### Chapter 1  Starting a New Business

1.01 Preliminary Considerations .................................................. 5  
   A. Joint Ventures ................................................................. 7  
   B. Sole Proprietor ......................................................... 7  
   C. Employment ............................................................... 8  

1.02 Hiring Professionals ............................................................ 9  
   A. Attorney ................................................................. 9  
      1. Selection Factors .................................................. 9  
      2. Ethical Issues ....................................................... 11  
      3. Engagement Agreements ........................................... 13  
   B. Accountant ............................................................... 13  

1.03 Initial Client Interview ....................................................... 15  

1.04 Planning for Control and Management ..................................... 17  
   A. Control Structure ....................................................... 17  
      1. Allocation of Financial Interests .................................. 17  
      2. Allocation of Control .............................................. 18  
      3. Typical Structure .................................................. 19  
      4. Retaining Control ................................................... 20  
   B. Management ............................................................. 20  

1.05 Arrangements Prior to Forming Entity ..................................... 22  
   A. Formation Expenses ................................................... 22  
   B. Pre-Formation Subscription Agreements ............................. 22  
   C. Pre-Formation Transactions by Promoters ........................... 23  

1.06 Intellectual Property and Business Names .................................. 24  
   A. Business or Trade Name ............................................. 24  
   B. Fictitious Business Name ............................................. 25  
   C. Identifying and Protecting Names and Marks ......................... 25  
   D. Identifying, Protecting, and Owning Intellectual Property ........ 26  

1.07 Selecting the Form of Business Entity ..................................... 29  
   A. Choices in Forms of Entity for Emerging Companies ............... 30  
      1. General Partnership ............................................... 30  
      2. Limited Partnership .............................................. 31  
      3. Corporation .......................................................... 32  
      4. Limited Liability Company ........................................ 34
B. Principal Non-Tax Considerations in Selecting the Form of Business Entity

1. Management and Control of the Business ........................................ 35
2. Liability of Owners for Business Obligations .................................. 37
3. Transferability of Interests and Liquidity for Business Owners .......... 40
4. Ability to Raise Capital ................................................................. 42
5. Administrative Requirements and Costs ........................................ 43
6. Continuity of Business ................................................................... 46
7. Tax Considerations ........................................................................ 48

1.08 Choosing the Business Entity’s Jurisdiction ..................................... 48
A. General Considerations in Choosing the State of Formation for the Business Entity .......................................................... 49
1. Formation of Business Entity in the State Where Operation Is Located ................................................................. 49
2. Model and Uniform Laws Adopted by States .................................. 50
3. Tax and Corporate Law Considerations ........................................ 50
B. Advantages and Disadvantages of Some Popular Jurisdictions ............ 51
1. Delaware ....................................................................................... 51
2. Nevada ......................................................................................... 52
3. California ..................................................................................... 52
4. New York ..................................................................................... 54

1.09 Forming and Organizing Corporations ............................................ 55
A. Preliminary Considerations ............................................................. 55
B. State of Incorporation ...................................................................... 55
C. Articles of Incorporation and Organization ..................................... 56
D. Bylaws .......................................................................................... 56
E. Filing of Articles of Incorporation ................................................ 58
F. First Meeting of Directors ............................................................ 58
G. Miscellaneous ................................................................................ 58

1.10 Owners’ Agreements ...................................................................... 59
A. Background ................................................................................... 59
B. Future Issuances of Securities ....................................................... 60
C. Directors and Officers .................................................................... 61
D. Shareholders .................................................................................. 63
E. Terms of Employment and Buy-Sell Procedures .............................. 64

1.11 Corporate Directors’ Responsibilities ............................................ 65
A. Oversight Responsibilities ............................................................... 65
B. Fiduciary Duties ............................................................................. 66
C. Board Composition and Compensation ....................................... 67
D. Effect of Sarbanes-Oxley Act ....................................................... 68
1.12 Forming LLCs ......................................................... 69
A. Introduction ........................................ 69
B. Types of LLCs ........................................ 69
C. Articles of Organization .............................. 71
D. Operating Agreements ............................... 71
E. Management and Control ............................ 73
F. Members’ Rights and Duties ......................... 74
G. Buy-Sell, Admission, and Employment Agreements ....... 76
H. Licenses and Permits .................................. 77
I. Post-Formation Matters ............................... 78
J. Conversions ............................................. 78

1.13 Facilities ......................................................... 79
A. Preliminary Considerations ........................... 79
B. Real Estate Lease Agreements ......................... 80
  1. Term ........................................ 80
  2. Rent and Other Assessments .......................... 81
  3. Security Deposit .................................. 81
  4. Space and Improvements ............................. 81
  5. Other Terms and Conditions .......................... 82

1.14 Personal Property ............................................ 82

1.15 Record Retention Policy ................................. 84

Chapter 2 Preparing a Business Plan ................................. 87

2.01 Preliminary Considerations ............................... 89

2.02 Purposes of a Business Plan ............................ 91
A. Introduction ........................................ 91
B. Management Tool .................................. 92
C. Capital Request .................................... 93
D. Strategic Plan ...................................... 93
E. Private Placement Memorandum ...................... 94

2.03 Elements of Business Plan ............................... 96
A. Executive Summary ................................ 99
B. Table of Contents ................................ 100
C. Business Description ............................... 100
D. Identification of Opportunity/Target Market ............ 102
E. Offering ........................................... 103
F. Customers .......................................... 104
G. Assessment of Competition .......................... 105
H. Management ........................................ 106
I. Risk ............................................ 107
J. Strategy .......................................... 108
Emerging Companies Guide, Third Edition

K. Operations .................................................. 109
L. Financial .................................................. 109
M. Appendix .................................................. 110

2.04 Presentation of Business Plan ......................... 111

Chapter 3 Compensation............................................. 113

3.01 Stock Option Plans ....................................... 115
  A. Incentive Stock Options ................................. 116
     1. ISO Qualification Requirements ................. 116
     2. Tax Treatment of ISOs ............................ 118
     3. Qualifying Dispositions of ISOs ................ 118
     4. Disqualifying Dispositions of ISOs .............. 119
  B. Non-Qualified Stock Options ......................... 120
     1. Tax Treatment of Non-Qualified Stock Options 120
     2. Grant Date ....................................... 120
     3. Exercise Date .................................... 121
     4. Sale or Other Disposition ......................... 121
     5. Employer Withholding and Reporting Obligations 121
     6. Employer Deduction ............................... 123
  C. Key Considerations .................................... 123
     1. Key Considerations—Stock Option Exercise Checklist 125
     2. Other Considerations ............................. 127
     3. TCJA and Section 83(i) of the Internal Revenue Code 128
     4. Potential Section 409A Pitfalls .................... 128

Chapter 4 Tax Aspects of Forming and Organizing a New Business............................................. 131

4.01 Preliminary Considerations .............................. 133
  A. Tax Planning Goals in Business Formation .......... 133
  B. Definitions ........................................... 134
  C. Federal Income Tax Treatment of Businesses ....... 134
  D. Scope of Discussion .................................. 136

4.02 Tax Rates .................................................. 136

4.03 Key Concepts ............................................. 138

4.04 Electing Tax Treatment .................................. 139

4.05 Contributions to Capital .............................. 140
  A. C Corporations ....................................... 141
  B. S Corporations ....................................... 143
  C. Partnership Contributions ........................... 144
4.06 Operations ............................................ 147
A. Gains, Losses, and Their Allocation ................. 147
   1. C Corporations .................................. 147
   2. S Corporations .................................. 148
   3. Partnerships .................................... 149
B. QBIs .................................................. 151
C. Research and Development ........................... 152
D. Tax Accounting for Start-Ups ........................ 153

4.07 Distributions and Liquidations ....................... 155
A. Corporations ........................................... 156
B. S Corporations ....................................... 159
C. Partnerships ...................................... 161

4.08 Conclusion ............................................ 162

Chapter 5 Tax Reporting and Compliance......................... 163
5.01 Preliminary Considerations ......................... 165
A. Tax Planning .......................................... 166
B. Tax Entity ............................................ 167
C. Tax Time Period ................................... 168
D. Tax Accounting Method ............................... 169

5.02 Withholding and Estimated Tax Payments .......... 171
A. Withholding .......................................... 171
   1. Wage Withholding ................................ 172
   2. Social Security Taxes (“FICA”) ................. 172
   3. Federal Unemployment Tax (“FUTA”) ......... 172
   5. Return and Deposit of Taxes .................... 173
B. Estimated Tax Payments ............................ 173

5.03 Federal, State, and Local Tax Returns .............. 175
A. State and Local Taxes ................................ 175
B. State and Local Property Taxes .................... 175
C. State and Local Sales Taxes ....................... 176
D. State and Local Income Taxes ...................... 176
E. Federal Income Taxes ................................ 178
F. Corporations ....................................... 178
G. Individuals ........................................ 179

Chapter 6 Accounting and Financial Reporting Issues......... 181
6.01 Preliminary Considerations ......................... 183
6.02 Accountant’s Role in Assisting Emerging Companies .... 186
6.03 Accounting Elections ................................. 189
6.04 Financial Reporting .................................. 192
   A. Balance Sheet ..................................... 192
      1. Assets ........................................ 192
      2. Liabilities ................................... 194
      3. Equity ......................................... 195
   B. Income Statement .................................. 196
      1. Revenues ...................................... 196
      2. Expenses ..................................... 197
      3. Gains and Losses ............................... 197
      4. Articulation .................................... 197
   C. Cash Flow Statement ................................. 198
      1. Operating Activities ............................ 198
      2. Investing Activities ............................ 199
      3. Financing Activities ............................ 199
   D. Quality of Financial Reporting ...................... 200
      1. Sales ........................................... 200
      2. Cost of Goods Sold ............................ 201
      3. Operating Expenses ............................ 201
      4. Nonoperating Revenue and Expenses .......... 201
      5. Other Issues ................................... 202
6.05 Financial Statement Analysis ......................... 202
   A. Horizontal Analysis ................................. 203
   B. Vertical Analysis ................................ 203
   C. Ratio Analysis .................................... 204
   D. Liquidity Ratios .................................. 204
   E. Cycle Ratios ..................................... 205
   F. Solvency Ratios ................................... 205
   G. Profitability Ratios ............................... 206
   H. Equity Ratios ...................................... 208

Chapter 7  Financing a Business ........................................ 213

7.01 Introduction ........................................... 215
   A. Overview of Financing .............................. 216
   B. Venture Capital .................................... 217
      2. Fund Structure ................................ 220
7.02 Financing Sources ...................................... 222
   A. Categories of Financing Outside of VC .......... 223
      1. Friends and Family .............................. 223
      2. Angel Investors ................................ 224
      3. Accelerators and Incubators ................. 225
4. Government Funding ........................................ 225
5. Bank and SBA Loans ........................................ 226
6. Trade Credit ............................................... 226
7. Equity Crowdfunding and Rewards-Based Crowdfunding .................. 227

B. Alternative Financing Models: Digital Asset Offerings ............ 228

7.03 Choosing a Financing Structure .................................. 229
  A. Funding Rounds ........................................... 229
  B. Basic Forms of Financing .................................. 229
      1. Convertible Promissory Notes ....................... 230
      2. Simple Agreement for Future Equity (Safe) ........ 230
      3. Common Stock ........................................ 231
      4. Preferred Stock .................................... 232
      5. Warrants ............................................. 232
  C. The Most Important Terms .................................. 233
      1. Convertible Securities ............................... 233
      2. Preferred Stock .................................... 234

7.04 Securities Law Considerations .................................. 239
  A. Federal Securities Law ................................... 239
      1. Private Offerings .................................... 240
      2. Equity Crowdfunding Offerings .................... 242

Chapter 8 Technology and Intellectual Property Rights ............ 245

8.01 Preliminary Considerations ................................... 249
8.02 Patents .................................................... 251
  A. Preliminary Considerations ................................ 251
  B. Governing Law ........................................... 251
  C. Types of Patents ......................................... 251
  D. Practice of Patent Law ................................... 253
  E. Patent Rights ............................................. 253
  F. Requirements for Patentability .............................. 255
      1. Utility Patents ....................................... 255
      2. Design Patents ....................................... 258
      3. Plant Patents ......................................... 258
  G. Who Can Obtain a Patent ................................... 259
  H. Patent Application ......................................... 260
  I. How a Patent Is Obtained ................................... 262
  J. Types of Patent Applications ................................ 264
      1. Provisional Patent Applications ...................... 264
      2. Continuing Applications .............................. 265
      3. Reissue Applications .................................. 266
  K. Foreign Patents ............................................ 266
