Dear Environment, Energy, and Resources Committee Member,

EER is the home for attorneys who practice or are interested in environmental, energy, or natural resources law. We are trial lawyers, regulatory lawyers, transactional lawyers, and change-makers who come together to share valuable knowledge and experiences with other young attorneys. We are looking to build a community of young lawyers in this field by collaborating on monthly committee calls, hosting timely and interesting events, and publishing meaningful articles in our quarterly newsletter. This committee provides

- **NETWORKING**: Networking is an important part of all young lawyers’ career. Working with the committee on newsletter articles and events can provide worthwhile opportunities to connect with other experts in your field and build a strong body of colleagues.
- **EDUCATION**: If you want to keep abreast of the latest issues affecting your practice, the ABA is the premier provider of educational opportunities, including CLEs, events, and newsletters.
- **LEADERSHIP**: Nothing compliments your resume and builds your ability to be an effective and successful lawyer like a leadership position. Taking the lead in hosting an event or writing an article can provide you with the chance to demonstrate your leadership skills.
- **PUBLICATION**: Publication works in the same way leadership does, and writing for the committee newsletter can provide publication experience, as well as serving as a platform to test ideas for larger publications.

EER would love to collaborate with you on newsletters, events, and resolution proposals. Please contact us if you want to be more involved. We will also be hosting monthly committee calls every third Wednesday of the month and impromptu “café calls,” where one of us will be available for more informal, in-person conversations about committee activities and developments in our field. We would love to have you join these calls so we can continue to build a strong community of young environmental, energy, and resources lawyers. We will be posting details about these calls on the website and emailing you friendly reminders.

We look forward to working with you in the coming bar year; if you have any questions, please reach out to us.

Sincerely,

**Christina Reichert**
