

Report of the Section on Insurance Negligence & Compensation Law (Annual Meeting 1978)

The Section's recommendation was approved by voice vote, with the understanding that approval does not commit the Association to any future funding of the International Legal Exchange Program. It reads:

BE IT RESOLVED, That the American Bar Association re-affirms its 1968 resolution encouraging ABA members to participate in international legal exchange programs;

BE IT FURTHER RESOLVED, That the American Bar Association, in recognition of its leadership role and its responsibility to respond to the needs of its membership, will continue to cooperate, through its International Legal Exchange Program (ILEX) with the Government of the United States, the United Nations and foreign governments and bar associations to their mutual benefit.
