

“This book is a terrific contribution to the dispute resolution field. Diving into the knotty ethical issues in mediation, the collection of chapters provides both theoretical and practical advice from many of the top scholars in the field. What a gift to have all of their best thinking together in one book!”

- **Andrea Kupfer Schneider**, director, Marquette University Law School Dispute Resolution Program; and director, Marquette University Institute for Women’s Leadership

“By organizing the chapters according to the chronology of a mediation, this book will allow both practitioners and scholars to easily find the analysis that is most pertinent to their concerns. Practical, well-written and well-reasoned, ‘Mediation Ethics’ can be useful to every mediator.”

- **Jean R. Sternlight**, Saltman Professor of Law and founding director, Saltman Center for Conflict Resolution, University of Nevada, Las Vegas

“Deftly organized by Omer Shapira, each essay is wonderfully readable and analytically grounded in the profession’s guiding norms. Any mediation participant—client, advocate or mediator—can valuably consult relevant essays before, during or following their engagement to affirm their confidence in the integrity of their ADR experience.”

- **Joseph B. Stulberg**, Emeritus Professor and Michael E. Moritz Chair in Alternative Dispute Resolution, The Ohio State University Moritz College of Law
