

Praise for *Designing an Effective Anti-Bribery Compliance Program*

“This Guide is essential reading for anyone connected with the process of corporate compliance, be they in-house or external lawyers, senior managers or compliance officers. The process of Anti-Bribery Compliance is set out in lucid terms and by useful reference to published official guidance in this area in the US, the UK and other jurisdictions. This publication will thus be of immense assistance to legal practitioners and to the business community in both a domestic and an international context.”

—*Vivian Robinson QC, Partner, McGuire Woods London LLP, London, UK (former General Counsel, Serious Fraud Office)*

“Stuart Deming is the architect behind a perfectly designed, effective anti-bribery compliance program in his new book *Designing an Effective Anti-Bribery Compliance Program*. He provides the blueprints and materials necessary to construct a solid and sturdy anti-bribery compliance program that is effective and can withstand the winds of governmental scrutiny. The table of contents alone is an instructive outline of how to design the compliance program. The chapters are in depth, annotated with advisories, leading the reader step-by-step on how to build the program. The appendices provide an extremely helpful checklist and sample agreements that are readily useable. It educates and informs the reader how to create the compliance program and then guides them on how to implement the program so that it becomes a living, breathing structure. This book has it all.”

—*Rebekah J. Poston, Partner, Squire Patton Boggs, LLP, Miami, FL*

“This book is tremendously helpful whether developing, implementing, monitoring or maintaining an effective anti-bribery compliance program. At any stage of a program’s development, one can use this book to easily locate the precise topic at issue and find concise and practical guidance. It can be used for any number of jurisdictions and any size or type of organization. The appendices are especially handy tools: Appendix A is useful from initial development all the way through auditing or reviewing a program; Appendix B is an excellent drafting guide to address the challenges of consulting agreements. As a compliance professional, I use this book daily to address the multiple questions that arise and to assist clients in ensuring their compliance programs are effective. It streamlines the overwhelming amount of widely varying information on this subject—this book is all one really needs.”

—*Michelle A. Blaine, Partner, Blaine & Maney Ltd LLP,
Houston, TX*

“Stuart Deming has written the ‘Anti-Corruption Compliance Program Guide 101.’ It is a great starting point for anyone tasked with creating or reviewing an anti-corruption compliance program.”

—*James Klotz, Partner, Miller Thomson LLP, Toronto, Canada*

“This guidebook is a must-read for all professionals involved in compliance programs, not only compliance officers, but board members, senior management, and mid-level officials, who are conducting business locally and abroad. Convenient, well-organized, and useful, this book provides basic and practical guidance of an integrated system and risk-based approach to internal controls and compliance programs.”

—*Renata F. Andrade, founder and chair of Anticorruption and Compliance Committee at Ordem dos Advogados do Brazil (OAB/SP Pinheiros), Vice Chair of International Procurement and Steering Group member of Anticorruption Practices Committee of ABA International Law Section, São Paulo, Brazil*

“Deming’s FCPA treatise is one of the essential guides for legal and compliance professionals working in the ever-growing field of global anti-corruption law. He has condensed into clear and unambiguous format solid and up to date information that can be used to implement and enhance a US Foreign Corrupt Practices Act (FCPA) or UK Bribery Act based compliance program.”

—*Truman K. Butler, International Compliance Executive*
