

# Internet of Things (IoT) National Institute

*Everything will be connected.*

Presented by the ABA Section of  
Science & Technology Law

SAVE  
THE DATE  
MAY 9-10,  
2018

May 9-10, 2018 | Washington, DC  
1001 Pennsylvania Ave. NW (Crowell & Moring LLP)

Join us for our third Internet of Things (IoT) National Institute:

- Discover why corporate, law firm, government, university, and other attendees gave the last two IoT Institutes rave reviews: “magical,” “eye-opening,” “rock star” speakers, and “a grand slam.”
- Gain insights and practical guidance on the latest legal, legislative, regulatory, and liability issues of the IoT transformation — a game-changer for businesses, policymakers, and lawyers that’s generating hundreds of billions of dollars in spending globally.
- Explore need-to-know IoT hot topics: big data/privacy, cybersecurity, litigation/mitigation, cloud/artificial intelligence, connected healthcare, ethics, global IoT product development and sales, insurance risk allocation, and homeland/national security.
- Get great value: 2 days of CLE credit (including ethics), 3 keynotes packed with compelling perspectives, 2 breakfasts and 2 lunches, and a cocktail/networking reception.

*Sponsorship opportunities available*
