

Sun, Sand and CLE-a Winning Combination for the Spring Conference

Over 350 Section of Family Law members and their guests attended the Spring CLE Conference at the fabulous Ritz Carlton Spa and Casino in San Juan, Puerto Rico.

Though the sun and the sand were close to perfect, CLE programming reigned supreme with sessions that covered an array of topics ranging from an informative and practical program on using technology to improve your practice and manage your firm to an extremely well received committee CLE featuring Dr. Marc Ackerman addressing what to be aware of when preparing for depositions and trials that will include psychological testimony.

A limited number of conference course books and CD ROMs are available for purchase. Call the ABA Service Center at 800-285-2221 to order your copy today. Reference PC5130126 for the standard hard copy books (\$80 for members) or PC5130125CD to order the CD ROM (\$49.95 for members) version.

Conference attendees took advantage of informal networking opportunities during the two conference receptions; a half-day trip to the majestic El Yunque Rainforest and learned how to salsa dance San Juan style at the San Juan Salsa Soiree!
