Enhancing Justice and Reducing Implicit Bias in the Legal Profession: Strategies that Work

Join us for a dynamic session exploring proven strategies for combating implicit bias, including a video excerpt from the ABA Diversity and Inclusion 360 Commission’s award-winning Implicit Bias Video for Judges. Implicit Bias is an ailment that confronts everyone and which can wreak havoc in our personal and professional lives. Implicit Bias and unconscious bias-synonymous terms—are silent killers of Diversity in the Legal Profession. Both are mental shortcuts that fill gaps in our knowledge with data from past experiences and cultural norms. The question becomes: What can lawyers, judges, and firms do about it? This session will provide you with the answers to that question.
