EMPLOYMENT LAW WORLD TOUR

The SIL Employment Committee is embarking on a World Tour of employment law! Our members have volunteered to share their expertise on employment law in their jurisdictions through quick, focused teleconferences that will occur on a regular basis during the 2017/18 season. The teleconferences will follow a uniform format. A presentation of the general principles of employment law will precede brief highlights of hot issues like the gig economy, data security for HR records, discrimination against LGBT workers, and whistleblower protections.

Below is the dial-in information for the following programs:
