

Working Group Reconvenes

The Section's Working Group on Same Sex Marriage and Non-Marital Unions has been reconvened under the leadership of past Section Chair Sandra Morgan Little.

The Working Group will be updating its original White Paper, which was first released in June 2004. The updated paper will be revised to include court opinions and legislative enactments that have occurred on the local, state and national levels since June 2004.

Once completed the update paper will be available online through the Section's web site. The group hopes to complete its work sometime in April 2005
