Welcome from the Program Chair

Come join us at the 2019 National Aging and Law Conference!

“Empowerment” is the theme of this year’s conference. Empowerment encompasses everything we do to help our clients with income security, access to quality health care, and other benefits and services. Empowerment is about giving our clients a voice in decisions affecting their lives, from advance planning to supporting decision making. Empowerment is about helping our clients avoid abuse, neglect and exploitation, and providing empowering and healing interventions when bad things happen. Empowerment is about assuring that our clients’ voices are heard, loud and clear. Empowerment is about helping people age with dignity. Empowerment comes from the work we have dedicated our lives to.

In the agenda for 2019, you will find four plenary sessions and 30 workshops, with a mix of sessions on elder abuse, consumer law, legal ethics, supporting decision making, health care, benefits, and legal service development and delivery. I hope you will agree that the agenda has something for everyone.

By popular request, NALC returns to the Crystal City area of Arlington, Virginia, for the first time in more than a decade. We are just one subway stop from Ronald Reagan Washington National Airport. An enclosed walkway takes you directly from the subway station to the hotel lobby.

The hotel provides free shuttle service to and from the airport. The Crystal Gateway Marriott has recently completed a total renovation. The room rate of $179 per night, plus tax, is a great value for the location and quality of the hotel. The meeting space is in one area on one floor.

The Wednesday pre-conference is on Supplemental Security Income (SSI.) The session will focus on challenges to obtaining and retaining benefits and emerging issues such as special needs trusts and ABLE accounts. This full-day program includes lunch and CLE credits and requires a separate registration from the main conference.

Join us to explore and celebrate Empowerment in our work and in supporting and helping our clients.

Looking forward to seeing you soon!

Supplemental Security Income: A Vital Benefit for Older Adults and People with Disabilities

The Supplemental Security Income (SSI) program is more critical than ever for the financial security of millions of our nation’s most vulnerable individuals. Join experts from leading advocacy organizations for a special pre-conference designed for advocates who focus on establishing and maintaining clients’ eligibility for SSI.

9:00 – 10:30 am: Overpayments, Appeals, and Waivers

An overpayment of SSI benefits occurs whenever an individual receives money that SSA later claims he or she was not entitled to. This presentation will review overpayment options and steps advocates can take to enforce clients’ due process rights.

Kate Lang, Justice in Aging, John Whitelaw, Community Legal Aid Society, Inc. (DE)

10:30 – 10:45 a.m. break

10:45 am – 12:00

In-Kind Support and Maintenance Living arrangements matter!

Why do some individuals receiving SSI benefits only receive $540 each month instead of $771? In many cases, the reason is “in-kind support and maintenance” (ISM), a rule unique to SSI. We will explore the ins and outs of ISM, provide examples of how the rule works, and offer practice tips for dealing with the rule.

Jennifer Kye, Community Legal Aid Society, Inc. (DE)

12:00 – 1:00 pm: Lunch and Networking

1:00 – 2:30 pm

Special Needs Trusts and ABLE Accounts

On far too many occasions, our clients receive funds from various sources (personal injury settlements, inheritances, lottery winnings) that threaten their eligibility for SSI. Special Needs Trusts and ABLE Accounts are two mechanisms that can avoid these problems. In this session, we will cover the basics of both of these options as a means of protecting SSI for vulnerable clients.

Caitlin McAndrews, McAndrews Law Offices, PC
Lesley Mehalick, McAndrews Law Offices, PC

2:30 – 3:00 p.m. afternoon break

3:00 – 4:30 pm: Cessations: Continuing Disability Reviews and 18 Year Old Reviews

In recent years, SSA’s administrative funding has required the agency to complete an increased number of Continuing Disability Reviews (CDRs) and 18 year old reviews. We will examine the sequence of review, the burden of proof required under a CDR and SSA’s duties in conducting CDRs. We will also cover what is included in an “age 18” review for those who started receiving SSI benefits as children.

Elder Justice Coordinating Council Listening Session with Edwin Walker

Grand Ballroom - Salon D & E
4:30 – 7:00 p.m.

The ACL wants to hear your best thoughts and ideas for the future activities of the Elder Justice Coordinating Council (EJCC). The EJCC coordinates activities related to elder abuse, neglect, and exploitation across the federal government. We want to know what issues you think the EJCC should prioritize over the next two years. We’re interested in comments, thoughts, and ideas about any aspect of the Elder Justice Coordinating Council. Please do not use this session to report suspicions of abuse, neglect, or exploitation. Any suspected abuse, neglect, or financial exploitation should be reported to your state’s Adult Protective Services.
