October 1, 2015

Dear Colleague,

It is an honor and a pleasure for me to present to you the National Task Force on Stand Your Ground’s Final Report with Recommendations. The Task Force is a special task force of the ABA Coalition on Racial And Ethnic Justice (COREJ).

This Report also serves as a core component of the Task Force’s National public education campaign, which will roll out in early 2016 and engage individuals and organizations across the United States in community based programs designed to provide accurate information about these laws, as well as dispel the general notion that these laws provide carte blanche authority for individuals to use deadly force in public areas, in any circumstance. If you are interested in participating in our public education campaign, please contact Sharris Davis, Program Associate, for COREJ at Sharris.Davis@americanbar.org

Sincerely,

Leigh-Ann Buchanan
Chairperson, ABA Coalition on Racial and Ethnic Justice
Co-Chairperson of the National Task Force on Stand Your Ground Laws
