ABOUT THE ABA SEER FALL CONFERENCE

The ABA Section of Environment, Energy, and Resource (SEER) each fall brings together environmental, energy and resources lawyers from across the country to attend the Section’s preeminent environmental, resource, and energy law conference. Top environmental, energy, and resources lawyers from both large and small firms, national and international companies, and government and non-governmental entities attend this conference. Our attendees handle some of the largest and most diversified environment, energy, and resource matters occurring around the world. Our programming takes advantage of its location, timing, and emerging issues to offer participants the ideal combination of panels, presentations, and practical training. It will look forward—and back—to identify the critical emerging issues.

Your sponsorship will ensure this conference continues to offer high caliber programming and productive networking opportunities. The mix of attendees, presenters, and topics presents a unique opportunity for you and your team to engage these professionals about your organization’s capabilities and services.

WHO ATTENDS?

AVERAGE ATTENDANCE FROM LAST FOUR CONFERENCES: SAN DIEGO, BALTIMORE, DENVER, AND CHICAGO

ABOUT THE SECTION

The ABA Section of Environment, Energy, and Resources is the premiere forum for environment, energy, and resources lawyers nationwide. We lead the national discussion on environment, energy, and resources issues through our expertise, educational resources, and national conferences. With the backing of the ABA's more than 375,000 members, we are dedicated to the ABA's mission of promoting diversity, expertise, and professionalism among the 10,000+ members of the Section of Environment, Energy, and Resources.
