Inspired by the 100th anniversary of the passage of the 19th Amendment, guaranteeing and protecting women’s constitutional right to vote, the 2020 Present & Powerful Speakers Series features a panel of women leaders dedicated to encouraging women to run for elected office. Our panel will explore how the gift of yesterday’s brave Suffragists – an empowering heritage of pride, momentum and purpose – is carried on in spirit by American women today running for elected office. The discussion will include experiences and challenges women face in seeking elected office, the impact and opportunities women have in holding elected office, and why it is important on a local, state and national level to have the varied perspectives that women bring to leadership in elected office.
