Inspiration and Innovation Luncheon with Keynote Speaker Jack Canfield

This luncheon will be like no other event before! It has an exciting twist to it, which includes the opportunity to learn from motivational speaker, Jack Canfield. He will highlight his success principles and parlay them into our lives and practices. If you are not familiar with Jack, he is not only a motivational speaker/success coach, but he is also an American author, seminar leader, corporate trainer, and entrepreneur. He is the New York Times Bestselling Author of The Success Principles and co-author of the Chicken Soup for the Soul series, which has more than 250 titles and 500 million copies in print in over 40 languages.

You will also be inspired by the Difference Makers Award winners. These award winners are recognized for “making a difference” by breaking down barriers through community service, pro bono work, and service to the profession.

If you register for the conference, you will have a chance to speak with Jack one-on-one as he will be participating in our Innovation Labs — a hands-on interactive workshop. His book The Success Principles will be available for purchase on-site, which may be signed by him. Jack recorded a podcast as a preview of his session, click here to listen to it. You should also sign up for his notifications! http://jackcanfield.com/welcome.html.

The experience will be transformational, not only for your practice, but for you personally. Like Jack says:
