The Judicial Division (JD) Committees contribute and assist the initiatives and work of the Judicial Division. To be a member of a JD Committee, you must be a Judicial Division member. Each Judicial Division Conference has additional Committees that address the concerns of their respective members. Conference Committees function much like Division Committees and allow members to learn, network and engage in problem-solving regarding issues facing the courts and the judicial system.

The JD Committees DO NOT have a budget and reimbursement is not provided, unless specified below. Any member in need of reimbursement and any costs related to the work of the Committee must be approved by the JD Chair and the Judicial Division Director.

All JD Committees may be asked to do the following:

- Hold conference calls or email communications about the Committee’s projects
- Work on assignments and requests by the JD Chair and Judicial Division Director
- Update the JD Council via Midyear and Annual Meeting reports in compliance with the “JD Report Form” as approved by JD Council
- Possible in person meeting at Midyear or Annual Meeting
- Organize, budget and implement a CLE program via webinar, stand alone or Midyear/Annual Meeting onsite program
- When asked by the JD Chair write an article on Committee’s work and accomplishment for the JD Record
- Contribute content for the JD Website and Committee page

Committee Chairs are appointed annually by the JD Chair unless specified under the description below of the Committee. There are different types of appointments to the JD Committees. There are automatic appointments by position held within the Conference, appointments by the Chairs of the Conferences, and open enrollment which allows any active JD member to become a Committee member.
