Committees
Prevention of and Remedies for Human Trafficking

Description
This committee will draft legislation concerning the prevention of and remedies for human trafficking. The scope of the project is specifically focused on (a) human trafficking for sexual purposes, in which a sex act is induced by force, fraud or coercion, or in which the person induced to perform a sex act has not attained the age of majority, and (b) human trafficking in which force, fraud or coercion is used to obtain the labor or services of an individual under circumstances that amount to involuntary servitude.
