SUMMARY OF ACTION
AMERICAN BAR ASSOCIATION

Walt Disney World Dolphin Hotel
Orlando, Florida
February 4-5, 2010

1. REPORTS OF OFFICERS AND THE EXECUTIVE DIRECTOR

The Board received the reports of the President, President-elect, Chair of the House of Delegates, Secretary, Treasurer and Executive Director. The minutes of the Board's October 31, 2009, meeting in Manchester Village, Vermont, were approved as presented. The minutes of the Executive Committee's December 10, December 23, and December 30, 2009; and January 20, January 28, and February 3, 2010, meetings were received.

2. MATTERS FOR DIRECT BOARD ACTION

2.1 House Reports

The actions of the Board on Reports with Recommendations to the House of Delegates are reported in the Board’s Transmittal Report to the House of Delegates, #177A. Copies of Report #177A are available from the Division for Policy Administration.

2.2 Report From the Commission on Ethics 20/20

Jamie S. Gorelick, Co-Chair of the ABA Commission on Ethics 20/20, presented a status report on the Commission’s work. The Commission was created at the request of President Lamm to review the Model Rules of Professional Conduct and the U.S. system of lawyer regulation in response to the concerns that technological changes and globalization present to clients, lawyers, law firms, and the public. The Commission’s work is guided by three principles: protection of the public; preservation of core professional values; and the maintenance of a strong, independent and self-regulated profession.

In November 2009, the Commission disseminated its Preliminary Issues Outline which identifies ethical and regulatory issues affecting the entire spectrum of the legal profession, i.e., from what has been characterized as "Big Law" to individual, local practices. Subject to continued modification, the three initial subject areas for Commission study are a) issues that arise because U.S. lawyers are regulated by states but work increasingly across state and international borders, b) issues that arise in light of current and future advances in technology that enhance virtual cross-border access, and c) specific ethical issues raised by changing technology. The Commission has engaged in extensive outreach efforts and collaboration with the judiciary; with state, local, and specialty bar associations; and with the public. Seven working groups, each focusing on a particular subject area (e.g., legal process outsourcing, inbound foreign lawyers, and technology) have been created to facilitate the Commission’s work. The
Commission's first public hearing was held on February 5, 2010, in Orlando. Future outreach will be conducted at the Bar Leadership Institute, ABA Day in Washington, the National Conference on Professional Responsibility, and other scheduled events.

2.3 **Status Report Regarding the Executive Director Search**

In executive session, the Board received a status report regarding the Executive Director search from William C. Hubbard, Chair of the Executive Director Search Committee.

2.4 **Presentation Regarding Segment Value Membership Initiative**

Laurel G. Bellows, Co-Chair of the Task Force on Segment Value Membership Initiative (SVMI), presented a status report regarding the work of the Task Force. Formed in June 2009, the Task Force, in conjunction with the Standing Committee on Membership, coordinates the implementation of the SVMI that began in September 2008 to develop ideas for adding value to ABA membership. The Task Force is focusing on four segments: law students and global, large and medium-sized firms. Currently, the Task Force has coordinated "ABA Day" at law schools across the country and is working with the Young Lawyers Division on its "Touch 10,000" initiative, a member-to-member outreach program designed to link current ABA young lawyer members, known as "Ambassadors," with new bar admittees. In addition, the Task Force is implementing the "President's Council," which was created at the request of President Lamm to connect leaders in law firms with Association leaders.

2.5 **Report Regarding Presidential Diversity Commission**

Honorable Ellen F. Rosenblum, Chair of the Presidential Initiative-Commission on Diversity, presented a status report on the Commission's activities. Judge Rosenblum's report highlighted the following points: a) the release, at the 2010 Midyear Meeting, of the report "State of Diversity in the Legal Profession: Next Steps," which analyzes the extensive information gathered in 2009-2010 from Immediate Past President Wells' Diversity Summit and related activities. The report provides recommendations for the next steps to advance diversity in the legal profession. The report will be discussed at a program on Friday, February 5 during the 2010 Midyear Meeting; and b) the presentation by the Commission of a series of distance learning CLE programs. Program topics include "Removing Bias from Attorney Evaluations" and "Smart Soloing: Success Strategies for Diverse Lawyers."

2.6 **Report From the Rule of Law Initiative**

Robert J. Grey, Jr., Chair of the ABA Rule of Law Initiative (ROLI) presented a power point titled "Strengthening ABA ROLI and the ABA-ROLI Relationship: The Next 20 Years." The presentation highlighted ROLI's work as one of the leading providers of technical legal assistance in the world and included specific examples of ROLI's early, recent, and current successes in advancing the rule of law internationally. In addition, the presentation outlined the changes in the environment for international rule of law assistance between 1990 (there were few international technical legal assistance providers and U.S.-based association membership structures and procedures sufficed) and 2010 (there are numerous providers worldwide which require internationally-tailored operational program structures and procedures). Mr. Grey also explained some of the
recent challenges that ROLi has experienced in complying with the ABA business model in terms of governance, financial and human resources issues and outlined generally changes that may be necessary to expand ROLi’s programming globally.

2.7 Status Report From the Commission on the Impact of the Economic Crisis on the Profession and Legal Needs

Allan J. Tannenbaum, Chair of the Commission on the Impact of the Economic Crisis on the Profession and Legal Needs presented a status report on the Commission’s work. The current economic crisis has taken an unprecedented toll on the legal profession. In the twelve months ending in November 2009, the legal industry lost approximately 42,000 jobs affecting lawyers in all practice settings. President Lamm requested the creation of the Commission in 2009 to work with Association entities and staff to develop new approaches to help lawyers cope with the transforming economy, assess the impact of the crisis on legal needs, and determine what the ABA can do to improve the delivery of legal services.

The ABA has responded quickly, with practical resources and programs, to address recession-related legal needs. Resources and programs developed include a) the Economic Recovery Resources Portal, b) the ABA Job Board, c) the FJE Project Fellows program, approved by the Board in October 2009, which provides volunteer experience in Fund for Justice and Education public service projects for recent law school graduates who may be unemployed, underemployed, or deferred, d) distance learning programs, e) providing clear information regarding student loan debt options and advocating for flexibility in repayment of law student loans, and e) "toolkits" to assist lawyers who have lost their jobs and are seeking to transition into smaller firms or local practice.

2.8 Report Regarding the Fund for Justice and Education

The Board, sitting as the members of the Board of the American Bar Association Fund for Justice and Education (ABA/FJE), heard a presentation from Alan Kopit, Chair of the Council of the FJE. The FJE was created in 1961, as the Fund for Public Education, to allow the American Bar Association to solicit and accept tax-exempt gifts and grants in support of law-related public service and educational programs of the Association. Today, the FJE supports nearly 200 ABA programs and services.

Mr. Kopit highlighted recent FJE initiatives including a) the Executive Committee’s approval of the FJE Haiti Legal Development Fund to support programmatic initiatives to address law related/justice system issues in Haiti, b) the FJE Council’s request, submitted at the February 2010 Board meeting, to increase the amount of the dues check-off contribution to the ABA/FJE on membership renewal statements from $15.00 to $25.00 to generate additional revenue. (See Exhibit 5.1 below.), and c) the FJE Project Fellows program. Mr. Kopit also expressed his appreciation to members of the Board and House of Delegates for their contributions to the FJE.

2.9 Status Report Regarding the ABA Website

Robert A. Clifford, Chair of the Standing Committee on Strategic Communications, presented a status report regarding the ABA Website. In December 2009, the Standing Committee convened a Website Stakeholders Summit. At the Summit, representatives
of entities that have presence on the ABA Website shared their experiences and comments regarding the site. A key conclusion from the Summit was that there should be one ABA entity with oversight responsibility for the ABA Website. The results of the Summit were summarized by the consulting firm .orgSource in the January 2010 Website Findings and Recommendations Report (Report), which was distributed at the February 5, 2010, Board meeting. In addition, the Board previously received an executive summary of the Report. The Standing Committee is requesting that the Board a) receive the aforementioned Report and b) create a five-member task force, to be appointed by the President, to oversee the Website. On February 4, 2010, the Operations and Communications Committee recommended that the Board approve the Standing Committee’s request. (See Exhibit 3.11 below.)

At the February 2010 Board meeting the Standing Committee on Membership is requesting supplemental funding to hire Ogilvy and Mather to assist the ABA in its Membership Growth Initiative in Fiscal Year 2010. (See Exhibit 3.9 below.) Mr. Clifford noted that a major component of the work to be undertaken by Ogilvy and Mather includes website redesign.

2.10 Presentation From the Hispanic National Bar Association

Roman D. Hernandez, President of the Hispanic National Bar Association, urged the ABA to support comprehensive immigration reform as set forth in House Reports 114A through 114F submitted by the Commission on Immigration for consideration by the House of Delegates at the 2010 Midyear Meeting (See Exhibit 2.1 above.) and as set forth in the February 2, 2010, report “Reforming the Immigration System: Proposals to Promote Independence, Fairness, Efficiency, and Professionalism in the Adjudication of Removal Cases,” which was prepared pro bono by the law firm of Arnold & Porter LLP.

2.11 Request to Approve ABA Legislative and Governmental Priorities

Wm. T. Robinson III, Chair of the Standing Committee on Governmental Affairs (SCGA) presented a status report regarding the Standing Committee’s work. Mr. Robinson’s report highlighted a) the increasingly effective working relationship between ABA volunteers and the staff of the ABA Governmental Affairs Office (GAO), b) the GAO’s Grassroots Action Team and Grassroots Advocacy Center, which provide the means to conveniently contact elected officials about issues that directly impact the organized bar, the legal profession, and the administration of justice, and c) the creation by the Board in October 2009 of the SCGA Subcommittee on Medical Malpractice and Health Care Reform. The Subcommittee, which includes members of the SCGA, the Standing Committee on Medical Professional Liability, the Health Law Section, and the Section of Litigation, works to enhance the efforts of the ABA and the GAO to implement policy in the area of medical malpractice in light of health care reform.

The Board next considered the recommendations of the SCGA and the GAO regarding Legislative and Governmental Priorities for 2010 (Priority or Priorities). The SCGA and GAO recommended the retention of nine of the ten current Priorities and also recommended that the Board delete “Tax Simplification” from the Priorities list and replace it with a new Priority called “Response to Economic Crisis: Flexibility in Repayment of Law Student Loans and Related Emergency Programs” in recognition of the severity of the impact of the economic crisis on the legal profession. Charles H.
Egerton, Chair-elect of the Section of Taxation, spoke in favor of retaining "Tax Simplification" as a Priority because a) President Obama and key Congressional leaders have indicated publicly that tax simplification and tax reform will be significant issues on the agendas of the Administration and Congress and b) if the Association replaces tax simplification with another Priority, there will be no organized constituency to speak on behalf of the issue.

Thereafter, the Board approved the following ABA Legislative and Governmental Priorities for 2010, as recommended by the SCGA and the GAO:

Access to Legal Services
Anti-Terrorism and Preservation of Civil Liberties
Criminal Justice System Improvements and Protection of Rights
Health Care Law
Immigration
Independence of the Judiciary
Independence of the Legal Profession
Legal Remedies to Eliminate Discrimination
Promoting the International Rule of Law
Response to Economic Crisis: Flexibility in Repayment of Law Student Loans and Related Emergency Programs

2.12 Status Report Regarding the Washington, DC Office Space

Thomas Z. Hayward, Chair of the Washington, DC Office Space Committee, presented a status report regarding the Washington, DC office space. The Committee was created in October 2009 to review options regarding the ABA's Washington, DC office building. However, the Committee has also been reviewing specific provisions of the lease for the Chicago office. Mr. Hayward emphasized that the Association needs to develop a real estate strategy; the Washington, DC office space should be reviewed in conjunction with the Chicago office space. The specific provisions of the leases covering both spaces must be reviewed in the context of one another.

Thereafter, at President Lamm's request, the Board revised the jurisdictional statement of the Washington, DC Office Space Committee to authorize the Committee to also review options regarding the Association's Chicago office building.

2.13 Report of Non Dues Revenue Committee

John Hardin Young, Chair of the Board of Governors Non-Dues Revenue (NDR) Committee, presented to the Board an overview NDR Committee's work. The NDR Committee reports to the Executive Committee and the Committee's goal is to move the Association from its current 70% Dues Revenue/30% NDR split to 50% Dues Revenue/50% NDR. To achieve this goal, the NDR Committee will, in pertinent part, look at each ABA business and service sector, on a line-by-line basis, with respect to its ability to increase NDR, consistent with the Association's Mission and Objectives.

Mr. Hardin then introduced Timothy Bertschy, Chair of the Standing Committee on Publishing Oversight (SCOPO), and SCOPO Staff Director Bryan Kay, to present the ABA Publishing Growth Strategy. Mr. Bertschy stated that the ABA has the following
advantages in terms of publishing opportunities: a) a substantial amount of intellectual property; b) experienced authors; c) persons seeking information that the ABA has; and d) a strong brand. However, in order to achieve substantial growth in publishing, the ABA must become a digital media publisher and provide subscription sales, content integration and access, with a member focus. Mr. Bertschy also presented a proposed timeline to achieve this goal.

The Board also received the "Report of CLE Stakeholders." The Stakeholders, representatives of the various entities in the Association who have an interest in the delivery of continuing legal education, met at the request of President Lamm and the NDR Committee to consider and evaluate potential options for the delivery of CLE by the ABA.
