Annual Regional Law Firm Recognition

11,500+ Members Strong

Shaping the Future of Health Law
Navigating Clients through Complex Challenges
Answering ABA’s Call to Professionalism

Recognition is solely honorary in nature and not because of any qualification, skill or ability. This list was determined by reference solely to Health Law Section membership as reported to the ABA. No endorsement by ABA is granted, directly or indirectly, nor should be construed. Any lawyer or law firm who distributes this material agrees to comply at all times with all applicable state bar marketing regulations.
Honoring Member Commitment

The ABA Health Law Section is proud to announce the sixth annual regional recognition program for the South, Southeast & D.C., Midwest, Northeast, and West Regions.

The Health Law Section has been the voice of the health law bar for over 20 years. As the profession’s standard-bearer, our central mission is to lead and shape the national discussion on pressing health law issues of the day. This national leadership is accomplished through our unparalleled resources, unrivaled depth and breadth of expertise, and the backing of ABA’s over 400,000 members. We are dedicated to fulfilling the ABA’s mission of promoting expertise and professionalism for the health law bar. We strive to promote an inclusive, diverse and well-rounded membership consisting of private practice, in-house, solo and government attorneys; academics and law students; and physicians, nurses and healthcare consultants that reflects our truly national character. We place particular importance on regional member participation because the nation’s healthcare is regional in its organization and delivery. As a unique member-driven group, we depend on the support and commitment of this nation’s most influential health law attorneys. Our members are among the most experienced and dedicated health law practitioners in the country, serving in a wide variety of roles and commonly united in the pursuit of professional excellence. We tackle the toughest and most demanding health law issues by drawing upon our members’ diverse professional experiences and richly varied viewpoints. Our leading educational programs, policy activities and definitive publications rely upon our members’ commitment and engagement. We therefore recognize their dedication through this annual regional listing of the firms with the largest number of members in 2018 as reported to the ABA.
# Top Recognition

The practice of health law is professionally challenging and demands dedication. We recognize the firms and attorneys below for answering this call to professionalism, for engaging the challenging health law issues of the day, and for their efforts to address healthcare clients’ complex problems through their membership in the ABA Health Law Section.
