Section of Antitrust Law 2015–2016 Comments

Acknowledgments

The enactment of competition laws and the establishment of enforcement agencies throughout the world has triggered numerous requests in recent years for the submission of comments on competition proposals. Relying on the contributions of many Section members, the American Bar Association Section of Antitrust Law has been exceptionally active this year in sharing its perspectives on important competition issues through the submission of written comments to a number of competition agencies and organizations. All of these comments are available on the Section’s website: http://www.americanbar.org/groups/antitrust_law.html.

We would like to recognize and thank the following individuals and the cosponsoring ABA entities that contributed their time and substantive expertise to these efforts during the last year.
