WOMEN OF COLOR IN THE LEGAL PROFESSION: Success Strategies for Law Firms

This program will provide an opportunity for law firms to discuss those strategies and practices which have impeded or improved their ability to retain women of color attorneys. This program is a follow up to the October 2006 ABA Commission on Women in the Profession study **Visible Invisibility: Women of Color in Law Firms**, a groundbreaking quantitative and qualitative research study describing the status of women of color in the legal profession. The report highlights statistical and real life examples of obstacles women of color face in large law firms.

We have requested 1.0 hr CLE credit from IL MCLE for this program.
