INTRODUCTION

The Delegate Handbook delineates the purposes and functioning of the American Bar Association and its House of Delegates. The information collected here attempts to answer your questions on the internal operations and procedures of the House, and your role and responsibilities as a delegate.

You should have recently received a link to the electronic version of the Association’s 2014-2015 Constitution and Bylaws. This booklet also contains the Rules of Procedure of the House of Delegates. Where appropriate in the text of the Handbook, a parenthetical reference indicates the section of the Constitution, Bylaws, or House Rules on which the statements are based.

The appendices contain a "Summary of ABA Legislative Issues" which provides a quick reference to Association policy on hundreds of legislative issues. The full text of these policy statements may be obtained from the Division for Policy Administration.

You also should have received a link to the electronic version of the 2014-2015 Policies and Procedures Handbook ("Greenbook") which is a quick reference guide to internal Association policy and operating procedures, designed for the use of House of Delegates members, Section officers, members of the Board of Governors and Committee chairs. 1. **HISTORY OF THE HOUSE OF DELEGATES**

The House of Delegates was established in 1936 when the Association's present Constitution was adopted, resulting in the reorganization of the Association in essentially today's form. Jefferson P. Chandler of Los Angeles, California, Chairman of the Special Committee on Coordination of the Bar, in presenting his committee's plan to the Association's Assembly that year, emphasized the committee's commitment to fulfilling its charge to prepare such amendments to the Constitution and Bylaws of the Association to provide for an organic connection between the American Bar Association and the several state and local bar associations.

"The plan is an effort to make the American Bar Association representative of the lawyers of the United States. We have about 30,000 members in this Association and there are about 175,000 lawyers in the United States. It has been the opinion of many members of this Association for a long period of time that this Association could not occupy the position that it should occupy in the United States unless it placed itself in position to express the opinion of the Bar of America, that this was absolutely essential to the lawyers, and that the only way this Association could accomplish that purpose was to create an organic relation with the bar associations of the country."

"...We have created a House of Delegates, to be composed of about 160 members. That is about as large a body as can work effectively. The state bar associations are represented, and some of the local bar associations are represented. It was necessary that some of the local bar associations, particularly the larger ones, be represented because of the fact that there is not a complete organization of the lawyers in the different states. In many of the states there is no relation at all between the local association and the state bar association, and consequently in order that this American Bar Association may receive the benefit of the great work that is being done by some of the larger local associations, it was determined that the local association having a membership of its own and having a percentage of membership in the American Bar Association should be entitled to representation in the House of Delegates. We could not make every local association a member because there are nearly 1500 local bar associations in the United States, and such a number would render the House of Delegates ineffective."

The Committee's report to the House describes the need to be fulfilled by the new House of Delegates:

"In the nature of things, there are many matters on which a national leadership and the development of a truly representative national opinion in the profession is needed by the state bar organizations and by lawyers and the public generally. There is a real necessity for ascertaining the informed opinion of the legal profession in all of the states, and then for setting up these crystallized opinions as recommended standards, as to such matters as..."
the standards of legal education and admission to the Bar, the Canons of Professional Ethics and the standards of professional conduct, the rights of the public to be protected against the unauthorized practice of law by persons and corporations lacking as to professional training and background, the disciplinary procedures necessary for purging the profession of its relatively few undesirables, the improvement of criminal law and its better enforcement, the form and effects of federal legislation affecting the administration of justice and the jurisdiction of the courts, the maintenance and vitality of the form of government and the rights of persons vouchsafed in the Constitution of the United States, the improvement of the law of municipal and local self-government, and the like."

"The same need for national leadership and for crystallizing the opinion of the whole Bar applies also to the orderly development of the law of such subjects of nationwide aspect, as admiralty and maritime law, commerce, commercial law and bankruptcy, federal taxation, insurance in its modern phases, patents and copyrights and many others."

"Obviously, such a useful service to the profession and to the country cannot effectively be rendered, unless the structure of organization is such as to elicit, in a fair and representative way, the judgment and the experience of more than half of the lawyers of the land. ...The determinations made and the actions taken by and through the American Bar Association, in the name of the legal profession, need and should have the sanctions and support which can come only if they are the representative decisions of those freely chosen to act and speak in behalf of a majority of the lawyers of the whole country."

The House held its first meeting at the 1936 Annual Meeting, and has met at every subsequent Annual and Midyear Meeting, except in 1937 when no midyear meeting was held "due to financial reasons" and in 1945 when none was held due to "problems arising by reason of travel and convention restrictions" during World War II.

The structure of that first House of Delegates closely resembled its present structure, offering representation to state and local bar associations and affiliated organizations, and providing for the election of a State Delegate from each state as well as five Assembly Delegates. The Chair of each Section was a voting member of the House, as were the officers of the Association and the members of the Board of Governors, and certain federal officials were considered ex officio members.

Over the years, representation in the House has been studied and altered. Section Delegates were added, the formula for calculating state bar association representation has been adjusted and a requirement for certain states to certify a young lawyer delegate has been imposed. Additional representation is granted to bar associations and to Sections based on ABA membership statistics. Constitutional amendments approved at the 1990 Annual Meeting removed a ceiling on House membership and provide for representation in the House for each local bar association with more than 2,000 members.
As the House has maintained its original structure, it has also continued to pursue the objectives of its architects. The House provides national leadership on a wide range of matters as evidenced by the Association's current legislative priorities. Based on policy statements adopted by the House of Delegates over the years, the Association devotes much of its lobbying efforts to such issues as: increased federal judicial compensation; opposing efforts to undermine the Legal Services Corporation; support for fair housing legislation and increased funding for the Council on Legal Education Opportunity; support for a number of issues related to the right to representation; support for issues relating to the improvement of the tort liability system; developing appropriate legal standards for the use of RICO in civil litigation; opposition to curtailing or eliminating diversity jurisdiction; support for the exclusionary rule; opposition to federal court subject matter limitations; opposition to Federal Trade Commission intrusion on the traditional responsibility of the states to regulate the legal profession; opposition to creation of a national court of appeals or an intercircuit panel; concern for abridgement of the doctrine of judicial immunity; support for favorable tax treatment of prepaid legal service plans; and support for creation of a State Justice Institute as a vehicle to provide modest sums of financial and other assistance for state and local court systems.
2. **POWERS AND FUNCTIONS**

The House of Delegates has the ultimate responsibility for establishing Association policy, both as to the administration of the Association and its positions on professional and public issues. (§6.1)

The House elects officers of the Association and members of the Board of Governors upon nominations of its Nominating Committee. (§7.2, §8.2) It elects members of the Committee on Scope and Correlation of Work upon nominations by the Scope Nominating Committee. (§27.1) It has the sole authority to amend the Association's Bylaws. (§12.1) It may amend the Constitution upon a vote of two-thirds or 150, whichever is greater, of the members present and voting. (§13.1) It authorizes committees and Sections of the Association and discontinues them. (Articles 30 and 31) It sets Association dues upon recommendation of the Board of Governors. (§21.8) The House is the judge of its own members. (§6.1)
3. **HOUSE STRUCTURE AND MEMBERSHIP**

   As of October 10, 2014, the House of Delegates consisted of 559 members (see §6.2 et seq. of the Constitution):

   - 52 State Delegates
   - 232 State Bar Association Delegates
   - 72 Local Bar Association Delegates
   - 18 Delegates-at-Large
   - 74 Present and Former Officers and Board members
   - 73 Section, Division and Conference Delegates
   - 2 Ex Officio Members
   - 28 Affiliated Organization Delegates
   - 1 American Samoa
   - 1 Commonwealth of the Northern Mariana Islands
   - 1 Guam
   - 1 Virgin Islands Bar Association
   - 4 Members-at-Large

**Role of the State Delegate**

1. **Constitutional Duties**

   The ABA State Delegate performs two functions prescribed in the American Bar Association's Constitution. He or she serves as a member of the Nominating Committee of the House of Delegates, which nominates Association Officers and District members of the Board of Governors of the Association. (§9.2) She or he also chairs the state's delegation in the House of Delegates.

2. **Nominating Committee**

   In her/his role as a member of the Nominating Committee, the State Delegate votes on Association officers and members of the Board of Governors. The exercise of this political role presents the State Delegate with the opportunity to include the members of the delegation
representing the state, local and specialty bar associations in the process. Without compromising the right of the State Delegate to make the final decision on support of a candidate, the State Delegate should provide a forum for candidates to meet delegates, familiarize them on the platform or positions of the candidates and present the delegates the opportunity to provide input to the State Delegate. States with small delegations should join together for such a meeting with candidates or attend the candidates' forum to meet and hear the candidates. The objective of the State Delegate in including the members of the delegation in the process is to make the ABA and its leadership more relevant to individual delegates and through them to their constituencies at the state and local levels.

3. Chair of State Delegation

As Chair of the state delegation, the State Delegate serves as an important source of education and information for her or his delegation with respect to the key issues on the agenda for the annual and mid-year meetings. The state's ABA delegation should meet prior to the upcoming ABA meeting and the State Delegate or a designee of the State Delegate should review select agenda items and familiarize the members of the delegation with the divergent positions on those agenda items. When a Board of Governors member, or other ABA leader, or proponent of a resolution is available, the State Delegate should invite that person to comment on the anticipated key issues. The State Delegate should also communicate to the delegation any comments or positions received from the state, local and specialty bar associations in the state. The State Delegate should also convene a meeting of the delegation just prior to the opening session of the House of Delegates to report on new developments or to give a status report on key agenda items.

The State Delegate should utilize the opportunity presented by delegation meetings to improve and expand communications between the ABA and the state, local and specialty bars through the members of the delegation representing those entities. The State Delegate, as chair of the delegation, should welcome new members to the delegation by letter and personally, if possible. The welcoming letter should provide the new delegate with information as to process and operation of the delegation and urge the new delegate to attend the orientation session at the
next mid-year meeting of the ABA to learn more about the ABA, its operation and/or services available to its members. In addition, either in advance of the next delegation meeting or at the beginning of the meeting, the State Delegate should personally welcome the new members of the delegation and brief them with respect to their role and responsibilities as members of the delegation.

At the conclusion of a delegate's tenure as a delegation member, the State Delegate should thank the delegate for her/his service in the delegation.

4. Communications with State, Local and Specialty Bar Associations

Because of the variance in the size of state delegations and the manner in which the delegations function, the role of the State Delegate necessarily differs from state to state. However, as the link between the ABA and the lawyers in each state, the State Delegate has the responsibility of maintaining a close liaison with the state bar association and with the major local and specialty bar associations in the state. The State Delegate has the responsibility of developing a program to improve and expand his or her relationship with the bar associations within the state. The State Delegate should communicate regularly with the leadership of the respective bar associations within the state with the objective of improving the relationship and the communication between the State Delegate, representing the ABA members in the state, and the respective bar associations.

a. State Bar Associations

In some states, the ABA State Delegate serves as a voting member of the Board of Governors or the governing body of the state bar association. In other states, the State Delegate serves in an ex-officio capacity on the governing body and is invited to attend and participate in meetings, but without a vote. Where either such relationship exists, state delegates and bar leaders have found the interaction positive and beneficial. The State Delegate can gain a better appreciation of the position of the state bar on various issues which will be considered by the ABA House of Delegates, and the state bar governors become aware of the issues which will be
the subject of debate and/or consideration by the ABA House of Delegates. The State Delegate should attend orientation programs given by state bar associations for their members to educate them on the way the ABA functions, and on the benefits of ABA membership and participation. This is an especially important and direct communication opportunity available to the State Delegate. For these reasons, the State Delegate has the responsibility of establishing and maintaining a formal relationship with state bar leaders.

b. **Local and Specialty Bar Associations**

The ABA State Delegate has the responsibility of making the ABA more relevant to local and specialty bar associations within the state. Improvement and expansion in communications is a first step. For example, in some states, the State Delegate sends copies of the preliminary agenda of the upcoming meeting of the House of Delegates to the local and specialty bar officers and governing body members with an invitation to communicate positions on various issues to the State Delegate, who then transmits these positions to the State's ABA delegation. The State Delegate, on request, can also obtain more detailed information or reports on agenda items of interest or concern to local or specialty bar associations. After each ABA annual and mid-year meeting, the Select Committee of the House prepares and circulates to the members of the House a summary of the action of the House during that meeting. The State Delegate sends copies of the Select Committee's summary or prepares a separate report on the meeting and circulates the same to the state bar, to local and specialty bars, and to legal publications within the state. The publications and journals of the state, local and specialty bars provide an important source of communication by the ABA with lawyers throughout the state on the work which the ABA does on behalf of those lawyers, the services and resources of the ABA available to its members, the issues under consideration by the House of Delegates, and the action on those issues. Each State Delegate has the responsibility for establishing and maintaining communication with the local and specialty bars in the state.
5. **ABA Committee Appointments**

The appointment to ABA committees by the president-elect of the Association presents an important opportunity to improve relations between the ABA and the state, local and specialty bar associations. As the link between these entities, the State Delegate can serve a mutually beneficial role. For those lawyers who have become active in various ABA entities, for those bar leaders who have, as a result of their leadership roles in their local and state bar associations, been exposed to the ABA and the National Conference of Bar Presidents, the State Delegate can provide a link to the ABA president-elect in making recommendations for committee appointments. The ABA President, in coordination with the Conference of State Delegates, should develop a formal procedure to include the State Delegate, and through the State Delegate, the state, local and specialty bar associations, in the ABA committee selection process. The work of the ABA and its various committees thus becomes more accessible, more understandable, and more relevant to the state, local and specialty bar associations.

6. **The Conference of State Delegates**

The Conference of State Delegates consists of all the elected state delegates. Each State Delegate automatically is a member of the Conference. The Conference meets during the Association's Annual and Midyear meetings to discuss matters of mutual interest or concern to the state delegates and their respective constituents. The Conference presents State Delegates with an important forum for communicating the viewpoints of their constituencies in the state, and for communicating the position of the State Delegates on important issues to the Association's House of Delegates.

7. **Conclusion**

The role of the ABA State Delegate is extremely important to both the Association and to the ABA members in the state who have elected the State Delegate as their representative in the House of Delegates. The responsibilities and activities discussed above, if properly discharged by the State Delegate, will significantly benefit the Association and its members throughout the nation.
There is a State Delegate for each of the 50 states, one for Puerto Rico and one for the District of Columbia. State Delegates are elected by the members of the Association in the state and serve for a three-year term. Election schedules are established by the Board of Elections and can be found at Appendix F. Effective at the conclusion of the 1980 Annual Meeting, State Delegates may serve only for three consecutive full terms. (§6.3)

**State and Local Bar Association Delegates**

The base allocation of delegates to a state bar association is based on the following formula applied to the number of resident and active lawyers in the state: (§6.4)(a)

A state bar association is entitled to at least one delegate in the House of Delegates, except that if there is more than one state bar association in a state the House shall determine which associations may select delegates. A state bar association in a state that has more than 4,000 lawyers is entitled to an additional delegate for each additional 2,500 lawyers above 4,000 until it is entitled to four delegates. A state bar association in a state that has more than 14,000 lawyers and not more than 20,000 lawyers is entitled to five delegates. If it has more than 20,000 lawyers, it is entitled to six delegates. If the bar associations of a state are entitled to four or more delegates, at least one delegate representing the state bar or a local bar association in that state must have been admitted to practice in his or her first bar within the past five years, or must be less than 36 years old at the beginning of the term. It is the responsibility of the state bar association to ensure that this requirement is satisfied. However, a state bar association is entitled to at least as many delegates as it was entitled to certify at the 1990 annual meeting.

State and local bar association delegates serve for two-year terms. If a state or local bar association has only one delegate, the delegate's term ends with the adjournment of the annual meeting in an even-numbered year. If a state or local bar association has more than one delegate, the expiration of the terms must be alternated beginning with an even-numbered year, so that the terms are staggered as equally as possible. (§6.4(d)) In states where bar associations are entitled to four or more delegates, at least one delegate representing the state bar or a local bar association in that State must have been admitted to practice in his or her first bar within the past five years, or must be less than 36 years old at the beginning of his or her term. It is the responsibility of the state bar association to ensure that this requirement is satisfied. (§6.4(a)).
A local bar association with more than 2,000 members is entitled to one delegate in the House. (§6.4(c)). Local bar associations are entitled to one additional delegate if they have more than 3,000 ABA members. (§6.4(b))

**Section, Division and Conference Delegates**

Each Section is entitled to at least two delegates in the House. Sections are entitled to additional delegates based on a formula applied to the number of members and Non-U.S. Lawyer Associates in the Section. Section Delegates serve three-year terms and are appointed in accordance with the Section's Bylaws. (§6.6)

§6.6 **Section Delegates.** At the conclusion of the 2005 Annual Meeting, each section shall be entitled to two delegates with staggered terms ending in Association years 2005 and 2006. At the end of those respective terms and in each succeeding third year, each of those positions shall then be elected for a term of three Association years. In 1990 each section with more than 25,000 members and Non-U.S. Lawyer Associates, shall elect from its membership one additional delegate to the House to serve for two years. In 1992 and in each succeeding third year, a section with more than 25,000 members and Non-U.S. Lawyer Associates, shall elect from its membership one additional delegate to the House. In 1990 and in each succeeding year, a section with more than 50,000 members and Non-U.S. Lawyer Associates, shall elect from its membership one additional delegate. The term of a Section Delegate is three Association years, beginning with the adjournment of the annual meeting during which elected. A Section Delegate elected as an officer or member of the Board of Governors ceases to be a Section Delegate at the beginning of the term as officer or governor. If a vacancy occurs, the council of the section shall select a successor for the unexpired term. This section does not apply to divisions.

The Young Lawyers Division has five delegates, the Law Student Division has three, the Senior Lawyers Division has two, the Government & Public Sector Lawyers Division has two, the Solo, Small Firm and General Practice Division has three, and the Law Practice Division has two. The Judicial Division has one delegate; however each of its eligible judicial conferences is also entitled to a delegate. With the exception of the Law Student Division Delegates who serve one year terms, each Division Delegate's term is three years. (§6.7)

**Delegates-at-Large**

At each Annual Meeting, the members of the Association registered for the Annual Meeting shall elect six members of the Association as Delegates-at-Large. The term of a Delegate-at-Large is three years. (§6.5)
**Affiliated Organizations**

Certain national legal organizations named in §6.8 of the Association's Constitution are entitled to a delegate in the House.

An organization seeks representation in the House of Delegates through a Constitutional amendment which provides that the organization is named in §6.8. This was successfully accomplished by the Hispanic National Bar Association in 1986, the National Asian Pacific American Bar Association in 1990, the National Organization of Bar Counsel, the National Association of Women Judges and the National Conference of Women's Bar Associations in 1991, the National Lesbian and Gay Law Association in 1992, the Federal Circuit Bar Association in 1996, and the National Native American Bar Association in 2001.

**Members of the Board and Officers and Former Officers of the Association**

All Officers of the Association (except the administrative officer) serve as members of the House of Delegates during their terms of office. Members of the Board of Governors serve in the House during their terms. (§6.2(a))

Former Presidents of the Association and former chairs of the House of Delegates have lifetime membership in the House. (§6.2(a))

Former Secretaries and Treasurers elected prior to August 15, 1975 and who have three or more years of service, have life membership. Those with three or more years of service and elected after that time serve only for five Association years immediately following expiration of their terms, and except that a former officer first elected to an office that qualifies him or her under this provision after August 15, 1989, may serve for only the three Association years immediately following the end of his or her term. (§6.2(a))

**Ex Officio Members**

There are two ex officio members, the Attorney General of the United States, or at his or her option, the Deputy Attorney General, the Associate Attorney General or the Solicitor General, and the Director of the Administrative Office of the United States Courts or, at the Director's option, the Assistant Director for Congressional, External and Public Affairs. (§6.2(a))
Delegates from the Territories

The delegates from each of the Territories: American Samoa, Commonwealth of the Northern Mariana Islands, Guam, and the U.S. Virgin Islands, shall be selected in a manner determined by the respective bar associations. The term is two Association years ending with the adjournment of the annual meeting in an even-numbered year. The bar associations shall certify to the House of Delegates the name and address of its delegate. If a vacancy occurs, the bar association shall select and certify a successor to serve for the unexpired term. (§6.9)

The attached chart provides a breakdown of House membership and indicates the term and expiration for each category of membership.

Alternate Delegates

Each state, territorial and local bar association, section and affiliated organization represented in the House may certify an alternate delegate to serve during the absence of any of its delegates at a meeting of the House. The alternate delegate's service is: (1) limited to that meeting of the House for which certified; (2) not counted in determining length of service in the House; and (3) not considered a lapse in service for the elected delegate. (§6.10)

Certification of the alternate delegate must be completed before the roster is approved by the House. Once the roster is approved, no additional changes may be made.

\(^1\) Beginning in 1988, associations with more than one delegate have terms staggered so that half expire in the even-numbered years, and half in the odd-numbered years.

\(^2\) The term of the Chair of the House is two years; the terms of the Secretary and Treasurer are three years; all other officers serve one year terms.

\(^3\) The former presidents of the Association and former chairs of the House of Delegates have lifetime membership in the House.
4. **HOUSE COMMITTEES**

In addition to the Nominating Committee, the House has four standing committees and seven special committees. The Chair of the House and the Secretary of the Association are *ex officio* members of all House committees. (§49.1) The Chair of the House may create special committees to perform an assigned task as needed.

**Standing Committees**

**Credentials and Admissions**

The Committee on Credentials and Admissions, consisting of seven delegates, shall consider and report on all questions relating to qualifications, selection, or credentials of delegates or relating to the compliance of an organization with the requirements for representation in the House. The Committee presents the roster at each meeting for the approval of the House.

**Drafting Policies and Procedures**

The Committee on Drafting, consisting of five delegates, shall serve as a resource for all members who are interested in bringing resolutions with reports to the House for consideration. Drafters are encouraged to seek the committee’s assistance prior to the deadline for submission of resolutions. In addition, the Committee shall report to the House on any resolution, report, or other matter referred to it by the House or the Chair for revision as to scope, substance, or phraseology.
Rules and Calendar

In addition to duties otherwise required, the Committee on Rules and Calendar, consisting of five delegates, shall: (a) assist the Chair in the expeditious handling of the business of the House; (b) report to the House on proposals to amend the Rules of Procedure; (c) prepare and send to the Secretary the preliminary calendar for each meeting of the House in time for the required distribution; and (d) make recommendations to the House on the order of business and late reports. More details concerning the functioning of this Committee can be found in Chapters 8 and 9.

Scope Nominating Committee

The Scope Nominating Committee consists of the following ex officio members: the Chair of the House of Delegates, as chair, the chair of the Board's Program Committee, the chair of Scope, the member of Scope with the longest continuous service on the Committee who is not the chair, and the chair of the Section Officers Conference. The Committee shall make nominations for membership on the Committee on Scope and Correlation of Work.

Special Committees

Advisory Committee to the Chair of the House

The Advisory Committee makes recommendations on the orderly functioning of the House and its various committees, the smooth transition of administration, and such other matters as the Chair of the House may request the Advisory Committee to review from time to time. It is composed of the former Chairs of the House.

Issues of Concern to the Profession

This Committee will identify issues of concern to the legal profession and find ways to effectively engage the House of Delegates in full debate of these issues.
Resolution and Impact Review Committee

This Committee shall review the dissemination, use, implementation and impact of House of Delegates’ resolution.

Select Committee of the House

The Select committee reviews the overall functioning of the House with respect to the role of the individual delegate (including reviewing conflict of interest or other allegations against a delegate), effective use of the House’s time through an ongoing review of House customs and procedures. Specific responsibilities undertaken by the Select Committee include: ongoing administration of the new members orientation program; and continuing preparation and distribution of the pre-meeting “Sneak Preview” and post-meeting “Report of Actions Taken” reports to members.

Steering Committee of the Nominating Committee

This special committee advises on the orientation and training of new Nominating Committee members. The Committee also monitors the compliance of the Principles and Guidelines on the Election Process and sets the agenda for meetings of the Nominating Committee.

Technology and Communications

This committee will examine how to improve communications among delegates, between delegates and their constituencies, and between the House of Delegates and other entities within the ABA and outside of the ABA.

Tellers

The Tellers Committee is authorized by §46.3 of the House Rules to count written ballots. The Tellers also count standing votes taken in the House and perform such other duties as the Chair may prescribe.
5. **COMMITTEE ON SCOPE AND CORRELATION OF WORK**

The Committee on Scope and Correlation of Work occupies a unique position in the affairs of the Association. It is charged with the responsibility to study the structure, functions and the work of all entities of the Association and to make such recommendations as it considers appropriate to correlating the work of the Association as a whole and providing better use of the Association's resources. (§27.2)

It consists of five members of the Association, one of whom is elected in each year by the House of Delegates to serve a five-year term beginning with the adjournment of the annual meeting during which elected. Nominations must be made from the floor at the first session of the House and the election is held at the next session of the House. (§27.1)

The Committee annually designates its chair. The Chair of the House appoints a liaison member from the Sections, who serves without vote, from among three nominations submitted by the Section Officers Conference. The chairs of the Program and Finance Committees of the Board of Governors each designate a member to serve as an *ex officio* liaison representative to Scope, without vote. (§27.1)

The Scope Committee devotes itself for the most part to a study of the work of the various Committees and Sections and the occasional overlapping of their jurisdictions, to the end that the proper field of each one may more definitively be determined. It places all ABA committees, commissions, task forces, etc. on a continuing regular and routine review cycle. Special circumstances may cause a group to be examined outside the routine review cycle.

Should the Committee's review result in a recommendation for discontinuance of a Standing Committee of the Association or the altering of its jurisdictional statement, Scope
makes its recommendation to the House in the form of a proposed amendment to the Association's Bylaws to alter or delete the committee's jurisdictional statement. Scope makes its recommendations concerning special committees, commissions or task forces to the Board of Governors and action is then taken as appropriate.
NOMINATING COMMITTEE AND ELECTION OF OFFICERS AND MEMBERS OF THE BOARD OF GOVERNORS

Nominating Committee Composition and Terms

The composition of the Nominating Committee of the House of Delegates is set forth in §9.2 of the Constitution. The Committee consists of the State Delegates, seven Section Delegates, one Judicial Division Delegate, and one delegate of the Young Lawyers Division who need not be a delegate when named to the Committee but who becomes a delegate during the term on the Nominating Committee and six members-at-large until the conclusion of the Annual Meeting in 2015. No more than five members of the Nominating Committee may be from the same state at any one time.

The term of a member of the Nominating Committee begins with the adjournment of the annual meeting following the member's election or appointment. A member of the Nominating Committee may not serve for more than three consecutive full three-year terms as such.

State Delegates are elected by the members of the American Bar Association in each state and are members of the Nominating Committee by virtue of their office. The Judicial Division Council selects the Judicial Division Delegate from among the Judicial Division and Conference Delegates. The Young Lawyers Division Assembly selects the Young Lawyers Division representative who becomes a member of the House for the length of service on the Nominating Committee.

The members-at-large shall be appointed by the President, three from nominations submitted by the Commission on Racial & Ethnic Diversity in the Profession and three from nominations submitted by the Commission on Women in the Profession. The President may request additional nominations from each commission.
Section and Division Delegates on the Nominating Committee

The Section Officers Conference selects the seven Section Delegates to serve on the Nominating Committee pursuant to procedures adopted by the Conference. Each Section is assigned to a grouping, Tier I through VII. Within each Tier each Section is listed in the rotational order of service on the Nominating Committee. The order within a Tier may be varied by unanimous agreement among the affected Sections:

Tier I: Real Property, Trust and Estate Law; Business Law; Litigation

Tier II: Labor and Employment Law; Tort Trial and Insurance Practice; Taxation

Tier III: Intellectual Property Law; Environment, Energy and Resources; Law Practice Division

Tier IV: Senior Lawyers Division; International Law and Practice; General Practice, Solo and Small Firm Division; Family Law

Tier V: Health Law; Legal Education and Admissions to the Bar; Antitrust Law; Criminal Justice

Tier VI: Dispute Resolution; Administrative Law and Regulatory Practice; State and Local Government Law; Science and Technology Law

Tier VII: Government and Public Sector Lawyers Division; Public Contract Law; Public Utility, Communications and Transportation Law; Individual Rights and Responsibilities
Nomination of Officers and Members of the Board of Governors

The Nominating Committee nominates the Officers and members of the Board of Governors of the Association as set forth in §9.2 of the Constitution. At each Midyear Meeting, the Nominating Committee meets to make nominations for offices to be filled by election by the House of Delegates at the subsequent Annual Meeting. The nominating meeting is usually held on Sunday prior to the House of Delegates meeting, immediately following the Nominating Committee Business Session. At the same nominating meeting, a nomination is made for each seat on the Board of Governors which will become vacant at the conclusion of the next Annual Meeting. Only one nomination is made for each office or Board of Governors seat.

Traditionally, the Nominating Committee also meets at the Midyear Meeting to hear statements from candidates seeking nomination at the next Midyear Meeting. These meetings are usually held on Sunday morning and are scheduled by the Steering Committee of the Nominating Committee, which is appointed by the Chair of the House. The meeting provides an opportunity for Nominating Committee members to obtain information on the candidates' qualifications and is open to the Association membership.

The full Nominating Committee nominates the Officers of the Association. Each year, one nomination is made for the Office of President-Elect and, in each even-numbered year, a nomination is also made for the Office of the Chair of the House of Delegates. The President-Elect automatically becomes President at the conclusion of each Annual Meeting. Each third year, beginning in 1986, a nomination is made for each of the Offices of Secretary and Treasurer whose terms begin at the conclusion of the next annual meeting following the annual meeting at which they are elected. In the Association year prior to commencement of their terms, they serve as Secretary-Elect and Treasurer-Elect, respectively.

The State Delegates nominate each district member of the Board of Governors. The three-year rotation of the Districts on the Board of Governors is set forth in §26.1 of the Association's Bylaws.
The composition of the Districts is established in §2.1 of the Constitution, which also establishes the rotational order of representation on the Board among the states. The rotational order may be varied by unanimous agreement among the affected states. At the 1995 Annual Meeting, the rotational order for representation on the Board of Governors for 1997, 2001 and 2004 was approved. Copies of the realigned Districts are available upon request to the Division for Policy Administration. (§2.1)

The Section Delegates nominate each of the six Section members-at-large on the Board. The three-year rotation of Section members-at-large is also set forth in §26.1. The procedures assign each Section to a grouping, Tiers A through F, with each Section listed in the rotational order of service on the Board of Governors. The order within a Tier may be varied by unanimous agreement among the affected Sections:

Tier A: Business Law; Litigation; Real Property, Trust and Estate Law; Tort Trial and Insurance Practice

Tier B: Environment, Energy and Resources; Taxation; Labor and Employment Law; Law Practice Division

Tier C: Senior Lawyers Division; Intellectual Property Law; International Law and Practice; General Practice, Solo and Small Firm Division

Tier D: Criminal Justice; Family Law; Antitrust Law; Health Law

Tier E: Legal Education and Admissions to the Bar; Dispute Resolution; State and Local Government Law; Administrative Law and Regulatory Practice

Tier F: Public Utility, Communications and Transportation Law; Government and Public Sector Lawyers Division; Individual Rights and Responsibilities; Science and Technology Law; Public Contract Law
The Judicial Division Delegate nominates the judicial member-at-large on the Board, and the Young Lawyers Division Delegate nominates the young lawyer member-at-large. The three-year rotation of the young lawyer member-at-large and the judicial member-at-large are also set forth in §26.1. The members-at-large of the Nominating Committee shall nominate each woman and minority member-at-large.

**Principles and Guidelines on the Election of Officers (August 2008)**

With the recognition that seeking office in the Association is a political process, it is the intent of these Rules to minimize the expenditures of a campaign required for office and to ensure that all members of the Association have fair access to the political process without unnecessary financial burdens or sacrifice.

1. A person seeking to serve as President-Elect, Chair of the House of Delegates, Secretary or Treasurer of the Association shall commence the campaign for office by filing a signed letter of intent setting forth the office and the term with the Division for Policy Administration at the American Bar Center. A candidate’s letter of intent shall be filed no earlier than the last January 1 occurring more than 12 months prior to the Midyear Meeting at which the nomination will be made. The letter of intent shall be in the form attached to these Rules and may be accompanied by a resume. The letter shall state that the candidate has read these Rules and commits to abide by them.

2. After determining that the letter of intent meets the requirements of these Rules, the Division for Policy Administration shall forward a copy of the letter to all members of the House of Delegates. All questions of interpretation with respect to these Rules shall be directed to the Division for Policy Administration, which shall respond promptly to such questions.

3. No candidate or prospective candidate (references in this paragraph and in paragraph 6 to “candidate” shall include “prospective candidate”), and no person acting on his or her behalf, shall solicit a public or private commitment from any member of the Nominating Committee, other than from his or her State Delegate, prior to the candidate’s filing the letter of intent as required by Rule #1. Nominating Committee members (with the single exception noted above) shall not give any such commitments. Meetings by or on behalf of any member exploring or considering a candidacy for any office may be held no earlier than one year before the date that such member would be eligible to declare his or her candidacy under these guidelines. Except for the State Delegate from the prospective candidate’s state, members of the Nominating Committee or their designees may not attend the meetings referenced in the preceding sentence.

4. Each member of the Nominating Committee is personally responsible for providing each candidate who desires to meet with the member an opportunity for a meeting. Nominating Committee members are encouraged to hold such meetings during a Midyear
or Annual Meeting and the member may choose to include at the meeting others whose views such member may wish to hear. If this does not prove feasible, the member should provide the candidate an opportunity to meet at the Section Officers Conference or the Nominating Committee Orientation meeting, and travel and a per diem will be paid to the candidate for such meeting (other than for a meeting held in conjunction with the Annual Meeting or Midyear Meeting). Candidates and prospective candidates are discouraged from arranging visits to Nominating Committee members in their home cities and Nominating Committee members are discouraged from accepting such visits.

5. Each member of the Nominating committee is encouraged to afford the candidate an opportunity to meet with other members of his or her delegation or constituency. Each State Delegate member is encouraged to consult with all members of his or her delegation before making a commitment.

6. A candidate shall not sponsor, or permit others to sponsor on the candidate’s behalf, any reception, or organized social function, in support of his or her candidacy. This provision is not intended to interfere with business meetings or functions not sponsored by a candidate or on a candidate’s behalf attended by a candidate and member(s) of the Nominating Committee. Staff may secure a conference room for use by a candidate for a non-social function during the Midyear and Annual Meetings. Nothing in these guidelines shall prohibit a candidate from serving non-alcoholic beverages and snacks at a meeting permitted by these guidelines.

7. After a candidate has filed his or her letter of intent, the candidate may speak at the Forums sponsored by the Nominating Committee at the immediately following Midyear and Annual Meetings. The Forums will be open to any member of the Association who wishes to attend and suitable notice will be given of the time and place of the Forums.

8. A candidate who decides to terminate his or her campaign for office promptly shall supply a signed letter to that effect to the Division for Policy Administration, which promptly will forward such letter to all members of the House of Delegates.

**Nomination of Members of the Nominating Committee**

In accordance with Constitutional amendments adopted at the 1995 Annual Meeting, if a member of the Nominating Committee seeks nomination as an officer of the Association or member of the Board of Governors, the candidate must recuse himself or herself from service on the Nominating Committee during the meeting at which the nomination would be acted upon, by providing written notice to the Secretary at least 30 days prior to the meeting. If a State Delegate is recused from service for this reason, he or she remains the State Delegate and the state bar association delegate from that state with the longest continuous service in any capacity in the
House, or if there are two or more with equal service, the one selected by lot by the Chair of the House shall serve on the Nominating Committee during that meeting. Where no state bar association delegate is able to attend, the state bar association shall appoint a temporary state bar delegate to serve on the Nominating Committee during that meeting. If a Section Delegate is recused for this reason, the Section Officers Conference selects a delegate from among existing Section Delegates to serve on the Nominating Committee during the meeting. If a Division Delegate is so recused the Division shall select a delegate from among the existing members of the House to serve on the Nominating Committee during that meeting. If a member-at-large of the Nominating Committee is so recused or is unable to participate in a meeting of the Nominating Committee, the Chair of the Commission that nominated the member-at-large shall designate a member of the House of Delegates to serve on the Nominating Committee during that meeting. (§9.2(d))

Nomination by Petition

To be eligible for nomination as a member of the Board of Governors by the Nominating Committee, a person must file a petition signed by 25 Association members with the Secretary 30 days prior to the convening of the meeting of the Nominating Committee at which the nomination is considered. If the petition is for nomination to the Board of Governors from a district, it must be signed by 25 Association members from that district. (§9.2 (c)) Petitions for nomination to the Board of Governors must specify which position the petitioner seeks; no person may petition for more than one position.

§9.3 of the Constitution provides for additional nominations by petition for the Board of Governors or for any office to be filled by election. Petitions must be filed no earlier than 120 days nor later than 70 days before the beginning of each annual meeting.

Election of Officers and Members of the Board of Governors

In accordance with §8.2 of the Constitution and §26.1 of the Bylaws, the House elects officers and members of the Board of Governors at its first session at the Annual Meeting.
7. **THE ROLE OF THE DELEGATE**

Delegates to the House of Delegates are responsible for attending each meeting of the House, participating fully in its proceedings, and discharging the responsibilities of the House as described in Chapter 2, Powers and Functions.

In addition, it is the responsibility of each delegate to keep his or her constituency fully apprised of actions taken by the House and, to the extent possible, matters pending before the House; and to assist constituent entities in presenting issues of concern for debate and action by the House.

**Meetings**

The House of Delegates meets twice each year, at the Association's Annual Meeting in August, and at the Association's Midyear Meeting in February. The schedule of House meetings through 2016 is as follows:

<table>
<thead>
<tr>
<th>Midyear</th>
<th>Annual</th>
</tr>
</thead>
<tbody>
<tr>
<td>February 9, 2015</td>
<td>August 3-4, 2015</td>
</tr>
<tr>
<td>Houston, Texas</td>
<td>Chicago, Illinois</td>
</tr>
<tr>
<td>February 8, 2016</td>
<td>August 8-9, 2016</td>
</tr>
<tr>
<td>San Diego, California</td>
<td>San Francisco, California</td>
</tr>
</tbody>
</table>

At the Annual, the House of Delegates usually meets on Monday and Tuesday; and at the Midyear Meeting usually on Monday only.

Several months prior to each meeting, members of the House of Delegates will receive an email notice that online registration is open. A block of rooms at the hotel in which the House will meet is usually reserved for delegates, but as the time of the meeting approaches, those rooms will be released to general registrants.
The Meetings and Travel Department also arranges for discounted airfares to the meeting destination, with one or more airlines. Information on these discounts is included on the meeting website.

At each meeting, House members are required to sign a roster which indicates their attendance at that particular meeting. At Midyear Meetings this roster is located at the Registration Desk and prominently identified so that members can sign it as they pick up registration materials. At Annual Meetings, the House roster is located at the Delegate-at-Large Voting area which is located near general registration. At the opening session of the House, the roster is sent to the floor of the House and kept at a table at the back of the House and delegates may sign it there.

If a constituency is eligible to certify an alternate delegate for a particular meeting, certification of that delegate must be completed before the roster is approved by the House. Once the roster is approved, no additional changes may be made. (See also page 13)

**House of Delegates Meeting Materials**

All of the House of Delegates meeting materials are posted on the House of Delegates webpage on ABA’s website. ([www.americanbar.org/leadership/delegates.html](http://www.americanbar.org/leadership/delegates.html)). All materials, including the Resolutions with Reports and the Summary of Action, are available in electronic format. In order to receive emails with links to House documents and other important information, please make sure you are a subscriber to the House of Delegates listserve. Contact Leticia Spencer at leticia.spencer@americanbar.org or 312/988-5160 for any questions regarding the listserve.

**The Sneak Preview**

The Select Committee of the House of Delegates has observed that integral to fostering better communication between delegates and their constituencies is being able to provide delegates with advance notice of possible items which have some likelihood of appearing on the House's agenda. To assist delegates, the Committee has created a "Sneak Preview" of future
House agenda information (Attachment A) which consists of as much information as can be gathered on issues being developed for presentation to the House at the next or a future meeting. Notice of the Sneak Preview is sent electronically and posted to the House of Delegates website to all members of the House approximately two months in advance of the meeting to allow adequate time for coordination and action by interested entities. Delegates are encouraged to review this list for items of interest to their constituencies and to share this information with them so that they will have the earliest possible opportunity for consideration and input.

**Preliminary Agenda**

Shortly after the filing deadline for resolutions with reports, notice of the Preliminary Agenda (Attachment B), containing a brief description of all resolutions with reports which were filed by the deadline, is posted to the House of Delegates website and sent electronically to each member of the House of Delegates, section and committee chairs, and presidents and executive directors of associations represented in the House. Although all reports may not be in final form at that time, advance copies of individual reports which are of interest to members of the House may be obtained by calling the Division for Policy Administration.

**Executive Summary**

At approximately the same time, the full text of resolutions submitted and an Executive Summary of each report is posted to the House of Delegates website and sent electronically to each member of the House of Delegates. The Executive Summary is limited to two pages, and must contain a Summary of the Report which includes the reasons for adoption of the resolution, a summary of its impact, and a summary of any minority view or opposition that has been identified.

**Summary of Resolutions**

Approximately five weeks prior to the House meeting, notice of the Summary of Resolutions is posted to the House of Delegates website and sent electronically to House members, state and local bar associations, and Section and committee chairs. (Attachment C)
The Summary provides a detailed description of each resolution and the copy sent to delegates is accompanied by a form requesting information on the items which should be removed from the Consent Calendar. At this stage, all reports are in final form and individual reports are available on request to the Division for Policy Administration.

**Bound Book of Reports**

The bound book of resolutions with reports which constitutes the substantive agenda for each meeting of the House is sent electronically to all House members at least fifteen days in advance of the meeting. Resolutions with Reports are discussed in detail in Chapter 9.

**Reporting on Actions Taken**

At the conclusion of each meeting of the House the important task remains for the delegate of reporting fully to constituent entities on actions taken by the House of Delegates.

To assist delegates in carrying the message to their constituencies, the Select Committee prepares a comprehensive report (Attachment D) on actions taken by the House and other activities at that meeting in a format which can be adapted as a report, letter, or bar journal article. The report is sent electronically and posted to the House of Delegates website within 3 weeks after each meeting of the House.

Every effort should be made to report to all constituencies as soon as possible after each meeting to provide them with a more complete understanding of the scope and diversity of matters dealt with by the House of Delegates. If more than one Delegate represents an organization, delegates may wish to report jointly or designate one Delegate to report on behalf of the delegation.

**State and Local Bar Delegates**

At the 1989 Annual Meeting in Honolulu, the House of Delegates approved a resolution submitted by the Select Committee of the House which states:
BE IT RESOLVED, That the American Bar Association urges each state and local bar association represented in the House of Delegates to invite its State Delegate or, alternatively, to designate one of the bar association delegates, to serve on its governing board as an *ex officio* member with or without vote. Such a representative should at a minimum be invited to attend such meetings of the governing board as an observer.

BE IT FURTHER RESOLVED, That the American Bar Association urges state and local bar associations to present for consideration by the House of Delegates, policy recommendations on issues which concern those associations, particularly those affecting the professional life of lawyers and the practice of law.

BE IT FURTHER RESOLVED, That it is the responsibility of each State Delegate and each state and local bar association delegate to encourage and assist their constituencies in presenting matters of interest for consideration by the House, and to report fully on the actions taken at each meeting of the House.

In addition to carrying the message from the House of Delegates to the organizations they represent in the House, each Delegate is his or her organization's link to the House of Delegates. To that end, each delegate is responsible for working within his or her state delegation to keep them apprised of issues which may have relevancy in the House and encouraging and assisting their constituencies in presenting matters of interest for consideration by the House.
As part of its ongoing effort to improve communication, the Select Committee of the House has prepared the Sneak Preview, which includes information concerning issues that are being developed for presentation to the House of Delegates at the 2014 Annual Meeting in Boston, Massachusetts.

The Committee urges all Delegates to review this list for items of interest to their constituencies, and to act as the catalyst for further contact and action so that each entity will have ample opportunity for consideration and input.

Please note that: 1) this list is tentative in nature; 2) with the exception of state and local bar associations, the filing deadline for submission of Resolutions with Reports by Association entities and affiliated organizations was Tuesday, May 6, 2014.

The Committee expresses its appreciation to those who provided the information on which this report is based. We ask that you provide additional information on any new developments or issues to any member of the Committee or to Rochelle E. Evans at the American Bar Association. She can be reached at Rochelle.Evans@americanbar.org or at 312/988-5157.

He recounted the facts underlying the dispute leading to the Magna Carta. The Chief Justice then highlighted the most significant chapters of the Magna Carta which presaged elements of modern concepts of due process and civil justice. He stated that the Magna Carta summoned national unity to consolidate support within England for the crown. He went on to show how Magna Carta promoted the concept of representative government. The Chief Justice also posited that Magna Carta played a seminal role in the development of our own Declaration of Independence. The Chief Justice challenged lawyers to play a positive role in political discourse in our country in furtherance of the rule of law. The Chief Justice concluded by thanking the Association for its work on behalf of our country.

**Statement by the ABA President**

ABA President James R. Silkenat of New York thanked the House for the honor of serving as ABA President. He also expressed gratitude to his family, law firm and the ABA officers and staff for their support and assistance. **Statement by the Treasurer**

As a result, revenues have exceeded expense by $7.9M, which was $9.7M better than budget. He went on to note for the House that the current projection is that dues revenue would be approximately $58.1M, which is $500,000 less than budget and around $900,000 less than FY 2013.

As to the ABA’s cash position, Mr. Pera noted that the annual “cash crunch” was avoided in FY2014.

Mr. Pera then took a look back over the progress of the Association’s finances for his three years as Treasurer. The value of the Association’s net assets has increased by $100M. Mr. Hubbard highlighted the courageous achievements of several outstanding members of the Association accomplished over the last seven decades: Mortimer Caplin, William T. President-elect Hubbard then posed the question of whether any of the members of the House would be remembered for courageous achievements fifty years from now. He noted the problems caused by the over-population of the nation’s prisons, the underservicing of indigent criminal defendants, domestic violence, gun violence and cybersecurity.

Mr. Hubbard renewed the Association’s commitment to delivering legal services to those in need. He also recognized that more pro bono lawyers are needed to help domestic violence victims. Law school student debt and the pipeline and advancement of diverse lawyers are also challenges that confront the profession.

He concluded by declaring that now is the time for lawyers to lead and to have courage in establishing, preserving, and promoting justice for all.
Statement by the Executive Director

ABA Executive Director Jack L. Rives of Illinois reported that the Association faces a range of significant challenges, but we have plans to meet those challenges, and the plans are working. In 2010, membership was down to 386,000. The Association’s budgeting process was broken and it faced serious financial concerns. The number of dues-paying members has declined since 2005. In response to these issues, he noted that expenses have been cut, and that membership and non-dues revenue initiatives through ABA Action! have already achieved broad success. He observed that long-term investments have doubled in the four years since 2010 from $162M to $324M. One sample noted is the ABA’s partnership with the AARP to develop a “Blue Box” to store critical documents safely. Mr. Rives praised the achievements of several individuals as examples of superb staff efforts. Susan Wright worked on full firm memberships, which added over 4,000 new members over the past year. Christina Gazos improved our budgeting process through such programs as training ABA staff members in budgeting basics. He noted that as of June 2014, the Association’s revenue is $1.9M above budget and $7.8M under budget in expenses. Mr. Rives also praised the work of Pamela McDevitt for developing non-dues revenue efforts with the Law Practice Division. He noted that our staff is the Association’s competitive advantage.

8. **REPORTS TO THE HOUSE OF DELEGATES**

At each Midyear and Annual Meeting, the House of Delegates considers resolutions submitted to it by the various sections, committees, state and local bar associations and affiliated organizations, as well as by individual members of the Association.

The Committee on Rules and Calendar sets a deadline date approximately nine weeks before the Midyear or Annual Meeting for receipt of reports from sections, divisions, committees and members of the Association. Bar associations, though encouraged to comply with this deadline are not required to do so. (Rules pertaining to reports of state and local bar associations can be found later in this chapter.) Resolutions with Reports are available electronically and compiled in a bound book. Informational Reports are no longer published but are instead available electronically. Detailed instructions for filing reports to the House are included in the appendices. The Resolutions with Reports are required to be sent to House members at least fifteen days before the opening session of the House.

**Resolutions with Reports**

Each Resolution with Report is reviewed during a special meeting of Rules and Calendar held shortly after the deadline date. Consideration of these reports are governed by Article 45 of the House Rules of Procedure. Resolutions with Reports may not exceed 15 pages in length, unless authorized by the Committee on Rules and Calendar. §45.2(a) of the House Rules of Procedure provides:

A resolution of a delegate, section, committee, state or local bar association, affiliated organization or member may be considered by the House of Delegates only if:

1. the resolution proposes new policy or a change of policy, or reaffirms existing Association policy that has not been approved within the last ten years;
2. the resolution is accompanied by a written report;
3. the report accompanying the resolution contains a statement of the reasons for the resolution;
the resolution is set forth at the beginning of the report so as to distinguish the resolution clearly from the body of the report, is in a style that facilitates consideration without confusion, and contains no recitals or supporting arguments;

(5) the report contains no language that commits the Association to a policy not set forth in the resolution;

(6) the report shows that it has been approved by the governing body of the sponsoring entity;

(7) in the case of a resolution proposing or opposing specific legislation, the report includes a complete summary of the phase of legislation under consideration together with relevant excerpts from the proposed bill, and five copies of the bill have been provided for the use of the Chair; and

(8) in the case of a resolution calling for action that may result in expenditures, the amount needed is shown.

Any report which violates the provisions for reports to the House listed in §45.2 may be referred back to the originating entity or delegate by the Committee on Rules and Calendar without calendaring and that entity is given at least seven days notice to make any corrections to a report which has been timely filed. (§45.2(b))

Usually these entities appreciate the suggestions for revision proposed by the Committee on Rules and Calendar because the revisions tend to assist in avoiding confusion during debate in the House of Delegates or later difficulty in implementation. Although Rules and Calendar has the power to refuse to calendar reports which do not meet the requirements of §45.2 of the House Rules, it rarely exercises its power and it is unlikely to do so except in extraordinary circumstances.

The Board of Governors is required by §24.1 of the Bylaws to transmit to the House, at its option, resolutions of sections and committees with any recommendations or comments that the Board may make. A report from the Board transmitting the recommendations is prepared immediately after the Board reviews the resolutions, which it does at a meeting immediately prior to the House of Delegates session.
In preparation for Board consideration of these resolutions, the staff prepares background papers detailing information relevant to each.

**Reports of State and Local Bar Associations**

According to §45.6 of the House Rules, a matter that a state or local bar association proposes to submit to the House of Delegates must be presented to the Committee on Rules and Calendar prior to the conclusion of the last scheduled meeting of that Committee before the meeting of the House at which it is to be considered. Rules and Calendar traditionally holds its meetings on the Saturday and Sunday prior to the opening session of the House, with open hearings from 2:00 p.m. to 3:00 p.m. on Saturday and Sunday.

Although not required to do so, bar associations are encouraged to comply with the rules for Resolutions with Reports that apply to other entities as described in §45.2.

**Minority Reports**

A minority report stating the views of fewer than half of the members of a committee or Section council on a recommendation of the majority will be printed at the request of its proponents over their signatures, provided that the view was presented at the time the committee or Section council acted on the matter and assuming proper notice was given. It will be appended to the report to which it relates. (§45.4)

**Late Resolutions**

A resolution submitted after the date prescribed for receipt is considered a late resolution. A late resolution may not be considered by the House unless the Committee on Rules and Calendar recommends a waiver of the filing deadline requirement and the Committee's recommendation is approved by a two-thirds vote of the House. Requests to file late resolutions must be given in writing to the Committee on Rules and Calendar by the time of the last scheduled meeting of that Committee before the opening of the first session of the House at which it is to be considered. Rules and Calendar may not recommend a waiver unless it believes that action at that meeting of the House is necessary or desirable. (§45.5)
**Informational Reports**

A Section or committee may make a written informational report to the House. Although the substance of the report will not be considered by the House, it may authorize its distribution to the public. (§45.3) Informational reports are posted to the ABA’s website at [www.americanbar.org/leadership/house/home.html](http://www.americanbar.org/leadership/house/home.html).

**Consideration of Proposed Constitutional Amendments**

According to §13.1 of the Constitution, the Constitution may be amended upon a vote of two-thirds or 150, whichever is greater, of the members present and voting in the House of Delegates.

**Resolutions by Association Members Who are Not Delegates**

A member of the Association who is not a delegate may submit one or more resolutions pertinent to the purposes of the Association. Such resolutions shall be referred to the Committee of Rules and Calendar. A resolution submitted after the deadline established by the Committee on Rules and Calendar may not be considered by the House unless the Committee on Rules and Calendar recommends a waiver of the time limitation and the House approves the recommendation. Resolutions must be submitted in writing to the Secretary. The Secretary shall refer each resolution to the Committee on Rules and Calendar. (5.1)
9. OPERATING PROCEDURES

Meetings of the House

The House is required by the Constitution to meet during the Annual Meeting of the Association. (§4.1) Other meetings, including the traditional Midyear Meeting in February, are held at such times and places as the Board of Governors determines. Special meetings of the House may be called by the President at the written request of a majority of the delegates with a 40-day notice required. The Board may authorize a special meeting of the House to be held solely for a limited purpose specified in a 15-day advance notice. (§6.11)

Meetings of the House are open to all members of the Association although the House may vote to exclude non-members of the House from a specified session. Representatives of the news media may attend open sessions. (§42.1)

See Attachment A for the physical layout of meetings of the House. The arrangement of states in the ballroom is rotated from one meeting to the next.

Quorum

A quorum is 150 delegates (§6.11) and each delegate is seated with the state delegation of the state to which his membership is accredited (§42.2). Under the provision for alternate delegates (§6.10), entities may certify to the Secretary the name and address of an alternate delegate to serve during the absence of any of its delegates at a meeting of the House. Each delegate indicates his or her presence at any meeting by signing the House Roster. Once the roster is approved by the House, which occurs at the first session, no additional changes may be made.
**Rules and Calendar Committee**

During meetings of the House of Delegates, the Rules and Calendar Committee assists the Chair of the House in expediting the business of the House. The Committee is mandated by the House Rules to present a preliminary calendar of business for the meeting (§43.1) and make recommendations concerning special orders of business (§43.2), the Consent Calendar (§43.3), reduction or extension of time limitations for debate (§44.2), the calendaring of oral informational reports and time limitations for such reports (§44.2), and recommendations for waiver of the time requirement to consider late filed resolutions (§45.5). The Committee also receives notice of a Section or Committee's intent to move to postpone indefinitely a resolution of another Section or Committee to allow further study. (§45.7)

In addition to these duties, the Committee makes recommendations to the House concerning the granting of the privilege of the floor, considers requests for distribution of materials during House sessions, and makes recommendations for adoption of any necessary special rules to govern debate.

In order to fulfill its responsibilities, the Committee traditionally meets on the Saturday and Sunday prior to the opening session of the House. Reserving time before and after each open hearing for executive session discussion of the various requests which have been heard, the Committee usually holds an open hearing from 2:00 p.m. to 3:00 p.m. on Saturday and Sunday.

At the open hearing, the Committee receives requests pertaining to the business of the House and its calendar. Following these meetings, the Committee establishes the Final Calendar (Attachment B).

**Calendar**

House Rules provide that the order of business shall be conducted according to the Calendar, subject to change by Special Order. The Final Calendar is prepared by the Committee on Rules and Calendar at its last meeting before the House opens and must be approved as the
order of business of the House by a majority vote. (§43.1) The Regular Order is established by
the staff using a simple method of assigning report numbers to Resolutions with Reports on a
first come first served basis, although there are occasional exceptions such as filling a numerical
gap caused by compliance with a Rules and Calendar request to withdraw a resolution. The
Special Orders are determined by Rules and Calendar after hearing all requests made during its
two days of public hearings on the days prior to the meeting of the House and must be approved
by a two-thirds vote of the House.

The Calendar is placed on each delegate's desk prior to the opening session of the House.
It is a multi-colored document with each of the orders of business printed on a different color
paper for easy identification.

Also included in the Calendar are certain items such as the reports of House Committees,
statements by the Chair of the House, Chair of Rules and Calendar, and the Secretary, etc. At an
Annual Meeting, there are also amendments to the Constitution and Bylaws.

**Consent Calendar**

The Consent Calendar (Attachment C) consists of those items which the Committee on
Rules and Calendar believes are non-controversial. Those items are taken up and voted on in
response to a single motion offered by the Chair of Rules and Calendar. Ordinarily, the
Committee will not recommend that reports concerning federal legislation or national policy
issues be included on the Consent Calendar. Items which require a two-thirds vote are voted
upon as a separate Consent Calendar in a separate motion. Upon the written request of any
delegate made to a member of the Committee on Rules and Calendar, any item listed on the
Consent Calendar is removed and made subject to debate. Any item removed from the Consent
Calendar is considered immediately following approval of the Consent Calendar. (§43.3)

**Time Limitations for Debate**

The House Rules provide that a person presenting a resolution or a minority report may
speak for not more than ten minutes in making that presentation in addition to any right such
person may have to close debate, unless a time waiver is recommended by the Committee on Rules and Calendar and is approved by a two-thirds vote of the House. No other person may speak for more than five minutes at one time on any issue unless approved by a two-thirds vote of the members of the House. No one may speak more than once on the same question without the unanimous consent of the House except that the individual who presented the resolution under discussion has five minutes to close the debate on it. If there is no opposition to a resolution, at the discretion of the Chair of the House, the presenter will have (3) minutes to present and (2) minutes to close and other speakers a maximum of (2) minutes. An individual may present an oral informational report only on the recommendation of Rules and Calendar which also prescribes time limitations for the report. (§44.2)

In order to assist in observing the time limitation, there is an electric timer on the front of the rostrum. When the speaker is subject to a time limitation, a green light is on when he/she commences to speak. A yellow light signals that there are three minutes remaining of a ten-minute presentation, and one minute remaining of a five-minute presentation. When time has expired a red light comes on, and when the red light begins to flash, the time allocation has been exhausted.

**Seeking Recognition of the Chair**

At the front of the ballroom, to the side of the podium, is a screen upon which the number of the report currently being discussed is projected, as well as the next order of business. Items set for Special Order are noted at the bottom of the screen. All individuals who plan to present resolutions to the House come forward and make their availability known to a member of Rules and Calendar when the screen, which projects the current status of the Calendar, shows that their Calendar number will be called next.

There are certain procedures which are followed when seeking the recognition of the Chair to speak. All delegates and section or committee chairs who wish to be recognized fill out a salmon colored form available from Rules and Calendar (Attachment D). These forms indicating intention to speak are given to a member of Rules and Calendar.

The salmon slips constitute an informal procedure, not included in the House Rules. They are collected by Rules and Calendar and arranged in logical order of debate, which the Chair may
alter as he or she pleases. The general practice, not always adhered to, is to recognize those who have filed salmon slips before recognizing delegates who have not. Filing a salmon slip does not ensure recognition, since a debate may terminate by one of several methods before all who have filed slips have been recognized. Filing a slip only ensures recognition if the debate goes on long enough to hear from all who have filed.

Each delegate, when recognized, states his or her name and representative capacity for the record. This identification is necessary as House meetings are taped. If an individual rises to seek recognition and has not filled out a salmon slip, the Chair inquires as to the purpose for which the individual seeks recognition. As a matter of courtesy, the Chair usually declines to recognize a motion which would terminate debate before each side has had an adequate opportunity to be heard.

**Motions to Postpone Indefinitely**

According to §45.7(c) of the House Rules, no motion to postpone indefinitely House consideration of a resolution to permit study is in order unless the party seeking postponement has notified the sponsor of the resolution and the Committee on Rules and Calendar of its intention to postpone prior to the conclusion of the last scheduled meeting of that Committee before the meeting of the House at which it is to be considered. This provision does not apply to a resolution in a late report.

**Motions to Amend**

A motion to amend a resolution must be in writing unless the amendment contains six words or less. The Chair of the House may require that a copy be made available to each House member before a vote is taken. (§45.8)

**Parliamentary Authority**

According to §42.6 of the House Rules of Procedure, Robert's Rules of Order Newly Revised (11th edition) is the parliamentary authority of the House, unless the House otherwise directs.
Privilege of the Floor

The privilege of the floor can be extended to any individual by a two-thirds vote of the members of the House present. Privileges of the floor are requested for individuals by a member of the House with the Committee on Rules and Calendar making a recommendation on each such request.

Chairs of ABA sections, divisions, committees and commissions have the privilege of the floor, without vote, and may speak or make motions concerning a resolution of their section or committee or on any other matter within the jurisdiction of their entities. In the case of minority reports filed in connection with a resolution, one representative selected by the minority may speak once on the question.

If the Chair approves, the Executive Director may address the House. (§44.1)

Voting

The House acts upon resolution of sections and committees, of state or local bar associations, of affiliated organizations represented in the House, and of individual delegates and members of the Association. Decisions are made by majority vote except that a two-thirds vote is required to accept a late resolution, to set a special order, to amend the Constitution, or to extend the privilege of the floor to a non-member of the House. Voting shall be by voice or electronic voice. A written ballot is required if there is more than one nomination for an office of the Association, for membership on the Board of Governors, or for membership on the Committee on Scope and Correlation of Work. There is provision for a roll call vote on request of 100 or more delegates. (Article 46)

When a division is requested by a member, or when the Chair is in doubt, the members stand and are counted.

The Chair of the House appoints six members of the House to act as Tellers. They count the votes on any division called for in the House and prepare, distribute, collect and count ballots for any contested election. (§46.3)
Although there is no provision for a show of hands when the Chair is in doubt, this method of vote tallying is becoming increasingly popular. It is faster than counting and will usually satisfy both proponents and opponents, except when the vote is quite close and a count is actually needed to determine the result.

When voting electronically delegates must be in their seats or in the well of the House. If a division is called, it must be called before an electronic vote is taken. The Chair will ask delegates casting affirmative votes to stand while casting their votes and will then ask delegates casting negative votes to stand while casting their votes. No proxy voting is permitted.

Members of the House are responsible for exercising discretion when voting on matters before the House to avoid the appearance as well as the fact of conflict of interest. In 1973, the Board of Governors approved a Conflict of Interest policy, and in 1980 interpreted the policy as precluding an Association member from receiving a fee from a client for services rendered as a member of the Association or any of its constituent entities. The Conflict of Interest policy appears in the appendices.

**Daily Journal**

After the recess of each day's session of the House, the staff prepares a Daily Journal of the action taken by the House. This Daily Journal is placed on the desks of the members of the House at the beginning of the House's next session. A copy of the completed Daily Journal is available on the House of Delegates website after the conclusion of the meeting of the House. A sample Daily Journal is included at the end of this chapter (Attachment E).

**Board of Governors Transmittal Report**

The Board of Governors is directed by §24.1 of the Bylaws to transmit to the House of Delegates, at its option, the resolutions of sections, divisions and committees of the Association, together with any recommendations and comments the Board may have. At the back of this chapter you will find a sample of Report No. 177 (Attachment F), the Board of Governors Transmittal Report, which is in each delegate's supplemental report folder at the opening session of the House.
In most instances, the Board transmits the resolutions to be considered by the House with the recommendation that they be approved, not be approved, or deferred. Due to the recent change in procedure, the Board may opt not to consider all resolutions.

**Board of Governors Informational Report**

The Board of Governors is directed by §48.2 of the House Rules of Procedure to report to the House on actions taken by the Board. At each meeting of the House the Board submits a report, Report No. 177 (included in Attachment F), which summarizes the minutes of each of its meetings since the last meeting of the House.

... 

Revised Standards for Approval of Law Schools
August 2014

Chapter 3 - PROGRAM OF LEGAL EDUCATION

... 

Standard 307. PARTICIPATION IN STUDIES, OR ACTIVITIES, AND FIELD PLACEMENTS IN A FOREIGN COUNTRY OUTSIDE THE UNITED STATES

... 

Interpretation 307-1
The three Criteria adopted by the Council are the Criteria for Approval of Foreign Summer and Intersession Programs Established by ABA-Approved Law Schools, the Criteria for Approval of Foreign Semester and Year-Long Study Abroad Programs Established by ABA-Approved Law Schools, and the Criteria for Accepting Credit for Student Study at a Foreign Institution.

... 

Standard 311.304. COURSE OF STUDY - ACADEMIC PROGRAM AND ACADEMIC CALENDAR

... 

Interpretation 311-4
For purposes of Standard 311(c), the time for determining the commencement of law study is ordinarily the time when a student commences law study at any institution. For example, if a law school accepts transfer credit from another institution, the time begins when the student commenced study at the law school from which the transfer credit is accepted. If a law school accepts a student who has completed law studies at a law school outside the United States as permitted under Standard 505, only the time commensurate with the amount of credit given counts toward the length of study requirements of Standard 310(c)-311(c).

10. **EXPENSES**

**Transportation**

In accordance with the Policy on Authorized Expenditures and Procedures for Reimbursement, at Midyear Meetings only, all delegates may be reimbursed for necessary long distance transportation on the basis of coach rate or economy class fares published by the appropriate commercial air carrier, or rail fare, or, when a private automobile is used, at the rate of 56.5¢ as of August 1, 2011, per mile plus tolls and parking. Also reimbursed is local transportation to and from air terminals or railroad stations, to or from hotels, home or office. No reimbursement will be issued for airline tickets obtained through frequent flyer programs. The Board of Governors has approved an interpretation to the policy to provide that members of the House must be present at the end of the meeting of the House in order to be eligible for reimbursement of their travel expenses.

Reimbursement is not permitted for transportation expenses in connection with Annual Meetings. (§28.4)

**Per Diem Allowance**

A per diem allowance of $100 is allowed for members of House Committees for each day the House Committee meets at the Midyear or Annual Meeting.

**Reimbursement**

Receipts for expenses exceeding $75 should accompany each form. A copy of an airline ticket and hotel bill is usually sufficient. All reimbursement requests should be submitted promptly to the Division for Policy Administration. A copy of the form used for reimbursement is attached at the end of this chapter. In accordance with policy established by the Board of Governors, reimbursement will not be made if the request is not submitted within six months after the end of the fiscal year in which the expense is incurred.

Policy

The following expenses for attendance at meetings of the House of Delegates may be reimbursed for Midyear Meetings and any special meetings, which may be held. House members qualify for reimbursement when it can be determined from the signed roster book or otherwise that the delegate was, in fact, in attendance at the meeting.

Members of the House must be present at the end of the meeting of the House in order to be eligible for reimbursement of their transportation expenses.¹

**UNDER NO CIRCUMSTANCES WILL REIMBURSEMENT BE MADE IF THE REQUEST THEREFORE IS NOT SUBMITTED WITHIN SIX MONTHS AFTER THE END OF THE FISCAL YEAR IN WHICH THE EXPENSE IS INCURRED.**

Transportation

All necessary long distance transportation on the basis of coach rate or economy class fares published by the appropriate commercial air carrier, or rail fare, or, when a private automobile is used, at the rate of 56.5 per mile plus tolls and parking (08/01/11); and local transportation to and from air terminal or railroad stations, to or from hotels, home or office.

Please note that no reimbursement will be issued for airline tickets obtained through frequent flyer programs.

Lodging and Meals - House Committees

Members of the House of Delegates are not entitled to reimbursement for lodging and meals; however, members of committees of the House which are required to meet the days before the House sessions begin either at Midyear or Annual Meetings may be allowed their actual expenses not to exceed $100.00 to cover lodging and meals. Committee members are also eligible for $100.00 per diem for the days on which the committee is required to meet for special meetings. In addition, members of the Nominating Committee are allowed their actual expenses not to exceed $100.00 to cover lodging and meals for the day on which the Nominating Committee holds its nominating meeting and orientation session.

Annual Meetings

Reimbursement of travel expenses to attend the Annual Meeting of the House of Delegates is not authorized by the Association’s Bylaws and implementing reimbursement policy. However, the per diem reimbursement allowance of $100 may be paid for attendance to a House Committee Meeting for days the meeting is held.

¹The Board of Governors upon recommendation of the House Committee on Rules and Calendar approved this interpretation of the Policy on Authorized Expenditures and Procedures for Reimbursement in December, 1995.
11. SUMMARY OF ACTION AND LEGISLATIVE IMPLEMENTATION

Summary of Action

After each meeting of the House of Delegates, a Summary of Action is prepared as the official record of the meeting. It is disseminated to the members of the House, section and committee chairs, and bar associations.

The Summary constitutes the official minutes of the House meeting. Any delegate who believes that a correction should be made in the Summary must notify the Secretary within ten days after receiving the Summary. Action on the proposed correction must be taken at the next session of the House. (§47.1)

Legislative Implementation

Following each House meeting, in conjunction with the Governmental Affairs Office, letters are sent by the Office of the Secretary to the appropriate congressional committees, federal agencies, and members of the executive branch to inform them of House action.

According to §25.1 of the Bylaws, only the President or his/her designee is authorized to express the policy of the Association. No other member or employee of the Association may represent the Association or a section or committee before a legislative body, court or governmental agency unless specifically authorized by the House.

Typically, the President of the Association will designate the Chair of the entity which proposed the policy to testify on behalf of the Association and to supplement the standard implementation letters. Questions concerning further legislative activity should be addressed to Thomas Susman, Director, Governmental Affairs Office.
12. **PROFILE OF THE AMERICAN BAR ASSOCIATION**

The American Bar Association is a voluntary incorporated association with approximately 386,115 members constituting approximately half of the practicing lawyers in the nation. Any lawyer admitted to practice in any state or territory of the United States who is in good standing professionally, may join the Association, as may judges, law teachers, lawyers in government, court administrators, lawyers in business, and those in various other professional capacities. (§3.1) In addition, members of the legal profession of another country who are admitted to practice law but are not admitted to the bar of any state, territory, or possession of the United States, may qualify as International Law Associates. (§21.12(a)) Individuals who are not admitted to practice law in any jurisdiction, but have an interest in the work of the American Bar Association, may also qualify as General Associates. (§21.12(b))

The combined annual budget is approximately $216,096,064 for fiscal 2014-2015 with the fiscal year running from September 1 through August 31. Revenues come from multiple sources, the two largest of which are membership dues and foundation and governmental grants for special projects.

The Association's constitutional objectives are set forth in §1.2 of the Constitution. In the aggregate, all of the activities of the Association have as their primary purpose (1) improving the legal profession and the processes of justice, and (2) fulfilling the profession's public service obligations.

**ASSOCIATION GOALS**

The following mission statement and Association goals were adopted by the House of Delegates in August 2008:

**MISSION**

To serve equally our members, our profession and the public by defending liberty and delivering justice as the national representative of the legal profession.
Goal I: SERVE OUR MEMBERS
   Objective: Provide benefits, programs and services which promote members’
   professional growth and quality of life.

Goal II: IMPROVE OUR PROFESSION
   Objectives: 1. Promote the highest quality legal education.
   2. Promote competence, ethical conduct and professionalism.
   3. Promote pro bono and public service by the legal profession.

Goal III: ELIMINATE BIAS AND ENHANCE DIVERSITY
   Objectives: 1. Promote full and equal participation in the association,
   our profession, and the justice system by all persons.
   2. Eliminate bias in the legal profession and the justice system.

Goal IV: ADVANCE THE RULE OF LAW
   Objectives: 1. Increase public understanding of and respect for the rule of law,
   the legal process, and the role of the legal profession at home and
   throughout the world.
   2. Hold governments accountable under law.
   3. Work for just laws, including human rights, and a fair legal
   process.
   4. Assure meaningful access to justice for all persons.
   5. Preserve the independence of the legal profession and the
   judiciary.

The Association encourages professional improvement through numerous educational
programs and activities, largely sponsored by the substantive law sections of the ABA. The
Association works to maintain high standards of law schools and continuing legal education for
lawyers, and also to promote education about law in primary and secondary schools. The ABA
has the primary role in the accreditation of law schools, and in the formulation of model codes of
legal ethics and standards of professional discipline.

A basic principle underlying Association activities is that public and professional service
are interdependent goals. Many ABA programs are designed to improve the administration of
civil and criminal justice, and to make legal services more easily available to the public. The
Association supports research and sponsors experiments covering a wide range of delivery
methods including prepaid legal services, lawyer referral services, legal assistance to the mentally
disabled and the indigent, and in the specialized practice of law.
**House of Delegates**

The policy making authority of the American Bar Association is vested in the House of Delegates. Action taken by the House on specific issues becomes official policy. The House represents not only various groups within the Association but also the legal profession as a whole. The membership of approximately 559 delegates comprises representatives of ABA entities, state and qualifying local bar associations, other national organizations of the legal profession, and delegates elected by the Association members registered at the Annual Meetings and the sections of the ABA. The Attorney General and the Director of the Administrative Office of the U.S. Courts are members of the House by virtue of their office. The House meets twice a year; the Midyear Meeting is usually in February, the Annual Meeting in August. It presently has four standing committees and seven special committees.

**Board of Governors**

The Board of Governors is authorized by the Constitution to act on behalf of the Association between meetings of the House of Delegates, not inconsistently with any action taken by the House.

The Board is currently comprised of 40 members including district and at-large members who are elected for three-year terms, and 6 ex-officio members. The elected members include 18 district representatives, six section members-at-large, one judicial member-at-large, two young lawyer members-at-large, one law student member-at-large, and until the conclusion of the Annual Meeting in 2015, two women members-at-large and two minority members-at-large. The following members are ex-officio: the President, President-Elect, Chair of the House of Delegates, Immediate Past President, Secretary and Treasurer, and in every third year the Secretary-elect and Treasurer-elect.

The Board meets four or five times each year, including the Midyear and Annual Meetings. It presently has four standing committees: Executive Committee, Operations and Communications Committee, Program and Planning Committee, and Finance Committee.
Sections and Divisions

Sections are semi-autonomous entities which Association members may join. Most sections represent a substantive area of the law. A complete listing of the 21 sections and seven divisions including the jurisdictional statement of each may be found in Chapter 4 of the ABA Policy and Procedures Handbook. All Sections operate under bylaws approved by the Board. Section leadership is provided by officers and council members elected by members of the section. Section committees are appointed by the chair and report to the council.

There are seven divisions: the Law Practice Division, the Law Student Division, the Judicial Division, the Young Lawyers Division, the Senior Lawyers Division, the Government and Public Sector Lawyers and the Solo, Small Firm and General Practice Division.

Throughout the Constitution and Bylaws, the term "section" is intended to apply to divisions unless otherwise noted. The internal structure of divisions differs from that of sections. The Law Student Division is governed by a Board of Governors and has an Assembly which functions only at the Annual Meeting. The Judicial Division consists of judicial conferences, each with its own delegate to the House, and a committee structure. The Young Lawyers Division, the Senior Lawyers Division, the Government and Public Sector Lawyers Division, and the Solo, Small Firm and General Practice Division structures more closely resemble that of other ABA sections.

Normally, the resolutions of a Section are presented to the House of Delegates for consideration, but in some instances, sections may act on their own behalf in legislative matters, when appropriate, under "Blanket Authority."

Committees and Commissions

At the present time, there are 34 standing committees and 40 special committees, commissions, consortium, and coordinating groups. An Association committee is either standing or special depending upon the probable duration of the committee's work. Standing committees with continuing assignments are created within the Association Bylaws. A commission is a
special committee whose membership includes non-members of the Association. A special committee or commission is automatically discontinued at the time of the Annual Meeting each year unless continued by the House. A list of the existing standing and special committees and commissions and the jurisdictional statement of each may be found in Chapter 4 of the ABA Policy and Procedures Handbook.

Normally, a standing committee will consist of seven members appointed for staggered three-year terms by the President who also designates a chair annually. Unless otherwise formulated, special committees and commissions number five members, each appointed by the President for a one-year term.

**Other ABA Entities**

A task force is created occasionally by the Board of Governors to perform a short-term assignment. It reports to the Board within a time limit set by the Board and then is discontinued.

Conference groups have been created under the aegis of the Standing Committee on National Conference Groups. The membership is divided between Association members and members of another profession or discipline. As an example, there are conferences with doctors, scientists, realtors and others.

Forum committees may be created by the House to serve lawyers in specialized practice whose numbers are insufficient to warrant section status. Their activities are monitored by the Standing Committee on Forum Committees. Forum committees have characteristics of both standing committees and sections. Each committee, of which there are seven, deals with a substantive area of law which is not being fully served by an existing ABA entity. A governing committee, appointed by the President for staggered three-year terms with the chair appointed annually, directs the affairs of each forum committee. Any Association member may participate by paying the required annual dues and by meeting the additional qualification of also being a member of an ABA Section. (See Chapter 4 of the ABA Policy and Procedures Handbook for a list of existing forum committees.)
Consortiums consisting of a number of committees and other Association entities having a common interest in a given area of activity have been created, such as the Consortium on Legal Services.

A coordinating group consists of members appointed by the President from ABA entities having a common interest in a specified area, such as the Coordinating Group on Bioethics and the Law. Each entity contributes a pro rata share of the group's total operating budget. In addition at-large members may be appointed, the number of which may not exceed one less than the number of participating ABA entities.

MEMORANDUM

TO: Members of the House of Delegates
    Section and Committee Chairs

FROM: Mary T. Torres

SUBJECT: Filing Instructions for Resolutions and Reports to the
         House of Delegates for the 2015 Houston Midyear Meeting

DATE: October 3, 2014

As we approach the February 2015 Midyear Meeting in Houston, Texas, outlined
below are the requirements and procedures for filing Resolutions with Reports
and Informational Reports to the House of Delegates.

RESOLUTIONS WITH REPORTS

Resolutions with Reports for the 2015 Midyear Meeting of the House of Delegates
should be filed electronically at resolutionswithreports@americanbar.org as soon
as possible, but no later than the close of business on Wednesday, November 19, 2014. Reports submitted after the date prescribed for receipt may not be considered unless the Committee on Rules and Calendar recommends a waiver of the time requirement and the recommendation is approved by a two-thirds vote of the delegates voting at the meeting.

As you work to submit a Resolution with Report, the Committee on Drafting
Policies and Procedures is available to serve as a resource to all members who
are interested in bringing a Resolution with Report to the House for consideration. Members are encouraged to seek the Committee’s assistance prior to the deadline for submission of reports. Its assistance should help to prepare your reports for publication in the House of Delegates bound book. Please feel free to contact Chair Tracy A. Giles (tgiles@gileslambert.com) prior to the November 19 filing deadline with any questions you have related to drafting your Resolution with Report.

Procedures for the preparation and submission of reports are contained in the attached Instructions for Filing Resolutions with Reports and Informational Reports to the House of Delegates. Please review the instructions carefully. Technical requirements for the submission of Resolutions with Reports apply to all submitting entities. Reports are limited to 15 pages in length.
Please note that the Rules and Calendar Committee is instituting the following
definitions and procedures regarding resolutions. The term cosponsor will refer to
an entity which has worked closely with the sponsoring entity to draft and develop
the resolution and is identified as such by the printing deadline. Such entities will
be included in the bound books and on documents such as the final calendar,
daily journal and the “official” summary of action. The term supporter will be used
to describe an entity which votes to endorse the resolution but has not been
integrially involved with the original drafting. Such entities may be mentioned
during the presentation of the resolution, but will not be included in the bound
books or printed on documents such as the final calendar, daily journal or the
“official” summary of action.

In order to be listed as a cosponsor on Resolutions with Reports submitted for
consideration at the 2015 Houston Midyear Meeting, entities must notify the
sponsoring entity and the Division for Policy Administration of its cosponsorship no
later than the printing deadline which is December 5, 2014.

Please note that an Executive Summary must be included with each filing. An
Executive Summary of all Resolutions with Reports will be sent electronically to
each delegate following the filing deadline and will constitute notice that the
matters are filed for consideration by the House of Delegates.

In addition, the General Information Form has been revised, so please be sure to
use the form included with this notice.

In accordance with §45.2(c) of the House Rules of Procedure, once a Resolution
with Report has been calendared, it cannot be withdrawn without the concurrence
of the Committee on Rules and Calendar or a vote of the House of Delegates. If
the Committee concurs, the proponent of the report being withdrawn shall advise
the House of Delegates as to the reasons for withdrawal.

Once a resolution has been filed and approved for calendaring, it becomes the
property of the House of Delegates. To the extent that amendments are made
and revisions are agreed to by all parties after the filing/calendaring deadline, the
movant must provide an explanation to the House regarding why the revision
and/or amendment was agreed to or made. This will provide the House with
additional information helpful to ensuring that they are casting as informed a vote
as possible.

The Committee on Rules and Calendar will meet December 4-7, 2014 to review
all Resolutions with Reports submitted by the filing deadline. After that meeting,
the Committee’s staff will contact each submitting entity to discuss its report.
INFORMATIONAL REPORTS

Sections and Committees are encouraged to submit Informational Reports to the House of Delegates. These reports should be brief and concise and must be filed electronically at informationalreports@americanbar.org no later than Friday, December 12, 2014. Informational Reports will not be printed in a bound book but instead posted on the ABA’s Website (click on Informational Reports).

If you have any questions, please contact Rochelle E. Evans (Rochelle.Evans@americanbar.org) at 312/988-5157 or Adrienne Barney (Adrienne.Barney@americanbar.org) at 312/988-5230 in the Chicago office. They will be pleased to assist you.

RESOLUTIONS WITH REPORTS

Each Resolution with Report must include the following:

- A resolution
- A report
- A general information form
- An executive summary

Reports are limited to 15 pages in length. This limit does not include the executive summary or general information form, which are separate documents. If the resolution proposes adoption of a set of standards or model rules appended to the report, that appendix will not be counted in determining compliance with the 15-page limitation.

A report which exceeds 15 pages must be accompanied by a memorandum to the Committee on Rules and Calendar explaining why the report must exceed 15 pages and requesting a waiver of the limitation.

Resolution Format

- The resolution is separate from the report and should include a title that carries the name of the submitting entity or entities.
- Please format the resolution to include line numbers along the left margin.
- There must be a 2-inch margin at the top of the first page; a 1-inch margin at the top, bottom, left and right of each succeeding page.
- The font size must be no smaller than 12-point.
- Number all pages at the bottom.

A resolution must propose a new policy or a change of policy. It may reaffirm existing policy only if that policy is older than 10 years. It may not contain any recitals, supporting arguments, or "whereas clauses." The House of Delegates adopts the resolution, not the report.

Report Format

- Margins should be 1-inch on all sides.
- The font size must be no smaller than 12-point.
- The report must be single-spaced.
- The name of the chair or president of the section, committee, bar association, or affiliated organization submitting the report should be typed at the end of the report, dated February 2015.
- Number all pages at the bottom.

The report should contain the reasons for the resolution and may not contain any language that commits the Association to a policy not set forth in the resolution. If the report addresses specific legislation, it must include a summary of the phase of legislation under consideration, and a copy or relevant excerpt of the bill.
General Information Form

The General Information Form can be found in the template here and must be filled out completely in accordance with the following instructions:

1. Briefly summarize the resolution.

2. Indicate when the resolution was approved or will be considered by the governing body of the submitting entity. If the vote was taken other than at a regularly scheduled meeting of the governing body, describe the procedure.

3. If this or a similar resolution has been submitted previously to the House of Delegates or the Board of Governors, please include all relevant information – a summary of the resolution, when and before what group the resolution was considered, and what action or position was taken on the matter.

4. Are there any existing Association policies which are relevant to this resolution, and if so, how would they be affected by the adoption of this resolution?

5. If this is a late report, explain what urgency exists which requires that action on this matter be taken at this meeting. If deferral is acceptable, note the time by which action is necessary.

6. If the resolution is a legislative resolve, indicate the current status in the Congress.

7. Briefly explain plans for implementation of the policy, if adopted by the House of Delegates.

8. If adoption of the resolution would result in expenditures, estimate the funds necessary, suggest the anticipated source for funding, and list proposed direct and indirect costs. Indirect costs include those such as staff time or administrative overhead.

9. Review the background of the proponents of the resolution to determine if there are potential conflicts of interest. If such potential is found, list by name those proponents who have a material interest in the subject matter of the resolution due to specific employment or representation of clients. Note all individuals who abstained from voting on the resolution due to a conflict of interest.

10. List the sections, committees, bar associations, or affiliated entities to which the resolution has been referred, the date of the referral, and the response of each group, if known.

11. Indicate the name, address, and telephone number of the person who should be contacted prior to the meeting concerning questions about the report.

12. Indicate the name of the person who will present the resolution to the House and who should be contacted at the meeting when questions arise concerning its presentation and debate. Please be sure to include email addresses and cell phone numbers for your on-site contacts.
Executive Summary

Each report must be submitted with an Executive Summary. The Executive Summary should be concise and must include the following:

a) A summary of the resolution;
b) A summary of the issue which the resolution addresses;
c) An explanation of how the proposed policy position will address the issue; and
d) A summary of any minority views or opposition which have been identified.

Format

. Margins should be 1-inch on all sides.
. The font size must be no smaller than 12-point.
. **Number all pages at the bottom.**

The Executive Summary Form can be found in the template [here](#).

INFORMATIONAL REPORTS

The Rules of Procedure of the House of Delegates allow any section or committee to make a written informational report to the House of Delegates. Informational reports should be brief; a maximum of two pages is traditional. Reports should be submitted on plain white paper, not letterhead. These reports will not be printed in a bound book but instead posted on the ABA’s Website ([click on Informational Reports](#)).

Format

. Margins should be 1-inch on all sides.
. The font size must be no smaller than 12-point.
. The name of the chair of the section or committee submitting the report should be typed at the end of the report, dated February 2015.
. **Number all pages at the bottom.**

Informational Reports may be filed electronically at informationalreports@americanbar.org no later than Friday, December 12, 2014. Please send the document formatted for MS Word.

State and local bar associations represented in the House of Delegates are entitled to submit matters for consideration by the House. Matters that state and local bar associations wish to present at the 2015 Midyear Meeting must be filed electronically at resolutionswithreports@americanbar.org as soon as possible, but no later than the close of business on Wednesday, November 19, 2014 in order to be included in the bound book of Resolutions with Reports distributed to delegates before the meeting.

Section 45.6 of the House Rules of Procedure provides that the final date for submission of matters by state and local bar associations is the last scheduled meeting of the Committee on Rules and Calendar before the House meeting begins. Such matters must be submitted in writing to the Committee at, or prior to, that time. The last scheduled meeting of the Committee on Rules and Calendar at the 2015 Midyear Meeting will be held on Sunday, February 8, 2015. To provide members of the House with some opportunity to review reports submitted after the filing deadline and therefore not contained in the bound book of Resolutions with Reports, the Committee on Rules and Calendar has determined that any such reports may be calendared for consideration by the House on the afternoon of a one-day House meeting or on the second day of a two-day meeting.
As you work to submit Resolutions with Reports, the Committee on Drafting Policies and Procedures is available to serve as a resource to all members who are interested in bringing a Resolution with Report to the House for consideration. Members are encouraged to seek the Committee’s assistance prior to the deadline for submission of reports. Its assistance should help to get your reports ready for publication in the House of Delegates bound book. Please feel free to contact Chair Tracy A. Giles (tgiles@gileslambert.com) prior to the November 19 filing deadline with any questions you have related to drafting your Resolution with Report.

Procedures for the preparation and submission of reports are contained in the attached Instructions for Filing Resolutions with Reports and Informational Reports to the House of Delegates. Please review the instructions carefully. Technical requirements for the submission of Resolutions with Reports apply to all submitting entities. Reports are limited to 15 pages in length.

Please note that the Rules and Calendar Committee is instituting the following definitions and procedures regarding resolutions. The term cosponsor will refer to an entity which has worked closely with the sponsoring entity to draft and develop the resolution and is identified as such by the printing deadline. Such entities will be included in the bound books and on documents such as the final calendar, daily journal and the “official” summary of action. The term supporter will be used to describe an entity which votes to endorse the resolution but has not been integrally involved with the original drafting. Such entities may be mentioned during the presentation of the resolution, but will not be included in the bound books or printed on documents such as the final calendar, daily journal or the “official” summary of action.

In order to be listed as a cosponsor on Resolutions with Reports submitted for consideration at the 2015 Houston Midyear Meeting, entities must notify the sponsoring entity and the Division for Policy Administration of its cosponsorship no later than the printing deadline which is December 5, 2014.

Please note that an Executive Summary must be included with each filing. An Executive Summary of all Resolutions with Reports will be sent electronically to each delegate following the filing deadline and will constitute notice that the matters are filed for consideration by the House of Delegates.

In addition, the General Information Form has been revised, so please be sure to use the form included with this notice.

In accordance with §45.2(c) of the House Rules of Procedure, once a Resolution with Report has been calendared, it cannot be withdrawn without the concurrence of the Committee on Rules and Calendar or a vote of the House of Delegates. If the Committee concurs, the proponent of the report being withdrawn shall advise the House of Delegates as to the reasons for withdrawal.
Once a resolution has been filed and approved for calendaring, it becomes the property of the House of Delegates. To the extent that amendments are made and revisions are agreed to by all parties after the filing/calendaring deadline, the movant must provide an explanation to the House regarding why the revision and/or amendment was agreed to or made. This will provide the House with additional information helpful to ensuring that they are casting as informed a vote as possible.

The Committee on Rules and Calendar will meet December 4-7, 2014 to review all Resolutions with Reports submitted by the filing deadline. After that meeting, the Committee’s staff will contact each submitting entity to discuss its report.

If you have any questions, please contact Rochelle E. Evans (Rochelle.Evans@americanbar.org) at 312/988-5157 or Adrienne Barney (Adrienne.Barney@americanbar.org) at 312/988-5230 in the Chicago office. They will be pleased to assist you.

Thank you for your cooperation. I look forward to seeing you in Houston.

SUBJECT: Filing Instructions for Resolutions and Reports to the House of Delegates for the 2015 Houston Midyear Meeting

POLICY ON CONFLICT OF INTEREST

THEREFORE, BE IT RESOLVED, That every member who has the responsibility of making appointments to any committee of the Association or any of its constituent parts shall make an affirmative effort to appoint persons who will represent as many points of view as are relevant considering the assignment of the committee; and

BE IT FURTHER RESOLVED, That in the report accompanying any recommendation to the Board of Governors or House of Delegates, there shall be disclosed any material interest in the subject matter of the recommendation on the part of any member of any group within the Association which has approved of the recommendation and report prior to its submission to the Board or House by reason of specific employment or representation of clients; and

BE IT FURTHER RESOLVED, That the Secretary of the Association shall have the responsibility of reporting to the House of Delegates from time to time on the implementation of this resolution and shall report to the Board of Governors specific instances in which the provisions of this resolution have not been observed as soon as he or she shall discover them.

~Denotes the # of years of rotation within the Tier
*Denotes that there are 5 tiers with four Sections/Divisions in the rotation, and 1 tier with 5 Sections/Divisions in the rotation. (Note: In addition to these 6 seats, the Judicial Division and the Law Student Division each have one permanent seat, and the Young Lawyers Division has two permanent seats, for a total of 10 Section and Division seats. These seats are not part of the rotation). #Moved from Four Tier to Five Tier Division
^Moved from Five Tier to Four Tier Division
**In August 2011 at the SOC's Business Meeting, the Conference voted to support the methodology developed by the Operations/Policy Committee to create new Rotation Charts. The January 2012 chart based on 8.31.11 lawyer membership figures that was presented to the Conference at the February 2012 Business Meeting has been adjusted. So as not to disadvantage Science and Technology Law (SciTech), SciTech and the Senior Lawyers Division (SLD) remained in their current tiers (F and C respectively), for purposes of this chart only. Moving forward, it is anticipated that SciTech should rotate on in 12 years (2034) and SLD should rotate on again in 15 years (2038). It should be reflected that SciTech would have rotated onto the chart in 2016 based on the approach approved by the SOC and Rotation Chart Subcommittee using the 8/31/11 membership figures; but SciTech and SLD worked out a compromise to accommodate concerns raised by GPSLD about the delay they would encounter.

~Denotes the # of years of rotation within the Tier
*Denotes that there are 3 tiers with 3 Sections/Divisions in the rotation and 4 tiers with 4 Sections/Divisions in the rotation. (Note: In addition to these 7 seats, the Judicial Division and Young Lawyers Division each have one permanent seat, for a total of 9 Section and Division seats. With the recognition that seeking office in the Association is a political process, it is the intent of these Rules to minimize the expenditures of a campaign required for office and to ensure that all members of the Association have fair access to the political process without unnecessary financial burdens or sacrifice.

1. A person seeking to serve as President-Elect, Chair of the House of Delegates, Secretary or Treasurer of the Association shall commence the campaign for office by filing a signed letter of intent setting forth the office and the term with the Division for Policy Administration at the American Bar Center. A candidate’s letter of intent shall be filed no earlier than the last January 1 occurring more than 12 months prior to the Midyear Meeting at which the nomination will be made. The letter of intent shall be in the form attached to these Rules and may be accompanied by a resume. The letter shall state that the candidate has read these Rules and commits to abide by them.

2. After determining that the letter of intent meets the requirements of these Rules, the Division for Policy Administration shall forward a copy of the letter to all members of the House of Delegates. All questions of interpretation with respect to these Rules shall be directed to the Division for Policy Administration, which shall respond promptly to such questions.

3. No candidate or prospective candidate (references in this paragraph and in paragraph 6 to “candidate” shall include “prospective candidate”), and no person acting on his or her behalf, shall solicit a public or private commitment from any member of the Nominating Committee, other than from his or her State Delegate, prior to the candidate’s filing the letter of intent as required by Rule #1. Nominating Committee members (with the single exception noted above) shall not give any such commitments. Meetings by or on behalf of any member exploring or considering a candidacy for any office may be held no earlier than one year before the date that such member would be eligible to declare his or her candidacy under these guidelines. Except for the State Delegate from the prospective candidate’s state, members of the Nominating Committee or their designees may not attend the meetings referenced in the preceding sentence.

4. Each member of the Nominating Committee is personally responsible for providing each candidate who desires to meet with the member an opportunity for a meeting. Nominating Committee members are encouraged to hold such meetings during a Midyear or Annual Meeting and the member may choose to include at the meeting others whose views such member may wish to hear. If this does not prove feasible, the member should provide the candidate an
opportunity to meet at the Section Officers Conference or the Nominating Committee Orientation meeting, and travel and a per diem will be paid to the candidate for such meeting (other than for a meeting held in conjunction with the Annual Meeting or Midyear Meeting). Candidates and prospective candidates are discouraged from arranging visits to Nominating Committee members in their home cities and Nominating Committee members are discouraged from accepting such visits.

5. Each member of the Nominating committee is encouraged to afford the candidate an opportunity to meet with other members of his or her delegation or constituency. Each State Delegate member is encouraged to consult with all members of his or her delegation before making a commitment.

6. A candidate shall not sponsor, or permit others to sponsor on the candidate’s behalf, any reception, or organized social function, in support of his or her candidacy. This provision is not intended to interfere with business meetings or functions not sponsored by a candidate or on a candidate’s behalf attended by a candidate and member(s) of the Nominating Committee. Staff may secure a conference room for use by a candidate for a non-social function during the Midyear and Annual Meetings. Nothing in these guidelines shall prohibit a candidate from serving non-alcoholic beverages and snacks at a meeting permitted by these guidelines.

7. After a candidate has filed his or her letter of intent, the candidate may speak at the Forums sponsored by the Nominating Committee at the immediately following Midyear and Annual Meetings. The Forums will be open to any member of the Association who wishes to attend and suitable notice will be given of the time and place of the Forums.

8. A candidate who decides to terminate his or her campaign for office promptly shall supply a signed letter to that effect to the Division for Policy Administration, which promptly will forward such letter to all members of the House of Delegates.

### NOTES:

The parenthetical notation after some entries represents a new identification system for tracking the adoption of resolutions. The first two numbers indicate the year of adoption, the letter designates its adoption at the Annual or Midyear Meeting, and the last set of numbers is the report number designated for the resolution as it appears in the published document, *Reports with Recommendations to the House of Delegates* for the appropriate ABA meeting.
