Dear client:

This handbook is brought to you by the American Bar Association Family Law Section. It is designed to help you understand the divorce process and its terminology as well as gather documents and information that may be important to your case.

The information provided here is not intended to replace legal advice nor is this a “do it yourself” guidebook. Rather, its goal is to supplement and reinforce your lawyer's legal advice and to enhance communication between you and your lawyer.

No matter how motivated and attentive you are, it will be nearly impossible for you to absorb and retain everything your lawyer tells you. Our hope is that this handbook will serve as a reference tool to help minimize your confusion, apprehension, and anxiety.
