To the Editor

February 15, 2011

The undersigned are current and former Chairs and Vice Chairs of the Committee on Partnerships and LLCs and the Committee on Real Estate. We write in our individual capacities to express our strong disagreement with an article entitled "What Is the Value of a 'Should' Opinion?" that appeared in the Winter 2011 issue of the *NewsQuarterly*. The article discusses the Tax Court's decision in *Canal Corporation v. Commissioner*, 135 T.C. No. 9 (2010). For reasons that have been detailed elsewhere (including in various articles and at Tax Section Committee meetings), we believe that *Canal Corporation* was wrongly decided and that penalties should not have been applied to the taxpayer.

Sincerely,
