## Contents

Foreword	xiii
Acknowledgments	xv
About the Editors	xvii
About the Contributors	xix
<b>Overview</b>	<b>1</b>
<i>Donald Baur and Ya-Wei Li</i>	
Introduction	1
Responsibility for Implementation	3
The ESA's Goals	4
Listing, Critical Habitat, Recovery Plans	5
The Duty to Consult and Avoid Jeopardy and Adverse Modification	7
The Take Prohibition and Its Exemptions	9
Conclusion	10
<i>Chapter One</i>	
<b>Historical Background of the Endangered Species Act</b>	<b>11</b>
<i>Michael J. Bean</i>	
<i>Chapter Two</i>	
<b>Listing Determinations</b>	<b>19</b>
<i>Benjamin Jesup</i>	
I. Introduction	19
II. Current State of the Law	20
A. Key Definitions and Standards	20
B. Section 4 Procedures	20
C. Section 4 in the Courts	26
III. Emerging Issues and Future Directions	40
A. "In Danger of Extinction"	41
B. "Significant Portion of Its Range"	43
C. "Foreseeable Future"	46
D. Conservation Efforts: Use in 4(d) Rules	48
E. Climate Change	50
F. Congressional Action	52
IV. Conclusion	54

<i>Chapter Three</i>	
<b>Critical Habitat</b>	<b>55</b>
<i>Dave Owen</i>	
I. Introduction	55
II. Current State of the Law	56
A. Critical Habitat Designations	56
B. Critical Habitat Protection	61
III. Emerging Issues and Future Directions	67
A. The Designation of Unoccupied Habitat	67
B. What Gets Excluded?	71
C. What Counts as Adverse Modification?	73
IV. Conclusion	75
<i>Chapter Four</i>	
<b>Recovery</b>	<b>77</b>
<i>Ya-Wei Li</i>	
I. Introduction	77
II. What Is Recovery?	78
III. Recovery Planning	84
A. Overview of Recovery Plan Development	84
B. Contents of Recovery Plans	85
C. Duty to Develop Recovery Plans	88
IV. Recovery Implementation	93
A. Duty to Implement Recovery Plans	93
B. Relationship between Recovery and Section 7(a)(2) Consultations	94
C. Relationship between Recovery and Section 10 Conservation Plans	96
D. Relationship between Recovery Plans and Delisting Decisions	98
E. Recovery Funding and Budget Allocation	101
V. Delisting and Post-Delisting Monitoring	103
VI. Emerging Issues and Future Trends	106
VII. Conclusion	109
<i>Chapter Five</i>	
<b>Interagency Consultation and Conservation Duties under Section 7</b>	<b>111</b>
<i>Melinda E. Taylor and Richard E. Sayers, Jr.</i>	
I. Introduction	111
II. Overview	113
A. Section 7(a)(1) and the Duty to Conserve	113
B. Section 7(a)(2): Responsibility to Avoid Jeopardy and Adverse Modification	116

III. The Consultation Process: An Outline	119
A. Key Elements of Section 7(a)(2) Consultations	121
B. Key Issues and Perspectives in Implementing Section 7	127
C. Are “Jeopardy” and “Adverse Modification” the Same Concept?	127
D. What Is the Difference between Survival and Recovery, and Is It Important?	130
E. Should “Jeopardy” and “Adverse Modification” Reflect a Species’ Existing Status or a Change in Its Status?	131
IV. Future Direction and Conclusions	138
<i>Chapter Six</i>	
<b>Another Take on “Take”: The Section 9 Prohibition</b>	<b>141</b>
<i>Steven P. Quarles, Paul S. Weiland, and Brian Ferrasci-O’Malley</i>	
I. Introduction	141
A. Current Statement of the Law—The Preeminent ESA Species Protection Mechanism	143
B. The Definition of Take	145
II. The Pit Bull in Action: Enforcement of the Take Prohibition	147
III. The Evolution of Other Enforcement Routes: The MBTA and BGEPA	148
IV. The Escape Clauses: Permitting for Incidental Take and More	151
V. The <i>Sweet Home</i> Effect: The Evolution of Judicial Interpretations of Take	153
A. The Tenets of <i>Sweet Home</i>	154
B. The Temptation of “Harass”	158
C. The Standards for Issuance of an Injunction to Prevent Take	159
VI. Developing Law on Take: Issues of Proximate Causation, Degree of Certainty of Take, Vicarious Liability, and Take of Habitat	160
A. Proximate Causation: <i>Aransas Project</i>	160
B. The Degree of Certainty of Take: <i>Animal Welfare Institute</i>	161
C. The Prospect for Vicarious Liability Remains	162
D. The Assertion of Take of Habitat Resurfaces	164
VII. New Frontiers: The Growing Role of Scientific Modeling in Take Regulation	165
VIII. The Continuing Evolution of Take	167

<i>Chapter Seven</i>	
<b>Habitat Conservation Plans</b>	<b>169</b>
<i>Douglas P. Wheeler and Dale Ratliff</i>	
I. Introduction	169
II. Purposes and Perceptions of the Early ESA	169
A. 1982 ESA Amendment	171
B. Babbitt Administrative Reforms: The “No Surprises” Rule and the ITP Permit Revocation Rule	173
III. Current State of the Law	178
A. Habitat Conservation Plans and Adaptive Management	178
B. HCPs and Critical Habitat	182
C. HCPs/ITPs and NEPA	187
IV. Future Directions	189
A. Large-Scale, Multispecies HCPs	189
B. The Western Riverside County Multiple-Species HCP	191
V. The Increasing Role of Mitigation	195
A. HCPs, Conservation Banking, and the “No Net Loss” Standard	195
B. Prelisting Conservation Efforts	198
VI. Conclusion	201
 <i>Chapter Eight</i>	
<b>Landowner Incentives</b>	<b>203</b>
<i>Timothy Male and Aimee Ford</i>	
I. Introduction	203
A. Cost Sharing	205
B. Revenue from Wildlife Conservation	206
C. New Revenue from Commodity Buyers	207
D. Avoiding Listing	207
E. Reputational Advantages and Pride	208
II. Current State of Regulatory Assurance Policies	208
A. Safe Harbor Agreements	209
B. Candidate Conservation Agreements with Assurances	211
C. Assurances through Interagency Consultation	214
D. Conservation Banks	215
E. Temporary Habitat Banks	218
F. Threatened Species Rules	218
III. Future Directions	219
A. Private Lands Regulatory Assurances	219
B. Federal Regulatory Assurances	221
C. Pay for Success	223
D. Expanding Markets for Endangered Species Credits	224
IV. Conclusion	225

<i>Chapter Nine</i>	
<b>Plants</b>	<b>227</b>
<i>Holly Wheeler</i>	
I. Introduction	227
II. Current State of the Law	229
A. A Unified Approach to Plant and Wildlife Conservation	229
B. The ESA Diverges: Regulatory Differences between Plants and Wildlife	232
III. The Role of CITES in Plant Protection	235
IV. Emerging Issues and Future Directions	236
A. Statutory Restrictions	236
B. Regulatory Restrictions	239
C. Consequences of the Legal Framework	241
D. Conservation Options Going Forward	243
V. Conclusion	245
 <i>Chapter Ten</i>	
<b>Citizen Suits</b>	<b>249</b>
<i>Eric R. Glitzenstein</i>	
I. Introduction	249
II. Current State of the Law	250
A. Standing	250
B. Other Jurisdictional Issues	255
C. ESA versus APA Claims Following <i>Bennett v. Spear</i>	258
D. Legal and Practical Consequences of Claim Classification	264
E. Standard and Scope of Review	267
F. Venue/Transfer Issues	274
G. 60-Day Notice Requirement	276
H. Intervention	279
I. Relief	280
J. Emerging Issues and Future Directions	286
III. Conclusion	289
 <i>Chapter Eleven</i>	
<b>The Convention on International Trade in Endangered Species of Wild Fauna and Flora</b>	<b>291</b>
<i>Holly Wheeler, W. Michael Young, and Russell Husen</i>	
I. Introduction	291
II. Current State of the Law	292
A. The Structure of CITES	292
B. The Conservation Standards of CITES	300
C. Fundamental Procedures and Findings	302
D. Specialized CITES Procedures	308

III. Emerging Issues and Future Directions	318
A. Coordination between CITES and Other Multilateral Environmental Agreements	319
B. Regional Economic Integration Organizations	324
C. Effects of Conservation on Livelihoods	327
D. CITES Specimens Produced through Biotechnology	331
E. Electronic Permitting	336
IV. Conclusion	337
<i>Chapter Twelve</i>	
<b>State Endangered Species Acts</b>	<b>341</b>
<i>Susan George, William J. Snape III, and Robert L. Fischman</i>	
I. Introduction	341
II. Overview of State Laws	342
III. History	343
IV. Listing	344
V. Critical Habitat	347
VI. Consultation	348
VII. Prohibitions	349
VIII. Permits	351
IX. Conservation Agreements	354
X. Penalties and Enforcement	355
XI. Recovery Plans	355
XII. Funding	356
XIII. Emerging Issues and Future Directions	358
XIV. Conclusion	360
XV. Notes	360
<i>Chapter Thirteen</i>	
<b>Captive Wildlife</b>	<b>361</b>
<i>Delcianna J. Winders, Jared Goodman, and Heather Rally</i>	
I. Introduction	361
II. Background: Welfare, Ethics, Conservation, and the Law	361
A. The Welfare of Captive Wildlife	361
B. Ethical Frameworks of Wildlife in Captivity	363
C. Captive Wildlife and Conservation	364
III. Current State of the Law	367
A. Overview of Legal Protections for Captive Wildlife	367
B. History of Captive Wildlife under the ESA	369
C. Split Listings	370
D. The Take Prohibition and Captive Wildlife	376
E. ESA Permits for Captive Wildlife	381
IV. Emerging Issues and Future Directions	387
A. Lingering Improper Split Listings	387
B. Permits Issued for Non-Enhancement Purposes	388
V. Conclusion	390

<i>Chapter Fourteen</i>	
<b>Navigating the Science–Policy Interface</b>	<b>391</b>
<i>Michael C. Runge</i>	
I. A Scientist Reads the Endangered Species Act	391
II. Formal Decision Analysis to Navigate the Science–Policy Interface	393
III. Listing and Classification: Risk Analysis	399
IV. Recovery Planning: Multi-Criteria Decision Analysis	405
V. Section 7 Consultation: Forecasting	409
VI. Prioritization: Optimal Resource Allocation	413
VII. A Host of Other Decisions	415
VIII. Conclusion	415
 <i>Chapter Fifteen</i>	
<b>Consequences of Resource Limitations on Endangered Species Act Implementation</b>	<b>417</b>
<i>Jacob Malcom</i>	
I. Introduction	417
II. Challenges with ESA Implementation	418
A. Section 4	418
B. Section 6	423
C. Section 7	424
D. Section 10	426
E. Lack of Cross-Section Integration	427
III. Solutions	429
A. Section 4	430
B. Section 7	432
C. Section 10	433
D. Cross-Section Integration	435
IV. Conclusion	437
 <i>Chapter Sixteen</i>	
<b>Reward Landowners to Recover Species: A Regulated Community Perspective</b>	<b>439</b>
<i>Damien M. Schiff and Jonathan Wood</i>	
I. Uncertain Goals Beget Conflict	440
II. Poor Incentives Lead to Little Conservation	445
III. “Whatever the Cost” and Critical Habitat	448
IV. Administrative Reforms Have Helped, but There’s More Work to Do	454
V. Congress Should Reform the Endangered Species Act to Create a Free-Market, Conservation Economy	458
VI. Conclusion	460

---

<i>Chapter Seventeen</i>	
<b>Rebuilding the Endangered Species Act: An Environmental Perspective</b>	<b>461</b>
<i>Brett Hartl and Jessica Owley</i>	
I. Introduction	461
II. Strengthening the Act: Save the Freshwater Mussels!	465
A. Legislative Improvements to the Endangered Species Act	468
B. Strengthening Implementation of the Act	475
C. Strengthening Enforcement of the Act	485
D. Improving Transparency and Information Collection	488
III. Conclusion	493
 <i>Chapter Eighteen</i>	
<b>The Endangered Species Act and the Constitutional Takings Issue</b>	<b>495</b>
<i>John D. Echeverria and Glenn P. Sugameli</i>	
I. Introduction	495
II. Overview of Takings Doctrine	497
III. ESA Provisions Affecting Property Use	500
IV. Overview of the ESA and Constitutional Takings Claims	502
V. Regulatory Restrictions on Natural Resource Use	505
A. Ripeness	505
B. Threshold Property Issue	506
C. Takings Analysis	510
D. Applying Regulatory Takings Analysis	517
VI. Restrictions on Defense of Property	523
VII. Official Access for Survey Purposes	525
VIII. Restrictions on Commercial Dealings	525
IX. Conclusion	526
Table of Cases	527
Index	543
