Practice Group at Faegre & Benson. He is also a member of the panel of construction arbitrators of the American Arbitration Association and is qualified to serve as a neutral mediator and arbitrator for Minnesota courts. He is recognized in *The Best Lawyers in America* and *Minnesota Super Lawyers*. Mr. Halls received his bachelor's degree from Dartmouth College *magna cum laude* and his Juris Doctorate from the University of Minnesota Law School *magna cum laude*, where he was a member of the Order of the Coif and the *Minnesota Law Review*.

Richard G. C. Wong is a partner in the Construction and Infrastructure and Energy practices in the Toronto office of Osler, Hoskin & Harcourt LLP in Canada. Richard's practice focuses on large-scale public and private-sector engineering and construction projects as well as electricity generation, co-generation, and transmission projects in the energy sector. He actively represents government, private-sector owners, developers, contractors, and equipment suppliers in project structuring and development; in developing procurement documentation and contracts for engineering, procurement, construction, and operation; and in developing electrical capacity contracts and power purchase agreements for electricity generating facilities. Richard received his J.D. in 1997 from the University of Toronto and is called to the bars of Ontario and New York State.

E. Jane Sidnell is a partner with the firm of Fraser Milner Casgrain LLP, in Calgary, Canada. Jane has a bachelor of technology degree in architectural science from Ryerson and an LLB from the University of Calgary. After completing her law degree, Jane articulated to the former Chief Justice of the Alberta Court of Queen's Bench, W.K. Moore (retired) and was called to the Alberta bar in 1993. She is a former chair of the Canadian Bar Association's national Construction Law Section and a Fellow of the Canadian College of Construction Lawyers. She has been involved in numerous standard contract drafting committees and is Co-Chair of the Contracts Committee for the Construction Owners Association of Alberta. Jane practices construction law and her practice ranges from drafting agreements to resolving disputes by mediation, arbitration, and litigation. Jane has appeared before the highest court in Canada, the Supreme Court of Canada.

Chapter 6

Scott Greer is a partner in the Houston office of King & Spalding and leads the firm's worldwide construction transactional practice. Mr. Greer, who is also a licensed professional engineer, focuses exclusively on the practice of construction law, representing owners and developers in the drafting and negotiation of construction-related agreements for projects located throughout the world, including North America, Latin America, the Middle East, Europe, Africa, and Asia. Mr. Greer's experience spans a wide range of industries and projects, from oil and gas, power (nuclear, coal, gas, and wind), petrochemical, water, manufacturing, and mining facilities, to large infrastructure and commercial structures such as ports, university campuses, skyscrapers, and mixed-use developments. Mr. Greer is recognized as a leading construction lawyer by *Chambers USA Guide to America's Leading Business Lawyers* and *Who's Who of American Law*.

Mr. Greer obtained his doctor of law degree from Emory University, his master's degree in civil engineering from the University of Illinois, Champaign-Urbana, and his bachelor of science degree in architectural engineering from Oklahoma State University, where he was named the Dean's Outstanding Graduate in Engineering, Architecture, and Technology.

Glynn Walker is an associate in the Global Transactions Practice Group in King & Spalding's Houston office. Ms. Walker's practice involves a variety of construction- and energy-related matters and includes projects in the United States, Latin America, and the Middle East. Prior to joining King & Spalding, Ms. Walker clerked for the Honorable Judge James L. Dennis, United States Court of Appeals for the Fifth Circuit in New Orleans, Louisiana. Ms. Walker obtained a J.D. and a B.C.L. from the Paul M. Hebert Law Center at Louisiana State University in 2004, graduating a member of the Order of the Coif. While at LSU, Ms. Walker served as the articles editor of the *Louisiana Law Review*. In 2000, Ms. Walker graduated with a B.A. in political science from Tulane University, where her major concentrated in international relations; she minored

in both history and religious traditions of the West. Ms. Walker is admitted to practice in Texas and Louisiana.

Chapter 7

Troy Ailshie is a Senior Vice President responsible for leading Fluor Corporation's Project Development and Investments group. Mr. Ailshie is responsible for the development of project financing solutions supporting Fluor's global markets, including oil & gas, chemicals, infrastructure, mining, power, and other broad market interests. Additionally, Mr. Ailshie is responsible for developing and structuring equity investments that support Fluor's strategic objectives. Mr. Ailshie's breadth of experience includes the successful development of project and trade financing solutions employing bank, bond, or export credit agency funding approaches for diverse projects such as chemical production facilities, a first-ever project financing for the U.S. Department of Defense, an offshore oil terminal, power production facilities, and rail/roadway infrastructure projects. Mr. Ailshie graduated from Boise State University with a B.A. in economics. He has held various project finance and strategic planning positions in the engineering and construction industry since 1980.

Erich Peter Eisenegger is a senior associate in the Project Finance group in the New York office of DLA Piper LLP (US). With a focus in the infrastructure sector, he counsels U.S. and foreign financial institutions, project entities, and governmental authorities in a wide range of projects, financings, acquisitions, and divestitures. From 1999–2001, prior to joining DLA Piper, he concentrated in international project finance and aircraft finance at Coudert Brothers in New York while working with the World Bank, OPIC, and other international organizations. Erich has most recently represented developers in connection with various ethanol projects in the United States, coal mining projects in Turkey, and a combined-cycle power plant in Sonora, Mexico, as well as a governmental authority in connection with the development, financing, and construction of a high speed "Maglev" rail project in Southern California.

Erich graduated with a master's in international law and diplomacy from the Fletcher School of International Law and Diplomacy, Tufts University, and obtained his J.D. from Boston College Law School in 1999. He is a member of the American Bar Association, New York Bar Association, and Swiss Society of New York.

Chapter 8

Brook B. Roberts is a partner in Latham & Watkins' San Diego office and has practiced with the firm since 2001. Prior to joining Latham & Watkins, Mr. Roberts served as a law clerk to the Honorable Barry G. Silverman of the United States Court of Appeals for the Ninth Circuit. Mr. Roberts's practice

primarily focuses on complex business litigation and arbitration, with an emphasis on insurance disputes. He has extensive experience representing policyholders in a wide range of coverage actions in state, federal, and international forums. These include environmental, political risk, business interruption, employee liability, products liability, construction, professional liability, bodily injury, and property damage claims under a variety of insurance policies. Mr. Roberts has successfully litigated numerous insurance claims on behalf of engineering, procurement, and construction companies, resulting in hundreds of millions of dollars in recoveries, including the largest reported judgment ever obtained by a contractor against a professional liability insurer. He is a frequent speaker and writer on a variety of insurance issues affecting the engineering and construction industry, and is commonly retained by these companies to evaluate cutting-edge coverage matters.

John M. Wilson is an associate and member of both the Environment, Land and Resources and Litigation Departments in the San Diego office of Latham & Watkins. Mr. Wilson's practice focuses primarily on representing policyholders in complex insurance coverage and bad faith disputes, in addition to his experience with environmental and general business litigation. He has substantial experience in insurance coverage matters involving a variety of first- and third-party insurance, including commercial general liability, directors' and officers' liability, errors and omissions, and political risk policies, as well as insurance bad faith claims. Mr. Wilson most recently delivered a seminar entitled "Insurance Bad Faith Claims in California" to practitioners in San Diego, and presented a paper focused on Mitigating the Risk of International Construction Projects at the 2009 ABA Midwinter Forum on the Construction Industry. Mr. Wilson has represented clients in federal and state court litigation, the international arbitration setting, and high-stakes mediations. Mr. Wilson's experience includes arguing discovery motions, motions to dismiss, and other case-dispositive motions in courts in California, Hawaii, and Illinois. Mr. Wilson has successfully argued motions before federal District Court and Magistrate judges in a \$20 million insurance coverage and bad faith dispute, and served as second chair in a \$50 million arbitration conducted before a former judge of the Second Circuit Court of Appeals. Among the corporate and professional clients Mr. Wilson has represented are several Fortune 500 companies and their captive insurers, including Fluor Corporation, Sempra Energy, Pinnacle Insurance Company, Brookdale Living Communities, and Montrose Chemical Corporation. From 2003 to 2004, Mr. Wilson served as a law clerk to the Hon. Cynthia Holcomb Hall, U.S. Court of Appeals for the Ninth Circuit. Prior to his clerkship, he attended Stanford Law School, where he served as an Executive Editor of the *Stanford Law Review*, and graduated *with distinction* in 2003. Mr. Wilson received a B.A. in history from the University of Pennsylvania in 2000, which was conferred *summa cum laude*.

Chapter 9

Matthew R. Alter is a partner in the Canadian law firm Borden Ladner Gervais LLP, where he practices exclusively in the areas of construction, procurement, and surety law. His practice involves representing public and private owners, developers, general contractors, trade contractors, project managers, and sureties at the front end of domestic and international construction and infrastructure projects, and in all types of construction-related disputes and litigation, including tendering disputes, contractor defaults, interference and delay claims, liens, trust claims, and surety bond claims. He has been a member of the Law Society of Upper Canada (LSUC), in the Province of Ontario, Canada, since 1987, and a LSUC Certified Specialist in Construction Law since 2000. Matthew's professional recognitions in construction law include Fellow of the Canadian College of Construction Lawyers, *The Canadian Legal LEXPERT Directory* of Leading Practitioners, and *The Best Lawyers in Canada*.

He received his bachelor of arts degree in 1982 from the University of Toronto, and bachelor of laws degree (LL.B.) from the University of Windsor in 1985. He is a past Chair of both the LSUC's Construction Law Specialty Committee and the Ontario Bar Association's Construction Law Section, and a frequent speaker on construction law topics. For the ABA, Matthew has served as a member of the Steering Committee for the Forum on the Construction Industry's Division 8 (International Construction) since 2006, and is also co-author of *International Arbitration Rules and Procedures*, and *Construction Checklists: A Guide to Frequently Encountered Construction Issues* (American Bar Association 2008).

Ian J. Houston is regional leader of the Toronto Construction, Engineering, Surety and Fidelity Law Practice Group of Borden Ladner Gervais LLP. He has specialized in the area of construction and surety law from the beginning of his career. His practice includes advising clients on all commercial aspects related to the development of major capital projects; drafting and negotiating all forms of construction agreements; providing procurement law advice; and assisting clients in resolving disputes through litigation or alternative dispute resolution processes. Mr. Houston's clients include public bodies such as hospitals, school boards, municipalities, and regional governments, as well as private sector owners, developers, manufacturers, contractors, consultants, and financial institutions.

Mr. Houston is a member of the Executive Committee of the Construction Law Section, Canadian Bar Association; the Executive Committee of the Construction Law Section; Ontario Bar Association; the Toronto Construction Association; the Advocates Society; the Surety Association of Canada; and the Canadian Council for Public-Private Partnerships. He has authored and co-authored numerous papers on construction and procurement law subjects and he is a contributing author to the highly regarded legal textbook *Scott and Reynolds on Surety Bonds* (Carswell 1993). Mr. Houston is a frequent lecturer

and speaker on construction and surety bonding issues for the University of Toronto Law School; the University of Toronto School of Architecture, George Brown College Centre for Construction Management, and Architectural Technology; the Ontario Hospital Association; the Canadian Bar Association; the Canadian Institute; and others.

Chapter 10

John W. Hinchey, a partner at King & Spalding, leads the firm's construction disputes practice. Mr. Hinchey focuses his practice on international and domestic construction arbitration and dispute resolution, representing clients across a broad spectrum of construction, contracting, and procurement activities. He has served as advocate, arbitrator, or mediator in multiple large national and international complex construction disputes and has negotiated or performed risk analyses of a variety of design build, turnkey, and EPC agreements. Recognized as an international leader in construction law and related fields, he has served as Chair of, and received the highest achievement "Cornerstone Award" from, the world's largest organization of construction lawyers, the American Bar Association Forum on the Construction Industry, and as former President of The American College of Construction Lawyers. He was also recognized in the 1st Band (Georgia) of Leading Construction Lawyers by Chambers USA; listed among the Best Lawyers in America, and recognized by Who's Who Legal as one of the top eight "Most Highly Regarded Individuals—Global" in international construction law. Mr. Hinchey is a Fellow of the College of Commercial Arbitrators; a member of the London Court of International Arbitration (LCIA); on the Council of Distinguished Advisors, Straus Institute of Dispute Resolution, Pepperdine University; a member of the Chartered Institute of Arbitrators; and a member of the JAMS Global Engineering and Construction panel of construction arbitrators and mediators. He is co-author (with Troy Harris) of *The International Construction Arbitration Handbook* (ThomsonReuters/West 2008).

Luis Prats is a board-certified construction lawyer with more than 28 years of experience representing public and private owners, developers, contractors, and design professionals on construction matters. He has tried, arbitrated, or mediated dozens of construction disputes over the years. Mr. Prats lectures regularly on the subject of construction law and has published or presented numerous articles and papers on the subject. He is also co-author of two books on construction law: *Florida Construction Law and Practice* (The Florida Bar, 5th ed., 2006) and *Inside the Minds: Negotiating Construction Law Disputes* (Aspatore 2008). Mr. Prats heads the construction practice group at the Carlton Fields law firm. He is listed in *Best Lawyers in America* (Construction), *Chambers USA Guide to America's Leading Business Lawyers* (Construction), *Florida Trend* magazine's Legal Elite, *Florida Superlawyers* (Construction), and was also named to the *Florida Superlawyers* Top 100 list. He holds an AV

rating from Martindale-Hubbel. Mr. Prats is an active member of the ABA Forum on the Construction Industry. He obtained his B.A. from Stetson University in 1978 and his J.D. from Stetson University College of Law in 1981.

William Karl Wilburn is the founding partner of WKWilburn P.C. (<http://www.wkwilburn.com>), a Washington, D.C.-area law firm that specializes in construction law, international practice, and complex commercial litigation. Mr. Wilburn serves on the American Arbitration Association's panels for Large Complex Cases, Construction, and International disputes and is a member of the German (DIS) and Swiss (ASA) Arbitration Associations. He has advocated claims in arbitrations and proceedings before the AAA, the United Nations, and numerous international organizations. His construction practice has included the full range of disputes, including prosecuting and defending bid protests, delay, impact, acceleration, inefficiency, and price escalation claims. He has successfully litigated construction cases in state and federal courts and administrative boards in California, the District of Columbia, Florida, Maryland, Massachusetts, Montana, New York, Ohio, Virginia, and Texas.

A former adjunct professor of international contracting at Georgetown Law Center and the University of Baltimore School of Law, Mr. Wilburn speaks fluent German and has studied French and Arabic. He has authored professional and op-ed articles in English and German, and is a frequent guest speaker at law conferences.

Chapter 11

Richard F. Wareing received his A.B. from the College of Holy Cross, *magna cum laude*, and his J.D. from the Harvard Law School, *cum laude*. He is a partner in the Construction Practice Group at Pepe & Hazard LLP in Hartford, Connecticut. He represents a broad array of clients in the construction industry in contract negotiations and disputes throughout the United States. He is also a member of Pepe & Hazard's Rapid Response Team, which provides counsel to companies involved in catastrophic job-site accidents, as well as the head of its Appellate Project Team and the co-author of the annual publication, *Top 25 Leading Decisions of the Supreme Court of Connecticut*.

Richard D. Austin received his undergraduate degree from Vanderbilt University and is a graduate of Tulane law school. For a number of years he was General Counsel for ALSTOM's Power Sector. He is currently both U.S. General Counsel and Chief Intellectual Property Officer of ALSTOM. He resides in Zurich, Switzerland, and Washington, D.C.

Chapter 12

Troy L. Harris is a counsel in King & Spalding's Business Litigation Practice Group and a Fellow of the Chartered Institute of Arbitrators. He is an adjunct professor of law at Emory Law School in Atlanta and has taught at the Cornell Law School and the Georgia Institute of Technology's College of Management. Mr. Harris currently serves as Co-Chair of the International Litigation Subcommittee of the Commercial and Business Litigation Committee of the American Bar Association's Section of Litigation and as a member of the Steering Committee for Division 8 (International Contracting) of the American Bar Association's Forum on the Construction Industry. Mr. Harris graduated Phi Beta Kappa with an undergraduate degree in history from the University of Kansas and received his law degree from the University of Michigan (Ann Arbor). He holds a Ph.D. in European legal history from the University of Chicago.

Michael Black, QC, has over 30 years experience as advocate, arbitrator, adjudicator, and mediator handling international disputes affecting all aspects of infrastructure projects, particularly in the oil and gas, energy, telecommunications, and transportation industries. He is recognized as having the experience not only to master technically complex engineering issues, but also to deal with related funder, shareholder, and joint venture disputes, offshore project finance structures, insolvency, and professional liabilities. He is regularly retained by owners, sponsors, contractors, and liability and professional indemnity insurers alike. An internationally acknowledged expert in civil procedure, he was retained to draft the procedure rules for the Dubai International Financial Centre.

Mr. Black is a Visiting Professor of Construction Law at the University of Manchester and a deputy judge of the Technology and Construction Court (London). He is admitted to the bars of England and Wales, Dubai International Financial Centre, Eastern Caribbean Supreme Court, Cayman Islands (ad hoc), and Isle of Man (ad hoc). He is a member of the CPR Distinguished Panel of Neutrals and has been appointed as arbitrator under the rules of the ICC, LCIA, UNCITRAL, City Disputes Panel, CIMAR, RICS as well as under ad hoc procedures.
