1.25 HR CLE for Ethics Session!
ACT NATURALLY – ETHICS IN CONSTRUCTION CONTRACTING AND WITNESS PREPARATION

Course Information:
This program will explore various ethical issues that construction attorneys face when negotiating contracts and representing their clients in contract negotiations, including (i) is it OK to lie in negotiations – is there any duty of candor/honesty and (ii) what if the business/sales team wants to take on risks that are detrimental to the clients’ interests? What is the lawyer’s duty in those circumstances (i.e., does the lawyer go over the business team’s head – even as far as going to the CEO – if the business/sales team is taking on undue risk?)
