Please explain your entity's liaison expectations: identify and seek approval of a project which can benefit young lawyers in the national security field; we actually have a "young national security lawyers group" which has held informal meetings/social gatherings to get to know one another in the DC area. We are most interested in developing a career network/website/linked in network. As we hope to join with the YLD this summer in your 'career program/coffee' we would hope to find someone familiar with that initiative and/or someone who can be a liaison from our committee to your division in carrying out this initiative.
