The ABA Section of Antitrust Law’s Mission and Commitment

The Antitrust Section’s leadership continuously strives to maximize value for its members. A talented graphic recorder, Alece Birnbach, visually recorded discussion at a recent leadership training session so that all members of the Section can see the great work of their colleagues and friends and everything that’s in store for the upcoming year and beyond. Take a look below and come see the hand-drawn graphic in person at the Spring Meeting!
