Committee .............................................................. xvii

Chapter 1
Entrepreneurial Medicine: Fraud and Abuse Risk Areas for
Physician Business Relationships .............................. 1

CLAY J. COUNTRYMAN, J.D.

I. Introduction ......................................................... 1

II. Federal Fraud and Abuse Laws ................................. 1

A. The Federal Anti-Kickback Statute ......................... 2

   1. Exceptions and Safe Harbors to the Anti-Kickback
      Statute .......................................................... 2

   2. OIG Special Fraud Alerts, Bulletins, and Other
      Guidance Involving Physicians ............................ 4

   3. 2014 OIG Special Fraud Alert Regarding Laboratory
      Payments to Referring Physicians ......................... 5

B. The False Claims Act ............................................. 7

   1. Whistleblower Actions under the FCA .................... 7

   2. Examples of Potential False Claims for Items and Services 7

   3. Penalties for Violation of the FCA ......................... 8

   4. The 60-Day Overpayment Report and Refund Obligation .. 8

C. The Stark Law ...................................................... 9

   1. Scope of the Stark Law Physician Self-Referral
      Prohibition ....................................................... 9

   2. Examples of Physician Relationships Subject to the
      Stark Law ........................................................ 11

   3. Penalties for Stark Law Violations ......................... 11

   4. Exceptions to the Stark Law Physician Self-Referral
      Prohibition ....................................................... 11

   5. Differences between Stark Law and the Federal
      Anti-Kickback Statute ........................................ 12

   6. Stark Law and Hospital Ownership ......................... 13

   7. Recent Stark Law Changes and Clarifications ............ 14

   8. Stark Law Self-Referral Disclosure Protocol ............ 16
Physician Law: Evolving Trends and Hot Topics

D. The Civil Monetary Penalties Law .......................... 16
   1. Civil Monetary Penalties Law—False or Fraudulent
      Claims ...................................................... 16
   2. Examples of Recent CMPL Settlements Involving
      Physician Self-Referral and Kickback Violations ....... 17
E. Exclusion Authorities ........................................... 19
   1. Mandatory Exclusion ...................................... 19
   2. Permissive Exclusion .................................... 19
   3. Exclusion Liability ...................................... 20
   4. OIG Guidance on Permissive Exclusion .................. 20
F. Eliminating Kickbacks in Recovery Act of 2018 (EKRA) .... 21

III. Fraud and Abuse Risks with Physician Compensation

A. Physician Employment and Professional Service
   Agreements ..................................................... 22
   1. Employment Relationship ................................ 22
   2. Fraud and Abuse Concerns .............................. 23
   3. Compliance Recommendations .......................... 25
   4. Recent Cases and Settlements Based on Compensation
      to Employed or Contracted Physicians ................. 26
B. Payments to Physicians For Other Than Professional
   Services ......................................................... 30
   1. General Description and Compliance
      Recommendations ........................................ 30
   2. Recent Enforcement Actions and Settlements .......... 30
C. Service Line Co-Management Arrangements .................. 33
   1. General Description .................................... 33
   2. Fraud and Abuse Concerns .............................. 35
   3. Compliance Issues and Recent Guidance .............. 35
   4. General Recommendations to Address Fraud and
      Abuse Concerns ......................................... 38
D. Gainsharing Arrangements ..................................... 38
E. Medical Directorships ......................................... 40
   1. General Description .................................... 40
   2. Fraud and Abuse Concerns .............................. 40
   3. Compliance Guidance .................................. 41
   4. Recent Cases and Settlements .......................... 43
Contents

F. Free or Discounted Items and Services ................................. 44
   1. General Description .............................................. 44
   2. Fraud and Abuse Concerns ...................................... 44
   3. Recent Guidance .................................................. 45
   4. Recent Settlements and Voluntary Self-Disclosures ......... 46
G. Call Coverage Agreements .............................................. 47
   1. General Relationship ............................................. 47
   2. Fraud and Abuse Concerns ...................................... 48
   3. Guidance Involving Call Coverage Agreements ............. 48
H. FCA Cases Based on Physicians Providing Medically
   Unnecessary Services ................................................ 49
I. Recent Settlements Related to Physician Billing ............... 50
IV. Concierge Medicine .................................................. 50
   A. General Description .............................................. 50
   B. Concierge Medicine vs. Direct Primary Care ............... 51
   C. Compliance Concerns ............................................ 51
      1. General Description ........................................... 51
   D. Compliance Issues and Recent Government Guidance ...... 52
      1. Private Payor Compliance Issues ........................... 53
      2. Recent Civil Monetary Penalty Settlements ............. 53
V. Physician-Owned Medical Device Distributorships ............. 54
   A. Fraud and Abuse Concerns ...................................... 54
   B. OIG Special Fraud Alert Physician-Owned Entities ....... 54
   C. Cases and Settlements Involving PODs ....................... 55
VI. Fraud and Abuse Risks With Electronic Health Records
   Arrangements and Electronic Health Record Billing
   Arrangements .................................................................. 56
   A. Fraud and Abuse Concerns with Electronic Health Record
      Arrangements .......................................................... 56
   B. Stark Law and Applicable Exceptions .......................... 56
      1. EHR Exception ..................................................... 57
      2. Electronic Prescribing Exception ............................ 58
      3. Community-Wide Health Information Exception ......... 58
   C. Anti-Kickback Statute ............................................. 59
   D. Recent Government Settlements, Advisory Opinions and
      Guidance ............................................................... 60
      1. Recent Settlements Involving EHR Systems ............. 60
      2. OIG Advisory Opinion 12-20 Free Access to an
         Electronic Interface to Physicians .......................... 61
Physician Law: Evolving Trends and Hot Topics

3. CMS Stark Law Advisory Opinion ............................. 62
4. OIG Alert—Information Blocking and the Federal Anti-Kickback Statute ............................. 62
E. EHR Billing Concerns ............................................. 62
   1. General Description ........................................ 62
   2. Compliance Concerns ...................................... 63
   3. Compliance Issues and Recent Government Guidance ... 63

Chapter 2
Evolving Trends in Physician-Hospital Contracting:
Integration, Relationships, and Collaborations Toward Accountable Care ............................. 67
VIOLET M. ANDERSON, J.D., HILARY H. BOWMAN, J.D., KELSEY U. JERNIGAN, J.D., GABRIEL SCOTT, J.D.
I. Introduction ..................................................... 67
II. Regulatory Framework of Physician Arrangements ................. 70
   A. Recruiting Agreements ..................................... 71
      1. Stark Law .................................................. 71
      2. Anti-Kickback Statute ................................... 73
   B. Employment Agreements ................................... 74
      1. Stark Law .................................................. 74
      2. AKS ....................................................... 78
   C. Professional/Personal Services Agreements—Physician Staffing Models ................................ 78
      1. Stark Law .................................................. 79
      2. AKS ....................................................... 81
   D. Potential Changes to the Regulatory Framework ................. 82
      1. Risk-Sharing and Value-Based Reimbursements ...... 83
III. AMA Physician Employment Principles .......................... 87
   A. Potentially Problematic Aspects of Employer-Employee Relationships ................................. 87
      1. Conflicts of Interests ................................... 87
      2. Advocacy for Patients and the Profession .......... 88
      3. Contracting ............................................... 88
      4. Hospital Medical Staff Relations ..................... 89
      5. Peer Review and Performance Evaluations .......... 89
      6. Payment Agreements ..................................... 89
   B. Related Codes of Medical Ethics ............................. 90
Contents

IV. Contractual Issues with Physician Arrangements ................. 90
   A. Standard Contract Provisions and Process .................. 90
      2. Contracting Process ...................................... 91
      3. Physician and Hospital Interests ......................... 91
   B. Current Contractual Hot Spots ............................... 96
      1. Due Diligence and Related Terms When Acquiring the
         Physician Practice in Conjunction with Employment/
         Contracting ........................................... 96
      2. Non-Competition and Non-Solicitation ...................... 98
      3. Terms and Standards of Care ............................. 100
      4. Disability Insurance ...................................... 100
      5. Extended Reporting “Tail” Policy ......................... 100

Appendix 1: AMA Principles for Physician Employment .............. 101
   Govern the Following Areas .................................. 106
Appendix 3: Physician Recruitment and Generic Checklist .......... 108
Appendix 4: OSU Wexner Medical Center Office of Legal
   Services Guidelines for Interactions with Physicians for
   Recruitment Purposes ....................................... 110

Chapter 3
Medical Professional Liability: Trends in Claims and Legislative
Responses ....................................................... 111

MICHAEL C. STINSON, J.D.

Introduction ................................................... 111
Part A—Medical Professional Liability Claims Trends ............. 112
   Introduction to the Data Sharing Project ...................... 112
   Data Sharing Project Data—Claims Analysis .................. 113
   Claim Details ............................................... 113
   Trend Analysis of Claims by Close of Year ................... 113
   Comparative Payment Analysis by Close Year ................ 114
   Comparative Payment Threshold Analysis by Specialty ...... 115
   Comparative Total Expense Payments by Specialty .......... 117
   Claims by Adjudication Status .............................. 118
   Summary .................................................... 119
Part B—Medical Professional Liability Legislative Trends ......... 120
   State Reforms .............................................. 121
Physician Law: Evolving Trends and Hot Topics

The Medical Insurance Compensation Reform Act and
Traditional State Reform Efforts .......................... 121
Supplemental Reforms ...................................... 123
Alternative Reforms ......................................... 124
The Future of State Reforms ................................. 126
Federal Reforms ............................................ 127
Traditional Reforms ......................................... 127
Additional Reforms .......................................... 127
Targeted Reforms ........................................... 128
The Future of Federal Reforms ............................. 130
Summary ..................................................... 130
Conclusion .................................................... 131

Chapter 4
Telemedicine .................................................. 133

Jeremy Sherer, J.D., LL.M., Amy Joseph, J.D.

I. Introduction—What Is Telehealth? Is it Different from
Telemedicine? ................................................ 133
A. Telehealth vs. Telemedicine .............................. 133
B. Telehealth Terminology ................................ 133
C. Telehealth Modalities .................................... 134
D. Online Questionnaires, Faxes, Artificial Intelligence, etc. .. 134

II. State-specific Regulatory Issues ......................... 135
A. Licensure .................................................. 135
B. Licensure Exceptions ................................... 136
C. Interstate Medical Licensure Compacts ................. 136
D. Establishing a Physician-Patient Relationship .......... 137
E. Informed Consent ....................................... 138
F. Patient and Provider Verification/Validation .......... 139
G. Medical Records and Patient Privacy .................. 140
H. Remote Prescribing ..................................... 140

III. Reimbursement .......................................... 143
A. Medicare Reimbursement ............................... 144
B. Telehealth Beyond “Medicare Telehealth Services” ....... 146
C. Medicaid Reimbursement ............................... 148
D. Private Payers .......................................... 149
E. Cash Pay ................................................ 150
Contents

IV. Fraud and Abuse Issues Unique to Telehealth .................. 150
   A. Federal Kickback and Beneficiary Inducement
      Restrictions .............................................. 151
   B. Federal Self-Referral Prohibition .......................... 156
   C. False Claims Act and Civil Monetary Penalties .............. 157
   D. State Fraud and Abuse Laws ................................ 159
   E. Corporate Practice of Medicine and Fee-Splitting .......... 159
V. Miscellaneous .................................................. 161
   A. Proxy Credentialing ....................................... 161
   B. Malpractice Insurance ..................................... 162

Chapter 5
HIPAA Compliance: Privacy, Security and Breach Obligations ... 163

TAMMY WARD WOFFENDEN, J.D.

Evolution of HIPAA .................................................. 163
Application of HIPAA to Physicians .............................. 164
The HIPAA Privacy Rule ........................................... 164
   Individual Rights Established by the Privacy Rule ............ 165
   Use and Disclosure of PHI—Individual Authorizations ...... 167
   Uses and Disclosures—Without Authorization ................. 169
   Disclosures to Business Associates ............................ 170
   Minimum Necessary Requirement and Limited Data Sets .... 171
   Other Administrative Requirements ............................ 172
The HIPAA Security Rule ........................................... 173
Breach Notification Rule ........................................... 174
HIPAA Enforcement ................................................ 177
Private Enforcement Actions ....................................... 186
State Laws and HIPAA Preemption ................................. 187

Chapter 6
Accountable Care Organizations—Overview ....................... 189

KENYA S. WOODRUFF, J.D.

I. What Are ACOs? ................................................... 189
   A. History and Background .................................... 189
   B. The Affordable Care Act .................................... 191
   C. American Medical Association ACO policy ................ 195
II. The Center for Medicare and Medicaid Innovation and Current ACO Models .................................................. 196
   A. The Center for Medicare and Medicaid Innovation. ....... 196
   B. ACO Models ............................................................ 197
      1. Medicare Shared Savings Program (MSSP) ACO Models (BASIC and ENHANCED Tracks) .......... 197
      2. Pioneer ACO Model .............................................. 206
      3. ACO Investment Model (AIM) ................................. 209
      4. The Next Generation ACO Model ............................ 210
      5. The Comprehensive ESRD Care (CEC) Model .......... 212
      6. The Medicare-Medicaid ACO Model ....................... 214
III. Legal issues ........................................................... 215
   A. Antitrust ............................................................... 215
   B. Anti-Kickback Statute/Stark/Gainsharing Civil Monetary Penalty Waivers ...................................... 216
      1. Brief description of the Anti-Kickback/Stark/Gainsharing Civil Monetary Penalty Laws .............. 216
      2. The CMS, FTC, and OIG Workshop, and Subsequent Waivers of Applicability of the Anti-Kickback, Stark, and Gainsharing CMP Laws to MSSP ACOs ........................................... 218
   C. Tax-Exempt Status .................................................. 223
   D. State Insurance Laws ............................................... 226
IV. Practical Issues .......................................................... 227
   A. Who Are Members? .................................................. 227
   B. What Does the Structure Look Like? ......................... 228
   C. Who Controls/Leads? .............................................. 230
   D. Size ................................................................. 233
V. Viability ..................................................................... 233
   A. Viability of ACOs under MACRA ............................... 235
VI. Conclusion ............................................................... 238

Chapter 7
Doctors’ Defense in Medical Staff Hearings and Appeals:
An Overview for Attorneys and their Physician Clients ....... 239
MERHINAZ HADIAN, M.D., PATRICK D. SOUTER, J.D.
I. Introduction ............................................................... 239
II. Anatomy of a Medical Staff Hearing and Repercussions Resulting from a Negative Outcome .................. 240
   1. The Need for Legal Counsel ................................. 240
      a. Right to Representation ........................................ 241
Contents

b. How Lawyers Are Selected .......................... 241
c. Cost ...................................................... 241
d. Hospital and Medical Staff Lawyers ............. 241
e. Hearing Officers ........................................ 242

2. Governing Law ........................................ 243
   a. Federal Health Care Quality Improvement Act ... 243
   b. State Immunities and Confidentiality Law ....... 245
   c. State Procedural Law ................................ 245
   d. Reporting Requirements .............................. 246

3. Medical Staff Bylaws ................................ 247
   a. Accreditation Requirements ......................... 247
   b. State Law Requirements .............................. 248
   c. Enforceability as Contract .......................... 248

4. Hearing Procedural Roadmap .......................... 248
   a. Notice of Proposed Action .......................... 248
   b. Notice of Hearing ..................................... 249
   c. Discovery ............................................. 249
   d. Evidence ............................................. 250
   e. Witnesses ............................................. 250
   f. Hearing Body Composition and Voir Dire .......... 251
   g. Pre-Hearing Conference .............................. 251
   h. Hearing Record ........................................ 252
   i. Counsel/Representative in the Hearing .......... 252
   j. Burden of Proof ....................................... 252
   k. Written Memoranda .................................. 253
   l. Decision .............................................. 253

5. Summary Suspension .................................. 254

6. Appeals ............................................... 254

7. Alternative Dispute Resolution ...................... 255

8. Effect of Employment or other Hospital Contracts .. 256

III. Advice for Those Participating in a Medical Peer Review ... 256
   1. Preventive Medicine for Avoiding Peer Review .. 256
   2. Prescriptions for the Target of Peer Review .... 257
      a. Physicians Should be Proactive in Their Defense ... 257
      b. Legal Counsel Should Be Proactive not just during the Hearing Stage but Early in the Process ... 258

IV. Conclusion ........................................... 259
Chapter 8
Physician Well-Being: Healing the Healer—Assisting Physicians with Substance Use Disorders and Other Health Issues

DANIEL H. ANGRES, M.D.

I. Introduction .................................................. 261
II. Unique Features of Physicians in General ....................... 262
III. Physicians and Personality Styles ............................. 263
IV. Physician Addiction in the Workplace: Identification, Intervention, and Assessment ................................. 264
   A. Identification of Addiction in the Workplace ............... 264
   B. Intervention .............................................. 267
   C. Assessment ................................................. 268
   D. The Role of the Well-Being Committee ..................... 269
V. Comprehensive Evaluation ....................................... 269
   A. Vignette ................................................... 271
      1. Simply More Depressed than Usual ....................... 271
      2. Intervening ............................................. 272
   B. Potential Reporting Requirements .......................... 272
   C. The Comprehensive Assessment ............................. 273
VI. Physician Health Programs .................................... 274
   A. Caduceus Groups .......................................... 274
   B. The American Medical Association Physician Wellness Program ....................................................... 274
   C. State Licensing Boards .................................... 275
   D. Employee Assistance Programs ............................ 276
   E. Physician Impairment Independent of Addiction .......... 276
VII. Legal Concerns ................................................. 277
   A. Fair Procedure ............................................. 277
   B. The Americans with Disabilities Act and the Rehabilitation Act ......................................................... 279
   C. The Age Discrimination in Employment Act ............... 280
   D. Federal and State Reporting Laws .......................... 281
   E. Federal and State Privacy Laws ............................ 282
VIII. An Integrative Approach to Treatment ....................... 283
   A. Use of Mindfulness and Meditation ........................ 284
IX. Levels of Care .................................................. 284
   A. Day or Evening Intensive Outpatient Program (IOP) ... 285
   B. Partial Hospital Program ................................... 285
   C. Inpatient Rehabilitation or Residential Treatment ....... 285
X. Specialized Treatment for Professionals ....................... 286
