Chapter 1
Entrepreneurial Medicine: Fraud and Abuse Risk Areas for Physician Business Relationships ............ 1

By: Clay J. Countryman, J.D.

I. Introduction .......................................................... 1

II. Federal Fraud and Abuse Laws .................................. 1

   A. The Federal Anti-Kickback Statute, 42 U.S.C. §1320a-7b(b) ........................................... 2

      1. Exceptions and Safe Harbors to the Anti-Kickback Statute ........................................... 2

      2. Recent Settlements Involving Anti-Kickback Allegations ................................................ 4

      1. Whistleblower Actions Under the False Claims Act ...................................................... 6

      2. Examples of Potential False Claims for Items and Services ............................................ 6

      3. Penalties for Violation of the False Claims Act ............................................................ 7

      4. False Claims Act Cases Based on Physicians Providing Medically Unnecessary Services .......... 7

   C. The Stark Law, 42 U.S.C. §1395nn .................................................. 8

      1. Scope of the Stark Law Physician Self-Referral Prohibition ........................................... 8

      2. Examples of Physician Relationships Subject to the Stark Law ........................................ 9

      3. Penalties for Stark Law Violations ..................................................................................... 10

      4. Exceptions to the Stark Law Physician Self-Referral Prohibition ....................................... 10

      5. Differences between Stark Law and the Federal Anti-Kickback Statute ......................... 11

      6. Stark Law and Hospital Ownership ............................................................................... 11

      7. Recent Stark Law Amendments ..................................................................................... 13

   D. The Civil Monetary Penalties Law, 42 U.S.C. §1320a-7a .............................................. 15

      1. Civil Monetary Penalties .................................................................................................. 16
Physician Law: Evolving Trends and Hot Topics

2. Examples of Recent Settlements Involving CMPs Involving Physicians ................................. 16

E. OIG Provider Exclusion Authorities ......................... 16
   1. Mandatory Exclusion ................................. 16
   2. Permissive Exclusion ................................. 17
   3. Exclusion Liability ................................. 17
   4. OIG Guidance on Permissive Exclusion .......... 17

III. Fraud and Abuse Risks with Physician Compensation Arrangements ................................. 19
   A. Physician Employment and Professional Service Agreements ........................................... 20
      1. Employment Relationship ......................... 20
      2. Fraud and Abuse Concerns ......................... 20
      3. Compliance Recommendations .................... 22
      4. Recent Cases and Settlements Based on Compensation to Employed or Contracted Physicians .......... 23
   B. Service Line Co-Management Arrangements .......... 26
      1. General Description ................................. 26
      2. Fraud and Abuse Concerns ......................... 28
      3. Compliance Issues and Recent Guidance ........... 29
      4. General Recommendations to Address fraud and Abuse Concerns .................................. 31
   C. Gainsharing Arrangements ............................... 32
   D. Medical Directorships .................................... 32
      1. General Description ................................. 32
      2. Fraud and Abuse Concerns ......................... 33
      3. Compliance Recommendations and Available Guidance and General Recommendations .......... 34
      4. Recent Cases and Settlements ..................... 36
   E. Free or Discounted Items and Services .................. 36
      1. General Description ................................. 36
      2. Fraud and Abuse Concerns ......................... 37
      3. Recent Guidance ..................................... 37
   F. Call Coverage Agreements ............................... 39
      1. General Relationship ................................. 39
      2. Fraud and Abuse Concerns ......................... 39
      3. Recent Guidance Involving Call Coverage Agreements .................................................. 40

IV. Concierge Medicine ................................. 41
   A. General Description ................................. 41
2. OIG Fraud Alert: Physician Compensation Arrangements
   May Result in Significant Liability ............... 55
3. Special Fraud Alert Regarding Laboratory Payments to
   Referring Physicians ........................... 56

Chapter 2
Evolving Trends in Physician-Hospital Contracting: Integration,
Relationships, and Collaborations Toward Accountable Care . . 59
By: Robert W. McAdams, Jr., Emily E. Root, Violet M. Anderson
I. Introduction .......................................... 59
II. Trends in Physician Employment ..................... 60
   A. Number of Employed Physicians ............... 61
      1. Numbers ..................................... 61
      2. Independent Physicians ..................... 62
      3. New Physician Recruitment .................. 62
   B. Attitudes Toward Physician Employment ........ 63
   C. Non-Employee Physician Alignment ............. 64
      1. Lessons from the Past ....................... 64
      2. What’s Different This Time? ............... 64
III. Recruiting Arrangements .......................... 65
   A. Recruiting Agreements .......................... 66
      1. Stark ....................................... 66
      2. Anti-Kickback Statute ....................... 68
   B. Employment Agreements ......................... 69
      1. Scope of the Exceptions ..................... 69
      2. Fair Market Value .......................... 70
   C. Professional/Personal Services Agreements—Physician
      Staffing Models ................................ 72
IV. AMA Physician Employment Principles ............... 74
   A. Potentially Problematic Aspects of Employer-Employee
      Relationships ................................. 75
      1. Conflicts of Interests ....................... 75
      2. Advocacy for Patients and the Profession ...... 75
      3. Contracting .................................. 75
      4. Hospital Medical Staff Relations ........... 76
      5. Peer Review and Performance Evaluations .... 76
      6. Payment Agreements .......................... 76
   B. Related Codes of Medical Ethics ................. 76
V. Contractual Issues with Recruiting Physicians .......... 77
   A. Standard Contract Provisions and Process ....... 77
Contents

1. Standard Provisions ............................................. 77
2. Contracting Process ............................................. 77
3. Physician and Hospital Interests ................................. 77

B. Current Contractual Hot Spots ................................. 81
1. Due Diligence Authorization Agreements ...................... 81
2. Non-Competition/Non-Solicitation ............................ 83
3. Terms and Standards of Care .................................. 84
4. Disability Insurance ............................................. 84
5. Extended Reporting “Tail” Policy .............................. 85

VI. Accountable Care Organizations: The Future of
Physician-Hospital Relationships ................................. 85
A. Non-Employment Physician Alignment ...................... 86
1. Numbers ............................................................. 86
2. Physician Opinion ............................................... 86
B. Risk-Sharing and Value-Based Reimbursements ............. 88
1. Value-Based Contracting Arrangements ..................... 89
2. Changes in Recruitment Strategies ......................... 89

VII. Conclusion ..................................................... 90

Appendix 1: AMA Principles for Physician Employment ........ 91
Contract Govern the Following Areas ......................... 97
Appendix 3: Physician Recruitment and Generic Checklist .... 99
Appendix 4: OSU Wexner Medical Center Office of Legal
Services Guidelines for Interactions with Physicians for
Recruitment Purposes ............................................. 101

Chapter 3
Medical Professional Liability: Trends in Claims and
Legislative Responses ............................................. 103

By: Michael C. Stinson

Introduction .......................................................... 103
Part A—Medical Professional Liability Claims Trends .......... 104
Introduction to the Data Sharing Project ....................... 104
Data Sharing Project Data—Claims Analysis ................. 105
Claim Details .......................................................... 105
Trend Analysis of Claims by Close of Year .................... 105
Comparative Payment Analysis by Close Year ................. 107
Expense Payment Analysis by Close Year ..................... 108
Comparative Payment Threshold Analysis by Specialty .... 108
Comparative Total Expense Payments by Specialty .......... 111
Physician Law: Evolving Trends and Hot Topics

Claims by Adjudication Status .......................... 112
Claims by Five Most Prevalent Medical Conditions ............. 114
Claims by the Five Most Prevalent Medical Factors .......... 115
Claims by Most Prevalent Procedures Performed .......... 116
Payments by Severity of Injury .......................... 116
   Summary ........................................... 117
PART B—Medical Professional Liability Legislative Trends ..... 117
   State Reforms ...................................... 118
   MICRA and Traditional State Reform Efforts ............. 118
   Supplemental Reforms ................................ 121
   Alternative Reforms ................................ 122
   The Future of State Reforms ........................... 125
   Federal Reforms ..................................... 125
   HEALTH Act ......................................... 125
   Additional Reforms .................................. 126
   Targeted Reforms .................................... 126
   The Future of Federal Reforms .......................... 128
      Summary ......................................... 129
Conclusion .............................................. 129

Chapter 4
Telemedicine ............................................. 131
   BY: TARA KEPLER, JD, MPA
   I. Introduction ........................................ 131
   II. Practitioner Licensing Dilemmas ....................... 132
      A. Multi-State Licensing and Special Telemedicine Permits ... 133
      B. Licensing Exceptions ................................ 134
      C. Regulation of Non-Physician Practitioners ........... 135
   III. E-Prescribing Restrictions: The Government’s Most Recent
      Gauntlet for the Telemedicine Industry .................. 135
      A. Do You Love or Hate the DEA’s New Internet Prescribing
         Restrictions? ....................................... 136
      B. DEA Restrictions on e-Transmission of Controlled
         Substance Prescriptions .............................. 137
      C. State Regulation of e-Prescribing ....................... 138
      D. Survey of State Telemedicine Laws .................... 145
   IV. Beware of the Lesser-Known Telemedicine Regulations ..... 146
      A. States That Are Currently Leading the Pack on
         Heightened Requirements ............................ 146
      B. Informed Consent ................................... 148
Contents

C. Medical Records and Privacy ............................................. 148
D. Standards of Care and Unprofessional Conduct ................. 149
E. Hospital Licensing ...................................................... 149
F. Certificate of Need ...................................................... 149
G. Teleradiology .............................................................. 149
H. Physician-Patient Relationship and Physician Supervision ... 150
I. Email, Internet Advertising, and Websites ....................... 150
J. Contractual Arrangements ............................................. 150
K. Food and Drug Administration Regulation of Telemedicine
   Software, Devices and Mobile Apps ............................... 151
L. New FTC Scrutiny of Telemedicine Technologies ............... 152
V. Reimbursement ......................................................... 153
   A. Medicare Reimbursement ......................................... 153
   B. State Medicaid and Private Payor Reimbursement .......... 156
VI. Malpractice, Liability, and Heightened Standards of Care .... 156
   A. What Are the Applicable Standards of Care? ............... 157
   B. Duty of Care, Continuity of Care, and Patient
      Abandonment—The Telemedicine Dilemma of
      Multiple-Physician and Multiple-Facility Involvement ... 158
   C. Malpractice Insurance Coverage ................................ 160
   D. Jurisdiction and Choice of Law ................................. 161
VII. Fraud and Abuse Issues Unique to Telemedicine .......... 162
   A. Federal Kickback Restrictions ................................. 162
   B. Federal Self-Referral Prohibition ............................. 166
   C. False Claims Act and Civil Monetary Penalties .......... 167
   D. State Fraud and Abuse Laws ................................. 168
   E. Corporate Practice of Medicine and Fee-Splitting—The Real
      Barriers to Telemedicine Ventures ......................... 168
   F. International Implications ..................................... 170

Chapter 5
Final HIPAA Omnibus Rule: What’s Changed, and a Guide to
Complying for Providers (Or, “Better Late than Never”) ........ 171

By: Clinton R. Mikel, Esq.
I. Overview ................................................................. 173
II. This Chapter ............................................................. 173
III. Your First Steps ....................................................... 174
IV. Required Changes to Notices of Privacy Practices ............. 175
V. Impact Related to Business Associate Relationships .......... 177
   A. Next Steps ........................................................ 179
Physician Law: Evolving Trends and Hot Topics

VI. Changes to Breach Notification Rule ........................................... 179
   A. Next Steps ............................................................................. 182

VII. Requests for Restrictions .......................................................... 182
   A. Next Steps ............................................................................. 183

VIII. Limits on Marketing and Sale of PHI ........................................ 184
   A. Marketing ............................................................................. 184
   B. Sales ..................................................................................... 185
   C. Next Steps ............................................................................. 186

IX. Changes to Patient Access to PHI Rights ..................................... 186
   A. Access to and Sending Electronic PHI .................................... 186
   B. Fees ...................................................................................... 187
   C. Response Time ...................................................................... 188
   D. Next Steps ............................................................................. 188

X. Increased HIPAA Enforcement ................................................... 188
   A. Investigations Triggered by Willful Neglect ......................... 189
   B. Civil Monetary Penalties ......................................................... 189
   C. Defenses ................................................................................. 191

XI. Research .................................................................................. 191
   A. Next Steps ............................................................................. 193

XII. Fundraising Activities ............................................................... 193
   A. Next Steps ............................................................................. 194

XIII. Immunizations .......................................................................... 195
   A. Next Steps ............................................................................. 195

XIV. Decedents ................................................................................ 196
   A. Next Steps ............................................................................. 196

XV. Phase 2 Audits .......................................................................... 196
   A. Next Steps ............................................................................. 197

XVI. Other Resources ....................................................................... 197

XVII. Staff Training .......................................................................... 202

XVIII. Conclusion ............................................................................ 203

Chapter 6
Accountable Care Organizations—Overview ................................. 205
By: Sidney S. Welch, J.D., M.P.H.
I. What Are ACOs? .......................................................................... 205
   A. History and background ....................................................... 205
   B. The Affordable Care Act ....................................................... 207
   C. American Medical Association ACO policy ......................... 210
Contents

II. The Center for Medicare and Medicaid Innovation and Current ACO Models .................................................. 211
   A. The Center for Medicare and Medicaid Innovation (CMMI) ................................................................. 211
   B. ACO Models ..................................................................... 211
      1. Medicare Shared Savings Program (MSSP) ACO Models (Track 1, 2, and 3) ............................... 212
      2. Pioneer ACO Model .................................................. 219
      3. ACO Investment Model (AIM) ......................................... 222
      4. The Next Generation ACO Model ................................. 223
      5. The Comprehensive ESRD Care (CEC) Model .......... 225
      6. The Medicare-Medicaid ACO Model .............................. 226

III. Legal Issues ................................................................. 228
   A. Antitrust ..................................................................... 228
   B. Anti-Kickback Statute/Stark/Gainsharing Civil Monetary Penalty Waivers ........................................ 229
      1. Brief description of the Anti-Kickback/Stark/Gainsharing Civil Monetary Penalty Laws ............... 229
      2. The CMS, FTC, and HHS Office of the Inspector General ACO workshop, and Subsequent Waivers of applicability of the Anti-kickback, Stark, and Gainsharing CMP Laws to MSSP ACOs .......................... 231
   C. Tax-Exempt Status ....................................................... 236
   D. State Insurance Laws .................................................... 239

IV. Practical Issues ............................................................ 240
   A. Who Are Members? ..................................................... 240
   B. What Does the Structure Look Like? ................................. 241
   C. Who Controls/Leads? .................................................. 243
   D. Size ........................................................................ 246

V. Viability ................................................................. 248
   A. Viability of ACOs under MACRA .................................. 248

VI. Conclusion ................................................................. 251

Chapter 7
Doctors’ Defense in Medical Staff Hearings and Appeals: An Overview for Attorneys and their Physician Clients ........... 253
BY: MERHNAZ HADIAN

I. Introduction ................................................................ 253
   1. The Need for Legal Counsel ........................................ 254
      a. Right to Representation ........................................... 254
