The preceding questions and answers are based on informal discussions between private sector representatives of the JCEB and Health and Human Services Department and Health Care Finance Agency officials. The questions were submitted by ABA members, and the responses were given at a meeting of JCEB and government representatives. The responses reflect the unofficial, individual views of the government participants as of the time of the discussion, and do not necessarily represent agency policy. This report on the discussions was prepared by designated JCEB representatives, based on the notes and recollections of the JCEB representatives at the meeting, and has not been reviewed by HHS or HCFA personnel. The questions were submitted in advance to the agency, and it was understood that this report would be made available to the public.
